Try **BEAVER FLOUR** Both Ways

Make up a batch of Bread and Rolls with it. Then bake a Pie and Cake.

Notice the fine, even texture—the absence of holes—the delicate, nutlike flavor, of the Bread. Then consider the lightness and flakiness of the Pastry. You'll never go back to the coarse, almost tasteless western wheat flours, after once enjoying the flavor of the good things made with Beaver Flour.

**TUESDAY**

**—ILL IN HOSPITAL.**—On Monday Mrs. Joseph Reeves was removed to the Prince County Hospital to undergo a serious operation. The operation was performed on Tuesday and so far has been successful. Her many friends will wait anxiously for her recovery.

The following wire was received from the marine agent at Halifax yesterday by Captain Taylor:—  
Wireless from Grindstone reported the Simcoe sunk today ten miles south west of the Magdalen Islands. Crew took to the boats. The Seal was within eighty miles but have to be in mountainous seas. Naval patrol made search. Could find no trace. Fear both steamers are lost.

Yesterday the province was visited by another fierce snowstorm though fortunately of short duration. The snowfall was unusually heavy, ten or twelve inches having fallen between noon and eight o'clock. With a fairly brisk breeze blowing the roads became badly drifted. The trains, considering the severity of the storm made fairly good time. The Murray Harbor train arrived an hour late. The train for Georgetown, leaving the City at 3:20 had some difficulty in getting to Mount Stewart arriving there at 7. The Elmira train from Souris was held till this morning; the Tignish train arrived at Summerside at noon and was held there till this morning. The 4 p. m. train from Charlottetown arrived at Summerside an hour late and was held there till this morning.

The Northumberland arrived in Summerside yesterday morning was held there on account of the storm. She will leave this morning for Pt. du Chene.

The Car ferry made the trip from Tormentine to Borden bringing a full cargo. The terminals were somewhat iced up but were cleared immediately after the storm. All trains and steamers are expected to make schedule time today.

The above are the prize winners in the Guardian's subscription contest which closed at 8 o'clock Saturday night, the final count of the votes being made by two well known business men of Charlottetown, Mr. A. Irwin, King's Printer, and Mr. Geo. W. Harrison, Mgr. Canadian Bank of Commerce.

The contest created much interest from the time of its institution eight weeks ago until the close Saturday night. All of the winners worked hard, but some of them were severely handicapped by the storm which blew on for several days in some of the districts. The only regret is that the Guardian can not award an automobile to each one of the contestants. However, each contestant will be amply rewarded for his or her work.

The Guardian has increased its circulation very materially by the circulation and wishes to thank the contestants for the interest each of them took in the contest. All candidates who remained active until the close of the contest will receive a ten per cent. commission on all subscriptions turned in during the campaign and the prize winners will receive their prizes at once.

**HOW TO RELIEVE HEAD NOISES**

**GOOD ADVICE FOR THOSE WHO FEAR DEAFNESS.**

People who are growing hard of hearing and who experience a stuffy feeling of pressure against their ear drums, accompanied by buzzing, rattling sounds in their heads like water falling or steam escaping should take prompt and effective measures to stop this trouble. Head noises are almost invariably the forerunners of complete or partial deafness, and most deaf people suffer from them constantly. Sometimes these head noises become so distracting and nerve-racking, they drive the sufferer almost frantic and complete nervous breakdown may result.

Thanks to a remarkable prescription, it is now possible to lessen the severity of these head noises and often completely overcome them and the hearing also greatly improved. Noises that were also greatly improved, and very frequently can be restored to normal. It can be easily prepared at home and we believe is a most effective treatment for this trouble. From your druggist secure 1 oz. Parment (Double Strength), take this home and add to it ¼ pint of hot water and 4 ounces of granulated sugar. Stir until dissolved. Take one tablespoonful four times a day. Parment is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are usually quick and effective. Every person who has catarrh in any form should give this recipe a trial.

