Household Hints

By Roberts Lee

Hanging Out Clothes

Wet hands with vinegar and dry well before hanging out clothes. This keeps the hands from chapping. In real cold weather, try rubbing a little cornstarch on the hands before going out.

Sewing Machine Belt

It is often unnecessary to remove a sewing machine belt in order to tighten it. A few drops of machine oil on the wheel will usually bring desired results.

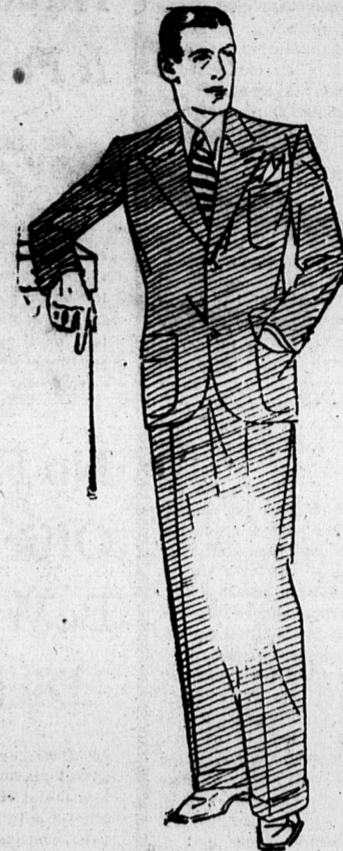

Cooking Fruits

Before adding the sugar when cooking fruits, stir in a quarter of a teaspoon of soda to each quart of acid fruit and much less sugar will be required.
