U.S. Coast Guard And Rum Runner Stage Hot Battle

Britishers Pelted With Potatoes Loaded With Iron Bolts, Paint Pots And Other Missiles.

HALIFAX, June 15—(By the Canadian Press)—Tales of an old fashioned sea scrap, in which the crew of a British rum-runner and a United States cutter battered each other with potatoes, turnips, paint pots and molasses jugs about 70 miles off New York, were told here today after the motorships Ganeff and Mary F. Ruth limped into harbor.

Masters of both vessels claimed they had been rammed by the cutter Daphne, the Mary F. Ruth on Friday and the Ganeff on Sunday.

The Ganeff had a large hole in her stern, and Captain Moyle said if Captain Peter Johnston had not come along with the Mary F. Ruth and transferred his cargo she would have gone to bottom.

The Mary F. Ruth also had a damaged stern, and both ships will be put on the Marine slip here for repairs. They were favored by fine weather on their return trip to

REQUEST THAT U.S. CANCEL ALL WAR DEBTS

600 Delegates Representing 13 Nations Present At Lausanne Conference.

LAUSANNE, Switzerland, June 15—(Canadian and Associated Press Cable)—A request that the United States cancel all war debts was being dicsussed tonight as 600 delegates of 13 nations assembled here for tomorrow's opening of the conference on war debts and reparations.

At numerous private gatherings of the delegates tonight the topic of debate was whether presentation to the conference of a resolution requesting the United States to clean the slate would be advisable. Forest Fires Again Raging In Que. Province

ROUYN, Que., June 15—(By the Canadian Press)—Prospect of another sleepless night faced fire fighters who continued their grim battle today against forest fires creeping into the outskirts of the twin mining towns of Rouyn and Noranda. Through clouds of acrid smoke that made their task almost insufferable men toiled steadily to hold back the advancing flames.

Brought under control a few days ago when rains aided the unremitting efforts of fire rangers and volunteers, the fires broke out again last night. The crackle of flames added its warning to the screaming fire sirens and soon a large part of the population was at Noranda Lake where buildings were threatened. To add to the peril a wind sprang up about noon and sent the flames rushing through the brush at a greater pace.

Every device of experienced fire-fighters was used in a desperate effort to make some headway. Besides throwing thousands of gallons of water on the flames by

Looking After The Doukhobors

OTTAWA, June 15 — (By The Canadian Press)—Piers Island —44 miles from Victoria, B. C., in Haro Straits—will house the Doukhobor men and women convicted of nude parading. The Doukhobor men and women who have each been sentenced to three years approximately will be kept on separate parts of the Island. They are divided equally in number. Official announcement to this effect was made today.

D'Arcy Island mentioned in a despatch from Victoria last night as the Island of incarceration will be used only after Piers Island has been become well populated if such a condition develops. This island is one half the size of Piers Island and in addition has the disadvantage of being closer by 20 miles to Victoria, the provincial Capital D'Arcy Island years ago was a leper colony.

As Piers Island is privately owned, necessary arrangements for its leasing will be started immediately. It is about 3-4 miles wide and a mile long.

No plans are in contemplation, as suggested by Victoria, to bring the Doukhobor women east and establish them in eastern institutions many of which are pretty well crowded, it is stated. The Doukhobor children will be in charge of the Province of British Columbia.

Erection of such buildings and other accommodations as may be required will start almost immediately on Piers Island.
