### Addresses And Presentation To Mr. & Mrs. Huestis

Over two hundred guests were present on the recent occasion of the golden wedding anniversary of Mr. and Mrs. Wm. N. Huestis, Summerside. The happy couple, who are both well and in excellent spirits, were assisted in receiving their guests by Rev. W. M. Ryan, D. D., and Mrs. Ryan. Assisting in serving were Mrs. G. W. Phillips, who presided over the tea cups; Mrs. G. W. Hogg, Mrs. Crilly M. MacNeill, Miss Minnie Wright, Miss Eva MacNeill and Mrs. George Callbeck. Out of town guests were Mrs. D. S. Ramsay, Northam; Mrs. R. J. MacNeill, Tyn Valley; Mrs. Russell Rogers, Coleman; and Mr. Stewart Williams, Kensington, nephews of Mrs. Huestis. Mr. Anthony Williams was also among the invited guests.

Numerous telegrams, letters and cards were arriving hourly offering congratulations. Lovely bouquets of carnations and several lovely potted plants came from many friends. One present prized very much by Mrs. Huestis, was a knitted kettle holder, which was made just a few days before the happy event by a lady who has recently celebrated her 91st birthday, Mrs. Mary J. MacLellan, Miminighash.

A feature of the evening was greetings to Mr. and Mrs. Huestis from Sydney, N. S., from the Cotuit Saturday Night program. During the afternoon a number of ladies from the Social Club of Trinity United Church called and presented Mrs. Huestis with a lovely gift. The presentation was made by the president, Mrs. C. R. Ramsay.

Members of the Maple Leaf Retiree Lodge remembered the occasion with a beautiful gift, Mrs. John O. Cobb making the presentation. A very lovely gift came from Mr. Russell Rogers and Mr. Stewart Williams, nephews of Mrs. Huestis. At the conclusion of the party Mr. and Mrs. Huestis served a turkey supper to those who had assisted with the celebration. Following is the address which was replied to in a very fitting manner by Mr. Huestis:

From the Session of Trinity United Church (Presented by Rev. Dr. Ryan)

Dear Mr. and Mrs. Huestis: We of the Session of Trinity United Church, Summerside, learning that on the 23rd day of this month you will have completed fifty years of happy married life, wish at this time to extend to you our hearty congratulations and sincere good wishes.

We are deeply grateful for the many years of faithful service you have thus been able to render to this church and this community, and we pray that you may increasingly realize the blessing of God our Father, in the years to come. (Signed) Rev. W. M. Ryan, D. D., Minister; W. H. Slackford, Clerk.

Lodge No. 22, I. O. O. F., Prince Edward (Read by Bro. Thomas Johnson, Bro. C. W. Ramsay making the presentation.)

May you and Mr. Huestis be spared to celebrate a further anniversary in years to come. We are yours fraternally. (Signed) Bro. C. W. Ramsay, Wm. L. MacFarlane, N. G. E. J. Hallett, R. S.

Address From M. F. Schurman & Co. and Employees

Dear Mr. and Mrs. Huestis: On this the fiftieth anniversary of your wedding day, we feel that we cannot allow it to pass without congratulating you on this recurrence of the happiest event in your lives.

We are sure your hearts are full of thankfulness tonight for the fact that you have been spared to celebrate this date together, and while it is not unusual, yet it is not very common occurrence for both husband and wife to be permitted the privilege of enjoying this anniversary together in good health and pleasant surroundings. Like all of us, you, no doubt, have had your difficulties and times of discouragement when the horizon seemed so dark, but we know you have had your seasons of joy and brightness which more than covered up the clouds that may have appeared along your path.

There are some of us here this evening, who have worked with you, Mr. Huestis, for twenty-eight years. —Miss Nina Schurman, of Summerside, has been visiting friends in Moncton, N.B.—S.

