

Such a Chubby Rosy Baby

Mrs. Kirkpatrick of Sarside, N.B. was so delighted with the way OLIVEINE EMULSION restored her to health, that when her baby did not seem to be doing well, she put the baby on

OLIVEINE EMULSION

The Great Health Restorer

As Mrs. Kirkpatrick wrote us, "I used several bottles of OLIVEINE EMULSION and found it splendid. I am now giving it to my baby. She was very thin and delicate before I began and now she is so fat and healthy."

OLIVEINE EMULSION is a wonderful health builder for every member of the family—young and old alike. It makes good, red blood—improves digestion and appetite—strengthens the nerves—and restores vitality.

It is pleasant to take and agrees with the stomach.

REMEMBER—ask for OLIVEINE EMULSION and do NOT take a substitute or something said to be just as good. Sold by Druggists and General Stores.

FOR BELLE ISLE.—The C. G. S. Stanley, now at the Marine Wharf is being loaded with supplies for the light houses at Belle Isle. She will leave the last of the week.

PRODUCE LADEN.—The schooner Hector McGregor, Capt. Murray, master, sailed on Friday for Port Hastings, with a cargo of produce consisting of hay, oats, potatoes, turnips, cabbage, etc. The Captain expects to make a return trip brining a cargo of coal.—H.

POTATO MARKET.—The potato market here is, as present, stronger with an upward tendency, the price now being offered is 60c per bushel. Many farmers in this County, have such an abundant crop of excellent potatoes, that they find a difficulty in procuring storage room for protection from frost.—H.

MILITARY CROSS.—The Rev. R. M. Brodie has received from the Militia Council a cross with the enclosed card stating: This cross is presented to you in memory of one who in the Great War died for "King and Country", H. Guthrie, Minister of Militia and Defence. The cross is for Mrs. M. Foley of Springfield, O'Leary, whose dear son Harry gave his all. The inscription on the back of the cross reads 883366, Pte. H. B. Foley.

TREASURER AT KING'S.—Rev. E. B. Spurr has resigned his charge at St. Mary's Anglican Church, Glace Bay, to take the position of treasurer of King's University, Windsor, N. S. Mr. Spurr was for some time located in Charlottetown. During his ten year's incumbency of St. Mary's he had been one of Glace Bay's most public spirited citizens. He has carried on the work of his church energetically and has a host of friends who while regretting his departure will nevertheless offer him congratulations on his appointment to so important a post.

SOLDIERS SETTLEMENT.—One swallow does not make a summer, nor one black sheep does not condemn the flock. In like manner, though one soldier fail to make good, it does not follow that the great majority fail. Ninety-five per cent of the soldiers, settled on the land, are making good. The exception was a case of a soldier settled by the Board, in Lot 37. He failed to make good and was evicted by the Settlement Board a short time ago. The stock and implements given him, were sold by auction. What remained, and the farm sold to Mr. John Jay, Charlottetown, Lot 37, at a price equal to what the soldier was to pay. The Settlement Board had, the week, previous to closing the sale, this farm surveyed, by Mr. John A. MacDonald, Surveyor, Hermanville, and turned over to Mr. Jay, the purchaser.

Father got wet and caught cold

He had to be out at his work—but he didn't have to sneeze and snuffle very long. He took the jar of Mentholatum and rubbed some inside and outside his nostrils when he went to bed. He soon breathed freely again and slept well all night.

"The Little Nurse for Little Ills"

RETURNS TO ENGLAND.—Mr. George McRae, ex-soldier, Tignish, who recently sold his property there, left on Friday morning for England, where business engagements will compel him to remain during the coming winter.—H.

PLEASANT AFFAIR.—On Thanksgiving evening a very happy time was spent in the hall at Cherry Valley, where the following took part in a concert and lecture: Mr. I. Richards, Mrs. C. Irving, Mrs. W. Mutch, the Misses Ings, Lama Young, Olive Brodie and Rev. R. M. Brodie. At the conclusion of the programme luncheon was served which was kindly given by a number of ladies.

FOR THE FARMERS.—The new limestone pulverizer imported by the Provincial Department of Agriculture has arrived on the Island and is being set up at Bloomfield. This machine which weighs 3500 tons is capable of grinding two tons of limestone per hour, crushing and pulverizing it as it comes direct from the quarry. It is expected that the machine will be ready for operation in a few days.

