### LIBRARY BRANCH OPENED AT SOURIS

#### Great Satisfaction Expressed at Largely Attended Meeting Last Evening

The second library branch under the Carnegie Library Demonstration was opened last evening at Souris, where a largely attended and most enthusiastic meeting was held. Premier MacMillan and Miss Nora Bateson, Librarian were present, and among others addressed the meeting.

The chairman was His Honour Judge Fraser who is also chairman of the Library committee in Souris. He expressed the pleasure of the people of Souris at having a branch located in the town.

His Worship Mayor Peter McPhee explained that the Mayor and Council had taken over the responsibility of providing a library room with equipment. He hoped that some of the local organizations would be interested enough to reimburse the council for the expenditure.

Miss Nora Bateson stressed the fact that Souris had at its disposal not only the 700 or 800 books on the shelves, but also the books in the central library in Prince of Wales College, at present between 6,000 and 7,000, but eventually between 20,000 and 30,000. The library was there not merely to provide a few books to read, but to bring in print information on any worthwhile subject in which the people were interested. The question of what response the Demonstration would bring was an important one. The speaker knew

### COMPLETE LONG AIR CRUISE

FRIEDRICHSHAFEN, Germany, Nov. 2.—(A.P.)—The Graf Zeppelin finished a 21,000-mile cruise to Rio De Janeiro, Chicago and home today but the return of the giant dirigible was taken as a matter of course by the home folk.

There were no festivities and even the weather man was not particularly elated for the Graf returned to its hangar during a downpour of rain.

Commander Dr. Hugo Eckener, was pleased by a personal message from Air Minister Goering in which he was hailed as a man who, like almost no one else, had "sold" Germany to the world.

### Convicted on Embezzling Charge

(Canadian Press)

CLEVELAND, O., Nov. 2.—The aftermath of the \$13,000,000 Standard Trust Bank crash in 1931, brought prison sentences today to two of its former officers.

Convicted on charges of embezzling approximately \$19,000 from the institution, C. Stirling Smith, former President and a native of Saskatoon, Sask., was sentenced to serve from two to 37 years in Ohio State Penitentiary and was fined \$10,000 and costs by common pleas Judge Arthur H. Day.

Dr. T. Winslow, former auditor, and co-defendant with Smith, was given a sentence of from one to 30 years.

### Sixteen Persons Dead In Cuba

SANTIAGO, Cuba, Nov. 2.—(A.P.)—Sixteen persons were reported dead today in the worst floods of the Cauto, Gauto, and Mayari Rivers since 1907.

Hundreds of cattle drowned as floodwaters completely destroyed the coffee, banana, tobacco and cocoa crops over a wide area.

Torrential rains continued tonight. Dams of the Canas and San Juan Rivers were destroyed and Santiago's water supply was thereby cut off.

### VIOLENCE IN STRIKE AREAS

MONTREAL, Nov. 2.—(C.P.)—Outbreaks of violence that brought shootings, bombings, property destruction, injuries, and many arrests came yesterday in United States agricultural and industrial strikes.

Dynamite demolished a cheese factory in the milk strike zone near Port Washington, Wis., the fourth bombing in two days. Two men were injured by flying stones in a coal miners' riot at Plains, Pa.

Five corn belt governors representing Iowa, Minnesota, Wisconsin, North Dakota, and South Dakota took the problems of the farm strike direct to President Roosevelt at Washington, demanding licensing of all farmers as a method of market control.

### WARM TRIBUTE TO PREM. MACMILLAN IN WINNIPEG PAPER

(The Wanderer" in The Winnipeg Evening Tribune, reprinted in the Montreal Gazette.)

I first saw Premier William J. P. MacMillan, of Prince Edward Island, about 30 years ago, writes The Wanderer, in The Winnipeg Evening Tribune. It was when he had just won the Holmes gold medal at McGill, Montreal. As a graduate in medicine, this award at convocation put him first among those who received their M.D.

His postgraduate course after McGill was carried out in New York. Before returning to medical practice in the Island he won inclusion among the fellows of the American College of Surgeons and a standing in the American Health Officers' Association, and subsequently equal rank in the Canadian Medical Association.

For 25 years he has been prominent in every Island institution and association having to do with public health and its conservation.

Now to his premiership duties he has added the portfolio of public health, as well as the care of public instruction.

At the age of 53 this Scotch-Irish medical practitioner and public figure has achieved undoubted popularity and corresponding success.

In his profession he is easily a leader, and in dealing with men and public questions his facility is displayed in both debate and administration. In the former he is conceded to be fair to his political opponents and counters in the Assembly and on the hustings without arousing antagonism.

During the late Premier Stewart's year's incapacity to perform his duties before his recent death, Dr. MacMillan was his choice as acting Premier, a choice ratified by the party calling him to the acting leadership when the Assembly last met.

On the death of Hon. Mr. Stewart he was at once chosen leader by the Assembly Conservative members.

