Pay Tribute To His Majesty Leaders In House Of Commons Unite In Praising The King After Conclusion Of Opening Ceremonies

(Canadian Press)
OTTAWA, Feb. 7.—Leaders of all parties in the House of Commons joined in the opening day of parliament in paying tribute to His Majesty the King. After the preliminaries attendant upon the opening of Parliament Premier Mackenzie King referred to the period of anxiety through which the empire had passed and the fact that the dangerous illness of the King had drawn closely the minds and hearts of the British peoples all over the world.

It was with profound thankfulness and rejoicing that Canada was now able to hope for the complete recovery of His Majesty. Mr. King concluded his reference to the King's illness by moving an address expressive of the sentiments of the House of Commons for presentation to His Majesty. This address was approved unanimously.

Hon. R. B. Bennett, Conservative leader, associated himself most heartily with the sentiments expressed by the Prime Minister. The life of His Majesty had been a life of outstanding devotion to duty. The Canadian people had reason to rejoice in the prospect of His Majesty's recovery. Both Mr. King and Mr. Bennett paid tribute to the skill of the attendant physicians, surgeons and nurses who had exercised their cleverness, patience and faithfulness to bring His Majesty through his serious illness.

SPEECH FROM THE THRONE

Hon. members of the Senate; members of the House of Commons; in opening the third session of the sixteenth parliament of Canada I desire to join with you in profound thankfulness for the recovery of our beloved sovereign King George the Fifth. I share your fervent hope that His Majesty may be completely restored to health, and that he may be spared to continue that devoted

OPPOSITION LAY PLANS FOR OPENING

Prominent Party Supporters Interview
Hon. R. B. Bennett.

OTTAWA, Feb. 7.—Opposition plans for the session were under formulation yesterday. From early morning until well into the afternoon Hon. R. B. Bennett, Conservative leader, in his offices in the parliament buildings received a stream of prominent party supporters and members of the rank and file.

General A. D. McRae, M.P., for Vancouver North; Hon. Hugh Guthrie, Hon. R. J. Manion, Hon. J. D. Chaplin and a number of others consulted with Mr. Bennett. The first general caucus of the Conservative party will take place either this afternoon or on Monday. In the corridors of parliament it is reported, that official announcement will shortly be made of the acceptance by General McRae of the task of party organizer. It is rumored, among opposition members, that General McRae would assume the position of chief whip of the Conservative party. To replace the present system of appointing a chief whip with provincial whips as lieutenants, it is rumored that two parliamentary whips may possibly be appointed with an additional whip for committees.

Conservative Senators have called a meeting for this afternoon at which the question of selection of a party leader in the Red Chamber in succession to the late Senator W. B. Ross will be discussed. Hon. J. A. Calder, Senator W. B. Willoughby and Senator G. D. Robertson, are prominently mentioned for the leadership in the Senate. It is possible that at today's meeting an agreement may be made to postpone selection of a permanent leader until all opposition members of the senate are present. In this eventuality a temporary leader may be chosen in the interval, and the likelihood at the moment is that either Senator Robertson or Senator Foster may be named.

Ice Broke Under Skaters

(Canadian Press)
VIENNA, Feb. 7.—Four hundred skaters were precipitated into the waters of the Danube at Regensburg, Bavaria, today when the ice suddenly broke. An indescribable panic followed the breaking of the ice. The merry-makers in a moment became a struggling, screaming mass of humanity as the victims fought with their frantic efforts to reach the shore. There were many rescues, but it was reported that all the endangered persons were eventually saved.

Enroute to Penal Colony

(Canadian Press)
MEXICO CITY, Feb. 7.—A freight threading its way through Mexico's mountains today carried 174 men and women, convicted as criminals, to a fate deemed here as bad or worse than death. Tomorrow the 174 will arrive at Manzanillo, Pacific port, and will be put aboard a small steamer which will take them to the penal colony on a tropical island in "Los Tres Marias" (the Three Marias group off the coast of Nayarit).

TORONTO, Feb. 7.—A new company, Canadian Copper Refiners, Ltd., with a capital of 20,000 shares without par value has been granted a Dominion charter. The company will operate the copper refinery which is to be constructed on behalf of Noranda Mines, British Metal Corporation, and the Nicholas Copper Co. The refinery likely will be built near Quebec City. It is learned,

ABANDONED TUNNEL PROJECT

The possibility of the English channel tunnel being built in the near future recalls the fact that 43 years ago work was commenced both in France and England on a tunnel, and it is thought that parts of it may be in tolerable condition. Here is shown the English side at the foot of Shakespeare Cliff, two miles west of Dover Town. The work was stopped when a colliery, now unused, was opened.

INTERESTING LECTURE ON "WOMEN"

Miss Gladys Farquharson Delivers Masterly Paper Before Caledonian Club.

The subject of the paper given before the Caledonian Club last evening was "Women," and it was handled in a masterly fashion by Miss Gladys Farquharson, whose address evinced much careful preparation. The speaker of the evening was introduced by the chairman, Mr. J. M. MacFadyen.

Miss Farquharson, in the course of her remarks, showed how, through the course of the ages, woman had been the helper and encourager of man in his conflicts and trials in the battle of life. She had inspired many very great men in the past. Many great men had attributed their greatness to the influence of their mothers, wives or sisters. The speaker stressed the great influence for good of mother love in the lives of men. Such mothers and such wives, she said, are not those whose names stand out prominently. But their work is none the less important and worthy of praise.