—Friends will regret to learn of the illness of Mrs. George Wright, of Seaton, who is staying with her daughter, Mrs. Elliot Wright.—S.

—Captain Basil Kelly and Mrs. Kelly have returned to their homes after a visit of some weeks in Montreal and New York.—S.

—It is pleasing to note that Mr. J. C. Wilkinson is enjoying his holiday at Miami, Fla., lately visiting Daytona Beach, where Sir Malcolm Campbell is endeavouring to break the world's speed record with his "Devil" car.

### ACTIVE YEAR

(Continued from Page 1)

commemorate "Paardeberg Day" with the South African Veterans, it brings back to us that it was at that time the Daughters of the Empire were founded. So that service should mean more to us on that account.

The stress and strain of our men in far Africa made the wives, mothers and sisters desire to band themselves together to help. That was 35 years ago.

It is just another check up on our own progress and a reminder of the part we pledged ourselves to play. We all inevitably grow old, and it is for us to see that individually and as a Chapter, we grow old gracefully. I do not mean that in the general acceptance of the term, but in the desire to preserve our usefulness, our helpfulness to others, our courage and the discharge of our duty with cheerfulness—in fact be true soldiers.

The reports of the secretaries and convenors of the committees will show to what extent our educational and other work has become a matter of course from year to year so that one naturally becomes used to it, but take away our war memorial and scholarships and burials, our interest in education generally, and it would soon be missed.

The chief welfare and work in soldier and settlement work has been extended and our boxes of food, clothing, etc., much appreciated. A new phase of work was the taking up of "Empire Study", which I feel sure has been of great benefit to many of us.

India Studied We took up especially the study of India and had most interesting and instructive papers on various eras of India "The Early History", the Portuguese and French Companies, "The coming of the East India Co. and the beginning of British influence", "Clive and the part he played", "Warren Hastings", also "The work of various viceroys", and "the development of India, educationally and agriculturally."

While this study is good to those who listen, it is particularly helpful to the one who reads up and prepares the papers. It also illumines what one reads in periodical and papers on this always vivid subject. The coming year we hope to take up another country and by degrees come in closer touch with the great Empire of which we are a small, but a loyal part.

The last year has, perhaps, not been one of such great stress and though the war clouds always seemed to be hovering, the year closed in a somewhat better position. One of the things that held out for a better economic condition, for England has recovered amazingly and Canada seems to be also on the way.

In Ottawa and Montreal, the feeling seems to be that conditions are slowly improving and the general hope of business on the upgrade. Hope always reigns eternal in the human breast, and is it not good that it is so. Living in a slough of despond would paralyze all effort.

Attended 35th Anniversary While in Ottawa I had the honor of attending the 35th anniversary of the I. O. E. there. There was also a new Junior Chapter formed named after Lady Bessborough and there was there to give them her blessing.

The Countess is looking forward to a visit to Prince Edward Island this summer, (the only Province she has not visited). As Daughters of the Empire as well as Canadians, we should like to give her a cordial welcome to our shores.

One sad part of a closing year is the looking back and calling to our memory those who fall by the way. One of our dearest members, Mrs. George Hodgson, ever loyal to the duty that we owe to our country, to her rest. The Bible says, "She was not for God took her," was true of her. Her life was an example of lovely womanhood and faithfulness to all that was good, true and of good report. Her record as "Regent of the Royal Edward Chapter" during the dark years of the War is ever a lovely memory and though not latterly active in the work of the Order, was our Honorary Regent and always loyal and helpful to the last.

Some of the members also have been through affliction during the year, the loss of a husband, a mother, a father. To them all we extend our sympathy. To the members of our Chapter, who were ill during the year especially one who so long was suffering, we sympathize.

Our hearts go out also to one of our Councilors, who at present is in the throes of anxiety over a loved husband. Let us trust he will be spared to take his place again in help and comfort to his family.

I wish to thank all those who have helped so cheerfully throughout the year, and also to welcome the new members in our midst.