**—W. M. S. MEETING.**

Schurman, the president of the society, in charge. Mrs. Baughman, a deputation from the College of Missions, Indianapolis, delivered an address of an intensely interesting character. The entire offering was donated to the local missionary organization.

**MRS. ROBT. HOGG DEAD.**

Mr. Wm. G. Hogg received a telegram on Sunday from his brother, Mr. Russell Hogg of Sherbrooke, Que., conveying the sad news of the sudden death at his home in that city of Mrs. Robert Hogg, wife of his brother, Mr. Robert Hogg. Her death was quite sudden, she having been ill a very short time. To make the case more sad her husband was absent, being attached to the Canadian Aviation Camp in Toronto. Many friends here will learn the sad news with deepest regret as herself a wide circle of friends. For the bereaved husband and family the Guardian extends sincerest sympathy.

S., will be glad to learn that they are safe and well, having escaped injury during the terrible explosion of Thursday last. A gloom was cast over the village of Tignish on Thursday morning, 6th inst., when it became known that Mrs. Isabella McElroy, relict of the late P. Michael McElroy, had passed to the Great Beyond. She had been failing health for some time, though suffering no pain. She passed away as if sinking into a pleasant sleep. She was attended during her illness by the clergymen of the place, Monsignor D. M. McDonald and Rev. A. J. McDougall. She received the last sad rites of her church on Tuesday morning and met her end with great faith and hope of further bliss. She was a good woman, beloved by all, noted for her Christian charity. She leaves to mourn seven children. —Peter, Mrs. James Denoy and Mrs. W. Fall in Boston, Mrs. John Haddock, Tignish, Mrs. W. A. Satterly, Halifax, P. E. Frederick, now overseas, and Gertrude, Tignish. To these and to all her friends the Guardian extends heartfelt sympathy.

**—HOME FROM HOSPITAL.**

Among the passengers by the S. S. Arammore yesterday was Private J. Sepher son of No. 5 Sepher of Morell, who was sent home from Halifax Military Hospital, after No. 2, leaving that place on Saturday to make room for the injured and dying. Private Sepher said that on the morning of the explosion the iron doors and windows of the Hospital were blown in and broken to atoms while the patients were told to run for their lives. This they did the strong helping the weak and as they fled they were joined with women and children, many of them were hurt, but fortunately none of the Hospital patients were killed. The scene was one of terror and desolation and it is hoped Private Sepher who is suffering from the shock will soon regain his health and strength among his home people.

It is with deep regret and genuine sorrow that the residents of St. Mark's, Lot 7, heard of the sudden death under particularly sad circumstances of Mrs. Phillip O'Halloran, on the morning of Sunday, Nov. 25th. Mrs. O'Halloran was formerly Miss Jennie Gallant, daughter of Mr. Paul Gallant, Lochs Road. The deceased was in her usual health until a few hours before her death, and although the best medical skill available was procured and the most efficient nursing provided, it was soon found that the end was drawing near, and that the one who was greatly respected and highly esteemed by all who knew her, must soon leave her circle of friends. It was indeed sad for those who gazed on the peaceful sleeper enclosed in her handsome casket on the second anniversary of her wedding day. She will be greatly missed, not only in the home which her sweet and gentle disposition brightened, but in the social circles where, "None named her but to praise her." Her death, though relatively sudden, did not find her unprepared, as she died with every spiritual consolation that the church could give. Her funeral took place Monday, Nov. 26th, and was attended by large concourse of people made up of all classes and creeds who despite the adverse conditions of the weather, had come to show by their presence their affection for the deceased. After the Requiem Mass, which was celebrated by the Rev. Father Poirier, her remains were borne to the adjoining cemetery and there laid to rest with the solemn prayer of the church mingled with sobs and tears of her grief-stricken friends. Deep sympathy is extended to her kind husband who now finds his comfortable home empty, to her aged father, four sisters and four brothers, who sadly miss the cheerful presence of a dutiful daughter and a loving sister. "May her soul rest in peace."
