ENTHUSIASTIC COVERTS.

There are Thousands of Them Who Believe as This Woman Does.

Mrs. Ira Knowlton of Butte, Montana, is a most enthusiastic convert to the virtue of Stuart's Dyspepsia Tablets as a cure for obstinate stomach trouble. She says "I had poor digestion all my life. It now seems to me that for years I never knew what it was to be hungry, to have a good natural appetite.

I was troubled with gas in stomach causing pressure on the heart with palpitation and short breath. Nearly everything I ate soured on my stomach sometimes I had cramps in the stomach which almost resembled psams.

Doctors told me I had catarrh of the stomach, but their remedies would not reach it and I would still be a sufferer had I not, in sheer desperation decided to try Stuart's Dyspepsia Tablets.

I know they were an advertised remedy and I didn't believe anything real about them as I had no confidence in advertised remedies, but my sister living in Pittsburg wrote me last spring telling me how Stuart's Tablets had cured her and her little daughter of indigestion and loss of flesh and appetite and I hesitated no longer.

I bought a fifty cent box at my drug store and took two of the large tablets after each meal and found them delightful to take being as pleasant to taste as caramel candy. Whenever during the day or night I felt any pain or uneasiness in the stomach or about the heart I took one of the small tablets and in three weeks it seemed to me as if I had never known what stomach trouble was.

Mrs. E. H. Davis of Hampton Va., says: "I doctored five years for dyspepsia but in two months I got more benefit from Stuart's Dyspepsia Tablets than in five years of the doctors' treatment."

Stuart's Dyspepsia Tablets is the safest as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach bloating after meals, sympathetic heart trouble.

Stuart's Dyspepsia Tablets is not a cheap cathartic but an active digestive remedy containing the pepsin diastase which every weak stomach lacks and they cure stomach trouble because they digest the food eaten and given the weak abused over-worked stomach a chance to rest and to recuperate.

Stuart's Dyspepsia Tablets are sold in every drug store in the United States Canada and Great Britain.

DANGER. Lurks in the germs of milk. Scientific research proves that more deaths have been caused by this seemingly harmless fluid, than by all the great battles of modern times put together. Children are particularly liable to the effects of the germs, their delicate organisms not being sufficiently powerful to overcome the disease producing germs. Dr. Bergley, the celebrated scientist in an able article just published shows clearly that Pasteurized Milk alone is safe. Why then will you expose yourself to all kinds of diseases?