May we all work harmoniously during the coming year, and be true to ourselves, our homes, and our Chapter and remember our motto: "Ever Loyal."

Lord of the worlds with strong eternal hand, Hold us in honour, truth and self. The loyal heart, the constant mind. The courage to be true.

SECRETARY'S REPORT Madam Regent and Ladies: I have the honour to present the thirty-third annual report of the Royal Edward Chapter, Imperial Order Daughters of the Empire.

During the year, 8 regular meetings have been held with an average attendance of 16, and 2 executive meetings. Every Monday afternoon, except in holiday seasons, members have met informally in the home of the Regent for an effort committee. Our Order offers the suggestion that it is a fine idea to get women interested in these study courses, which include programmes on Municipal, Provincial, National and International relationships, and more and more chapters throughout Canada are undertaking to follow some of these Empire Study Programmes.

It may be of interest to bring to your notice that in the Province of Nova Scotia, the Provincial Chapter co-operating with the provincial Board of Education had arrangements made for the broadcast of 24 programmes on subjects of historic, provincial and national interest. The speakers on these broadcasts included the names of those who had received I. O. D. E. Overseas Scholarships.

We regret to have to report for a second successive year, that, because of the expense involved, we felt it inadvisable to send a delegate from this Chapter to the meeting of the National Chapter, held this year in Toronto, and while we are indebted to the National Executive for the appointment of a proxy to read our reports etc., this involves the loss of the interesting account of the meetings, which we would have received from a delegate.

National affiliation with— (a) Canadian Branch of the League of Nations Society encourages us to carry on with the work of educating our future citizens to be peace-minded, and here, alone, rests the hope of the world. Lord Cecil has told us that "Public opinion is the life blood of the League of Nations." We are urged, as Daughters of the Empire, to do our utmost to encourage and maintain a public opinion favourable to the League, and in order to do this, it is necessary to have an intelligent understanding of the League and its aims. The Committee in charge of the local branch of this work

will give you details of the examinations carried on in the upper grades of the city schools, and of the programme of education leading up to the exam. While we would hesitate to suggest that this already hard-worked committee be further burdened, we feel sure that they would be gratified to see their programme of study and examination adopted by the Provincial Board of Education, for use in rural as well as in City Public Schools.

(b) Canadian National Institute of the Blind—there is scope here for a real contribution to the cause of afflicted humanity, but this branch of our work is difficult to branch out because of the many calls upon time and energy.

(c) The Canadian National Council of Child and Family Welfare receives the support of every member of this Chapter. One of the outstanding events in the year was the visit to Canada of Dame Janet Campbell, D.B.E., M.D., M.Sc., D.Hy., formerly Senior Medical Officer on Maternity and Child Welfare in the British Ministry of Health. She came to Canada to discuss our health problems and their solution, and her visit was most helpful and her visit for further endeavour. One encouraging aspect of our situation, she pointed out, was the co-ordination of effort she found in Canada—between University and hospital, between medical practitioner and public health nurse, and the various other welfare services.

While no outstanding event has marked our local work, faithful prompt response has been made to every appeal. Because of the situation in Western Canada our parcels may not have been as large, but everything in the shape of clothing has been carefully distributed to the best advantage. Canadian magazines are sent out as soon as received, and members are again reminded of the insistent demand at this season of the year for reading matter. There are 3 applications before Committee from girls looking for work as maids. The generous donation from Chapter No. 22, St. John's, N.S., of a copy of the Special Christmas work of this committee, should bring its own reward in the letters of gratitude from those who received the parcels.

