Owes His Life to a Neighbor's Kindness.

Mr. O. P. Daugherty, well known throughout Mercer and Sumner counties W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with the diphtheria, was attended by two physicians who gave him little, if any, relief, when a neighbor learning of his serious condition, brought him a bottle of Chamberlain's Cough, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours. For sale by all druggists.

The name of J. W. Bengough, is to all Canada a household word. While he holds a high place as a cartoonist, writer and worker for Social Reform, his unrivalled popularity is due to his unique Sketching Entertainments. His Fun with the crayon has delighted cultured audiences in every town and city of Canada, and has proved no less successful in London, Boston and New York. Besides being a master of the crayon, Mr. Bengough has long held first rank as a general entertainer, displaying remarkable powers in humor, pathos, sentiment burlesque and extravaganza, both as a character actor and vocalist. His matter throughout is fresh and original, and appeals to the intelligence as well as the sensibilities of the audience. Moreover, as the distinguished Dr. Robt. McIntyre has said: "Two hours with Bengough leave a good taste in the mouth of memory."—Market Hall.

THE LIVER TO BLAME.

So long as the liver is active in filtering the bile from the blood there is no biliousness and no constipation, because the bile is passed from the liver into the intestines where it acts as a cathartic in keeping the bowels active. Because of their direct action on the liver as well as the bowels, Dr. Chase's Kidney Liver Pills thoroughly cure constipation, the real cause of nine-tenths of the ills of life.

He Learned a Great Truth.

It is said of John Wesley that "he once said to Mistress Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, because once telling 's not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by all druggists.

WASHINGTON, Oct. 10.—Miss Mary E. Pretty, who broke the world's record several days ago by writing 23,000 words on a typewriter in a day, has lost her laurels. The new champion is Olive R. Cameron, one of her fellow clerks in the Interior Department, who received a long record to copy about the middle of September. In seven hours she had written 23,000 words. Miss Cameron is a Canadian and learned to run a typewriter north of the line.

A Remarkable Record.

Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many million bottles have been sold and used. It has long been the standard and main reliance in the treatment of croup in thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by all druggists.