POTATO DIGGING.—Potato digging, being the order of the day since the 1st inst., is now about completed. The weather man on his part did more than justice, but farmers are inclined to hold their potatoes, on account of low market which ranges from 50c to 55c per bushel at present, with reports that 60c has been paid by some buyers. Still the demand for potatoes abroad is not very satisfactory.—H.

HOME ON A VISIT.—Mr. John Gregory of the Halifax Shipyards is visiting his home in Charlottetown. Mr. Gregory is a son of Mr. and Mrs. Samuel Gregory, St. Arvards. He holds a good position as acetylene welder in the shipyard and has been absent from the Island two years at which time he spent a month here. Previous to this he was employed in Henry Ford's automobile works in Detroit, Michigan. Acetylene welding is a comparatively new business in the Maritime Provinces the nearest plant being located at Moncton.

In the early morning of Sept. 23rd citizens of North Tryon, together with relatives, friends, and loved ones far and near, were greatly shocked to learn of the death at his home in North Tryon, of Mr. F. G. Lang, Manager and Secretary-Treasurer of the Tryon Dairying Company, after an illness of seven weeks, following the performance of an operation in the P. C. Hospital for Tonsillitis, at the early age of 42 years.

Born and educated in Tryon, the late Mr. Lang, after serving an apprenticeship, became identified with Tryon Dairying Co., and with the factory familiarly known as "The Tryon Butter Factory," and during his term of twenty years of capable and efficient service as the Company's Manager and Secretary-Treasurer, his dream of success and prosperity achieved thereby in securing a greatly increased patronage became a reality, and at the time of his demise this increased patronage had extended along one of many routes by rail to five stations beyond Summerside. Justice to the living is perhaps preferable to praise to the departed, but whether expressed or not there were many who appreciated the valuable and highly useful life to which we now give a tender thought.

Admired, respected, beloved, a man of intelligence, unflinching devoted to duty, and with a deep interest in things pertaining to the Church, his home, and in humanity, the name of Mr. Lang will be held in long remembrance.

Mr. Lang was a man of a most pleasing and genial disposition, being endowed with those grand qualities of character which never fail to command the esteem, respect, and love of all whom we come in close personal touch. To go to his home was a pleasure, for in that home he was not only a kind and loving husband to the one to whom his death has come with a terrible shock, but there the visitor was treated with kindness, and was made to enjoy the pleasure and hospitality of that home as one of the family.

Though his death is one which is full of sadness and sorrow, yet this sadness and sorrow are atoned for in the assurance that he has won a great victory, and is now in a larger service enjoying his great reward. The influence and blessedness of such a life does not cease with the events of the day, all lives as a precious memory be-

Skin Blemishes

How to get rid of them

Skin specialists are tracing fewer and fewer troubles to the blood. They say more often, skin blemishes can be traced to the bacteria and parasites that are carried into the pores of the skin with dust, soot and grime. To clear your skin of blemishes caused by this insidious and persistent enemy, use regularly the following special treatment.

Just before retiring, wash in your usual way with warm water and Woodbury's Facial Soap; then dry your face. Now dip the tips of your fingers in warm water and rub them on the cake of Woodbury's until they are covered with a heavy cream-like lather. Cover each blemish with a thick coat of this soap cream and leave it on for ten minutes. Rinse very carefully with clear, hot water; then with cold.

In addition to this special treatment, use Woodbury's regularly in your daily toilet. This will make your skin firm and active. It will help the new skin to resist the frequent cause of blemishes. Before long your complexion will take on a new clearness and freshness.

Get a cake of Woodbury's Facial Soap and begin tonight the treatment your skin needs. You will find Woodbury's on sale at any drug store or toilet goods counter in the United States or Canada. A 25 cent cake will last a month or six weeks.

DICKY DIPPY'S DIARY

BOUGHT A NICE NEW KENNEL FOR MY DOG AND PUT HIM OUTDOORS. ON THE KENNEL I HUNG A SIGN: "BEWARE OF THE DOG."

"THERE!" SAID I, AS I LEFT HIM FOR THE NIGHT, "WHEN ANY MARAUDERS SEE THAT OUTFIT THEY'LL WALK OFF."

AND, IN THE MORNING, I FOUND THEY HAD WALKED OFF WITH THE KENNEL

AND HUNG THE SIGN ON THE DOG!