War Memorial Fund The War Memorial Fund of our organization brings its message of opportunity to our people every year. The present holder of the Overseas Scholarship is Mr. Ben Rogers, and he is to be succeeded by Mr. Hazen Wigmore of Graham's Road. Our Acting Provincial Education Secretary will take you to the brilliant record of this student. The interest and goodwill of members of our Chapter will follow these students all through their careers, and indeed this is true of all overseas scholarship and bursary holders. Local educational work is a matter of vital interest to our members; is non-sectarian, and our interest is shown in many ways. Good Canadian magazines are distributed for reading in the schools. The prize in the Sarah Maxwell Essay Writing Competition was won for the city this year by Drummond C. West, Kent School. We are encouraged as members of this Order to help under-privileged children; and British immigrant families and families of returned men, are especially committed to our attention. The Chapter's Educational Secretary's Report will give you an idea of the work done, and because of the publicity involved, many items of interest have been reported. The scope of the Order's Educational work is unlimited, its influence is unbounded, and should appeal to every member. A careful study of the educational programmes of some selected chapters may bring a tremendous surprise to all of us, to discover the extent to which a single Chapter may succeed in improving local conditions.

Patriotic Holidays Patriotic holidays were observed. When possible. (1) Paardeberg Day—At invitation of local branch of South African War Veterans Association members attended a special service of Remembrance in St. James Church. (2) St. George's Day—was celebrated with a dinner for Chapter members at C. N. R. Hotel. An interesting feature of the evening was the presentation of a Life Membership to our Regent, Mrs. J. A. Mathieson, presentation being made by Mrs. G. W. Hodgson, a former Regent of Royal Edward Chapter. (3) Armistice Day—members attended service at Monument, and the wreath of remembrance was placed by the Regent.

The Stewart Endowment Fund Committee is successfully pushing its project to a triumphant issue, \$217.00 having been contributed by this Chapter. Tangible results of the value of the Endowment Fund project are now being realized in a small way; the interest on the amount already paid in (some \$18,000) is now available to Provincial Chapters for the furtherance of the Order's work, and it is confidently hoped that this amount will be speedily increased to the total objective of \$200,000.

We are asked to consider as an act of National Thanksgiving a small contribution to the King George V Silver Jubilee Cancer Fund for Canada—all contributions to be collected into one large sum and given as a national gift from the O. D. E. Head Office stresses the fact that all money, so collected, will stay in Canada.

Money for Local Work To raise money for local work, we have successfully put through the Alexander Ross Day Sale and it is well to remember that the proceeds from this sale are spent locally in educational and relief work. The sale of the British picture "Evensong" increased our funds substantially and those who had charge of the sale of tickets take this opportunity to express their appreciation of the unfailing courtesy and consideration which marked all their dealings with Mr. A. R. Cooper, the local representative of F. G. Spencer Co. A contribution of needle work from Mrs. H. L. Bethune also realized a nice sum.

The Chapter agreed to raise \$100.00 towards the cost of improving the Library and through volunteer effort this was accomplished. On February 11, we were given the privilege of listening to Dr. Harry Thompson, representing the National Council on Dental Hygiene. While the gifted speaker held his audience enthralled, the comments afterwards were to the general effect that it was regrettable that we could not have received his message about a hundred years ago.

Sick and absent members were remembered at the Christmas season—these included Miss Winnifred MacLeod, Mrs. Holroyd, Mrs. Muir, Mrs. Miles, Mrs. Will Taylor, Mrs. T. B. Grady, Mrs. F. S. Wilkins.

All members were shocked and deeply grieved when death, the grim reaper, removed from our midst our beloved Hon. Regent, Mrs. G. W. Hodgson. While not active in our work, she was the 5th Regent of this Chapter, acting in that capacity during the strenuous war years 1914-1919. To the bereaved family and to families of members, who have suffered bereavement during the year, our deep sympathy has been respectfully offered.

Three new names have been added to our membership list—Mrs. Edith Sterns, Mrs. H. H. Smith and Mrs. A. E. Epicher. Our Chapter rooms in the Legion Building have been cleaned and re-decorated and now present an inviting appearance.