Some pioneers in the wider development of Women's work were next dealt with by the speaker. She touched on the careers of George Eliot, Jane Austen, Harriet Beecher Stowe, Joan of Arc, and Florence Nightingale. To the latter belonged the pioneer work on the field of battle in the glorious task of nursing and succoring the wounded. The work of Carmen Sylia, Queen of Roumania, Jenny Lind, and Madame Curie, was next dealt with by Miss Farquharson. These women, she said, were pioneers. And the pioneers life was a hard one. But these women had done their work in their various spheres of activity faithfully and well. In a sense we, the women of today, are all pioneers, and it behooves us to follow

Senate Approves Resolution

(Canadian Press)
WASHINGTON, Feb. 7.—The Senate today approved a resolution by Senator Schall, Republican, Minn., calling for an investigation into the white paper situation. Schall introduced the resolution after publication in Editor and Publisher, a newspaper trade magazine, of charges that a group of men controlling the white paper business of the world had purchased a controlling interest in a chain of United States newspapers. The resolution was drawn to determine whether these men were seeking to create a monopoly in newspaper publishing.

their good examples in taking up the work which they have done so well. Miss Farquharson next demonstrated the success of women of today in various fields of activity—medical, legal, social service, political—giving outstanding examples. With the receipts of the vote, women have taken on great responsibilities. She will either be forced to lower her high status, or raise the moral tone of politics. The speaker felt, however, that women, if they ignored partyism and refused to vote as their fathers and husbands did, would, because of their clearer vision and more idealistic outlook become an influence in politics, and so contribute greatly to the bringing about of a higher and more glorious future for our country.

The lecture next Thursday will be delivered by Dr. Croeliman, Provincial Health Officer.

MOUNTIES WANTED BACK IN PROVINCE

KENTVILLE, Feb. 7.—A resolution was passed at the meeting of the Grand Division, Sons of Temperance in Greenwich last night, in which the Federal Government is requested to bring the Mounted Police back to Nova Scotia, for the better enforcement of the prohibition laws. Other resolutions urged the Dominion Government to take more steps to prevent rum-running between the Canadian and American borders, and that before any change is made in the Provincial laws regarding temperance, the Grand Division be first consulted.

Australian Parliament Opens

(Special to The Guardian)
CANBERRA, Australia, Feb. 7.—Lord Stonehaven, governor general of Australia today formally opened the first session of the eleventh parliament of the commonwealth, the proceedings being characterized by traditional pomp and ceremony. Sir Lytton Groon was re-elected speaker of the House. At a pre-session meeting, the labor party re-elected James Scullin with Hon. E. G. Theodore, former premier of the State Queensland, as Deputy Leader. Rt. Hon. Stanley Bruce, prime minister and leader of the nationalist party, returns with a coalition majority of 11 following the general elections held last November. Hon. Dr. Earle C. Page is leader of the country party, which is combined with the nationalists to form the government. Opposition to the 43 government supporters are 32 labor members to the total number of seats in the house being 75. All members of the government were re-elected.

Divorce Com. to be Increased

(Canadian Press)
OTTAWA, Feb. 7.—The Citizen today features the following story: "There are so many divorce applications this year that the senate committee dealing with them is to be increased from nine to 24. It is proposed that they will be divided in three sections of eight, two sitting continuously and the third being in the nature of a relief contingent. "Senator Willoughby will re-introduce, at the beginning of the week his bill to confer jurisdiction in divorce on the courts of Ontario. Heretofore this bill, passed by the Senate has never been taken up in the house."

KING GEORGE'S REMOVAL NEAR

(Special to The Guardian)
LONDON, Feb. 7.—King George's removal to the south coast of England is expected shortly, His Majesty having made enough progress to warrant that move. An official bulletin signed by five of the king's doctors was issued this morning. It read: "Though the stage of convalescence has not yet arrived, His Majesty's progress is such that the proposed change to the south coast is now desirable."

The bulletin was issued after a two hour consultation at Buckingham Palace. It was not stated just when His Majesty could make the trip to Bognor. LONDON, Feb. 7.—The ambulance which will soon be used to convey the King to Craigwell House, near Bognor, for the sea breeze, will be the last word in ingenuity in removing vibration. Lord Dawson, of Penn, chief of His Majesty's physicians, personally selected the car. The tread of the tires is seven inches. There are compressed air cylinders between the body and the chassis. The bed is on springs running from the ceiling to the floor and there is electric heating and an electric fan for regulating the temperature, as well as hot and cold running water. There is also accommodation for three nurses. Four highly experienced men nurses will carry the King to the ambulance. The trip will not be taken until the road surfaces have been made perfect and the police will keep the roads clear as far as possible to avoid delay. The date for His Majesty's transfer has not yet been set.

Riots in India

(Special to The Guardian)
BOMBAY, Feb. 7.—Eight persons were killed and about 80 were seriously injured in riots between Pathans and Hindu mill workers which continued with renewed fury here today. The new casualties brought the death list to 42 and the wounded toll to 384, since the outbreak began last Monday. In the Bhendya bazaar one Pathan killed four Hindus with a knife. The district was terrorized. A band of 30 Pathans assembled for the purpose of combined assault had been arrested previously. The rioting spread quickly to the dock area of Mazga on and northward to the Byculla district. More troops arrived from Doelall.

WASHINGTON, Feb. 7.—The Premier of Newfoundland, Sir Richard Squires, is a visitor to the capital on business. He spent the afternoon at the British embassy and declined to say anything about his visit except that it was in connection with further commercial development of Newfoundland.
