INSTITUTE MEETING - The Indian River Women's Institute met at the home of Mrs. Wilfred Gillis on the evening of January 12th. The meeting opened by the singing of the Maple Leaf Forever. Ways and means of making money was discussed and it was decided to hold card parties. The School Committee reported the most necessity to be maps and a committee was appointed to purchase these. Lunch was then served by the hostess and the remainder of evening was spent in playing games.

HORSERACING - Horseracing is now the favorite out door sport for the Tignish "old boys." Many a horse who might have thought his days for trotting to be over, finds himself hitched to the bike, and, although some are sorely out of step, others are showing points resembling those of past champions. Honors have however, been wavering between the horses owned by Messrs. Douglas McCarthy, Tignish, and Carl Weeks, Alberton. The Ice on Montrose River is where the excitement is chiefly centered, and we understand, the race course is in excellent shape. Two races have already been pulled off, but as the scribe is not a fan, it is hard to get particulars. But should anything startling happen I will try and become interested.

NEVER BEEN TO DANCE AND MOVIES UNKNOWN

Adjutant Maude Lee of the Salvation Army's woman home, recently opened in Denver, never has owned or worn an evening dress, never has attended a dance and knows nothing of motion pictures except by hearsay. Born in Denmark, she grew up in the Salvation Army as both of her parents were officers in the order. The adjutant has not made a sacrifice, she said, for she never wanted to lead a life other than that offered in her work.

## Laxatives bring on laxative habit said most physicians

**Doctors Advise Nujol**

Nine doctors out of every ten told us they were advising the Nujol type of treatment for their patients in place of laxatives—and for these reasons:

1. Nujol is not habit-forming;
2. A more natural method;
3. A lubricant is better than a laxative;
4. Does not grip;
5. Is not irritating; and
6. Nujol gives lasting relief.

**Unlike Laxatives**  
Laxatives and cathartics act by irritating the intestinal tract. They cause

the bowels to frantically expel the contents of the intestines and thus rid the system of the drugs that pills and potions contain.

Nujol acts entirely differently. It contains no drugs, no medicine. Its action is mechanical. It merely softens the dried waste matter in the intestines and lubricates the passage so that the muscles of the bowels can expel the waste matter regularly, naturally and thoroughly.

**Nature-given Remedy**

Nujol appeals to the medical man because it is a simple, scientific and safer remedy for constipation, no matter how severe the case may be. It is gentle in its action and pleasant to take. Children love it.

Get a bottle of Nujol from your druggist today. Doctors advise it for constipation, whether chronic or temporary. Avoid substitutes.

He also said he expects that Messrs. Austin and Harold Camp-President Coolidge will decline to run for re-election, although he has no "inside" knowledge.