Since his official ratification as Premier, Dr. MacMillan has recognized the hearty support given him in and out of the House by continuing the Stewart cabinet unchanged, with the necessary shift to provide an Attorney-General from its membership, and filling the non-portfolio vacancy by the Assembly Speaker, Dr. MacDonald, its oldest member.

The new lineup has been accomplished without any friction. "Just what may have been expected," as one of his colleagues remarked, "from one whose third name is 'Parnell,' with recognized qualities of leadership, at a time when serious responsibilities are crowding upon all government administrations."

However, Premier MacMillan has some way to go before confronting the test of a general election. His Government's lease of life dates from late 1931, and has three years ahead of it in the ordinary course.

Possessing distinct financial ability, with the finances of the province in anything but bad shape, and with a small and thrifty population, depression's hand has not borne too heavily upon the Garden of the Gulf.

Dr. MacMillan is an upstanding vigorous man, who knows his athletics. He keeps in touch with the younger generation, who recognize his qualities of camaraderie. It was under his supervision that the Island's bulwark of education of the young—the Prince of Wales College—was rebuilt.

### DISMISSAL OF NATIONAL GOVT. IN MALTA

#### Island Regime Charged With Not Following Policy of His Majesty's Govt.

LONDON, Nov. 2.—(C. P. Cable)—A whole series of charges against the infant Nationalist Government of Malta were laid by the British Government in a lengthy statement from the Colonial Office tonight, following dismissal of the ministry by the governor and commander-in-chief.

#### Made Provision

Responsible government was restored in the summer of 1932 when the previous religious controversy was settled subject to definite provisions, one of these forbidding teaching of Italian in the elementary schools, the British Government said. Adequate provision was made for the teaching of Italian in higher schools.

"But it has become increasingly apparent that since their accession to office the Maltese ministers have embarked upon measures the object of which is in effect to deliberately evade this policy," said the statement.

### Prem. Commended For Attitude On Law Enforcement

#### Sons Of Temperance Express Unanimous Approval Of Premier MacMillan's Efforts To Strengthen Enforcement Of Prohibition Law.

Hon. Dr. W. J. P. MacMillan, Premier of the Province, was commended at the annual meeting of the Grand Division of the Sons of Temperance for the stand he has taken to enforce prohibition, and for his efforts in securing the co-operation of the authorities in Charlottetown and Summerside in enforcement of the Prohibition Act. A resolution to this effect was unanimously passed.

The meeting was held in Wilmot Valley hall and opened at 10.30 with an attendance of forty five members from seven divisions.

After an executive meeting, Rev. A. F. Baker, G. W. P., submitted his annual report. The afternoon session was taken up with the appointment of committees and the election of officers.

The officers were installed by Rev. Dr. Brace, Most Worthy Patriarch of the S. O. T., of North America at the evening meeting and are as follows:

G. W. P., Bro. Rev. A. F. Baker, (re-elected).

G. W. Associate, Sister Ernestine Marchbanks.

G. Treas., Bro. James Marchbank.

G. Chaplain, Bro. Rev. W. S. Loring.

G. Sentinel, Allison Maine.

G. W. Patron, Rev. R. H. Stavert.

The evening meeting was held in North Bedeque church and was largely attended. Rev. J. W. A. Nicholson gave the address of welcome which was replied to by Rev. W. S. Loring on behalf of the division. The church choir assisted members of the division in the music and singing.

In the resolutions unanimously passed, the thanks and appreciation of the division were expressed to the residents of Wilmot Valley for their hospitality and to the excelsior division for their arrangements; to the officers for their work during the year; to the press for their cooperation; and to Rev. J. W. A. Nicholson for his contributions to the press. The division urged upon all citizens of the Province the absolute necessity of co-operating with those charged with the enforcement of the prohibition law.

The fourth resolution read as follows:

"We commend the new Premier, Hon. Dr. MacMillan for his assurance, publicly given, of his determination to enforce the prohibition law and for his efforts in securing the consent of the authorities in Charlottetown and Summerside to cooperate in the enforcement of the said prohibition law."

The officers of the Prince Edward Island Temperance Federation Alliance will be requested to take up the question of having a weekly broadcast on temperance for the young people.

Rev. Dr. Brace of Toronto then delivered a forceful address on the work of the Sons of Temperance.

MONCTON, N. B., Nov. 2.—Anthony Collette, 74, is dead at St. Cecile, Kent County about 40 miles from here, as the result of having been shot in mistake for a moose by his nephew, Laurence Williams. The shooting took place this morning and Collette died about four hours later. Collette was working in the woods unknown to his nephew, who was guiding a party of timber cruisers. According to statements of Williams and party, as they were going through the woods they heard a noise and seeing what looked like a moose, Williams fired and was horrified immediately after to find that the bullet had found its mark in a man, Anthony Collette, who was engaged in cutting out a road.

Following Collette's death an inquest was held and a verdict of accidental death returned, no blame being attached to Williams.