Organized Effort While we often grow weary of attending meetings, or making and seconding motions, or elections, it may be worth while to pause here to remind ourselves, that it is only through organized effort, such as this, that women's influence may be made apparent. Organized women's influence can be a factor in world affairs, especially in matters relating to peace or war. The real agony, when men tread the path of war, is not in the streets of the world, but in the hearts of women who have concluded that there are few women fitted for election to public positions, and has urged the formation of study groups, particularly in municipal affairs. Why is Canadian municipal hood, in general, comparatively inferior to that in our own National affairs? Surely not lack of intelligence? And surely not apathy, when politics and government directly affect the home and the family? So, let us resolve to attend more faithfully our meetings, and to do our utmost to influence our disinterested staffs and there are also clergymen, lawyers, doctors, engineers, journalists and business men and women. The value of the Post-Graduate Scholarship has been reduced from \$1,600 to \$1,400 a year as the interest received on money invested to maintain this fund has been considerably less in the past year.

Scholarships Mr. Hazen Wigmore, B. A., of Mount Allison University, son of Mr. Thomas Wigmore, M. L. A., and Mrs. Wigmore of Graham's Road, has been awarded the Post-Graduate Scholarship for 1935-36. Mr. Wigmore is at present on the staff of Prince of Wales College. He has had a brilliant record as a student and we trust he will continue to bring honours to himself and to his native province as he pursues his studies in education at London University next autumn.

Mr. Fan Rogers of our present Scholarship holder is working for his M.Sc. in Economics at London University. He looks forward to receiving his degree this spring.

There were no competitions last year. This year a prize of \$50 is offered by "Echoes" the official magazine of the Order for the best short story. The competition closed on February 1st. There were sixteen applications for literature concerning this competition in this Province and we hope the winner of the \$50 prize may be among them.

The Christmas Card Design Competition having accomplished its purpose in making Christmas Cards better known has been discontinued and as no money was available for prizes the Order has been unable to hold this year. The Sarah Maxwell Memorial Competition uses the income of a fund raised to commemorate the heroic death of Miss Sarah Maxwell, a Montreal school teacher. Last year instead of writing an essay on "Heroism" the candidates were asked to write a little play the subject being, "The Coming of the Empire Loyalists" thus commemorating the 150th anniversary of that event. School children in the capital city of each province are free to enter this competition and last year prizes were won by Miss Jean Cunningham, Edmonton; Durand Priddy, Fredericton; John Stevenson, Victoria and Marcus Stein, Toronto. The competition will take the form of a play again this year.

Your Acting Secretary of Education for the Province has forwarded to the Primary Educational Secretaries all material sent from the Head Office. The Bursary and Scholarship have been given publicity in the press and through the High Schools and Colleges, considerable literature has been sent out in connection with the Short Story Competition and 108 letters have been written during the year.

While much has been accomplished in helping with educational work in the Province, there is still a great deal that could be done and possibly by close co-operation with the schools and the educational authorities we will find further opportunities for helpful services. Respectfully submitted, HAZEL MACMILLAN

Brighten up with ALL-BRAN! You've had days when you've felt discouraged and low. Nothing seemed to go right. Frequently these dreary days can be traced to common constipation, due to lack of "bulk" in your meals. This ailment may cause headaches and loss of energy. Correct it by eating a delicious cereal. Laboratory research shows Kellogg's ALL-BRAN provides "bulk" to aid elimination. ALL-BRAN also furnishes vitamins B and food-fiber. The "bulk" in ALL-BRAN resists digestion better than the fiber in fruits and vegetables. It is gentle and often more effective. Isn't this natural food better than taking patent medicines—often harmful? Two tablespoonsful of ALL-BRAN daily are usually sufficient. With each meal, in chronic cases. If not relieved this way, see your doctor. Brighten days with ALL-BRAN! Get the red-and-green package at your grocery store. Made by Kellogg in London, Ontario.

Keep on the Sunny Side of Life

Mr. Bramwell Chandler held his Scholarship in 1932 and attended Edinburgh University. The following year he married and gave up the Scholarship which had been awarded to him for the second time. He continued his studies at his own expense and graduated in the spring of 1934 with the degree of M.A., with honours in English Literature. Mr. Chandler is at present a school inspector in this province.

In 1930 the National Chapter set aside a sum sufficient to provide fifteen Bursaries annually. The last of these Bursaries will be awarded in 1937. Last May the Committee of Selection for this Province awarded this Bursary for 1934-35 to Mr. Richard McQuarrie, son of Mrs. Bertha McQuarrie of Victoria, and the late Health Ward McQuarrie who was killed in France having gone overseas as a private in the 105th Battalion. Mr. McQuarrie is taking fourth year work at Prince of Wales College and will complete his B. A. course at Dalhousie University.

Mr. Allison Rogers who received the Bursary in 1933 is taking the Pre-Medical course at McGill University. Miss Marie Clark one of our former Bursary holders graduated last spring from Dalhousie University with distinction in English. She is now teaching at the Charlottetown Business College. The War Memorial Pictures allotted to this Province have all been presented to schools.

The National Chapter, each year prepares a very attractive calendar which is suitable for schools. It has a patriotic quotation for each month and marks all the important anniversaries of the War and other important events. 14,000 copies of this calendar are sold or given to schools each year. Our Island Chapters have distributed 105. The Royal Edward Chapter taking 75 and the Abegweit Chapter of Summerside 30.

No Competitions Last Year There were no competitions last year. This year a prize of \$50 is offered by "Echoes" the official magazine of the Order for the best short story. The competition closed on February 1st. There were sixteen applications for literature concerning this competition in this Province and we hope the winner of the \$50 prize may be among them.

The Christmas Card Design Competition having accomplished its purpose in making Christmas Cards better known has been discontinued and as no money was available for prizes the Order has been unable to hold this year. The Sarah Maxwell Memorial Competition uses the income of a fund raised to commemorate the heroic death of Miss Sarah Maxwell, a Montreal school teacher. Last year instead of writing an essay on "Heroism" the candidates were asked to write a little play the subject being, "The Coming of the Empire Loyalists" thus commemorating the 150th anniversary of that event. School children in the capital city of each province are free to enter this competition and last year prizes were won by Miss Jean Cunningham, Edmonton; Durand Priddy, Fredericton; John Stevenson, Victoria and Marcus Stein, Toronto. The competition will take the form of a play again this year.

Your Acting Secretary of Education for the Province has forwarded to the Primary Educational Secretaries all material sent from the Head Office. The Bursary and Scholarship have been given publicity in the press and through the High Schools and Colleges, considerable literature has been sent out in connection with the Short Story Competition and 108 letters have been written during the year.

While much has been accomplished in helping with educational work in the Province, there is still a great deal that could be done and possibly by close co-operation with the schools and the educational authorities we will find further opportunities for helpful services. Respectfully submitted, HAZEL MACMILLAN

Brighten up with ALL-BRAN! You've had days when you've felt discouraged and low. Nothing seemed to go right. Frequently these dreary days can be traced to common constipation, due to lack of "bulk" in your meals. This ailment may cause headaches and loss of energy. Correct it by eating a delicious cereal. Laboratory research shows Kellogg's ALL-BRAN provides "bulk" to aid elimination. ALL-BRAN also furnishes vitamins B and food-fiber. The "bulk" in ALL-BRAN resists digestion better than the fiber in fruits and vegetables. It is gentle and often more effective. Isn't this natural food better than taking patent medicines—often harmful? Two tablespoonsful of ALL-BRAN daily are usually sufficient. With each meal, in chronic cases. If not relieved this way, see your doctor. Brighten days with ALL-BRAN! Get the red-and-green package at your grocery store. Made by Kellogg in London, Ontario.
