'MOON OVER MIAMI' HAILED AS GAY, GLAMOROUS MUSICAL

Miami, the glamour city of the South, with its swaying palms, gleaming-white beaches, and incredibly blue lagoons, provides the background for the music, laughter and romance of the year's most elaborate Technicolor musical. Appropriately titled "Moon Over Miami," the 20th Century-Fox hit teams Don Ameche and Betty Grable for the second time. The romantic duo of "Down Argentine Way" shares top-featured with Robert Cummings.

Playing to-day and Wednesday at the Prince Edward Theatre, "Moon Over Miami" is the gay tune-filled tale of two sisters, Betty Grable and Carole Landis, and their aunt Charlotte Greenwood, who invest their $5,000 inheritance in the hope of realizing big dividends. It's an original sort of investment—a holiday fling complete with expensive clothes and a luxurious suite at a swanky Miami Beach hotel. The expected dividends—a millionaire husband for Betty.

Betty poses as an heiress, Carole as her secretary, and Charlotte as her personal maid. The threesome is more than successful when Betty hooks not one, but two millionaires, Don Ameche and Robert Cummings —So she thinks. Don, the one she falls for turns out to be a play-boy fortune hunter bent on the same mission.

She then kids herself into believing that she loves Bob, a bonda-fide millionaire. But before they can marry, Don turns up and the stage is set for a finale which is refreshingly different.

Not only does "Moon Over Miami" boast of a star-studded cast which includes Jack Haley and Cobina Wright, Jr., but there are in addition eight hit tunes by master tunesmiths Leo Robin and Ralph Rainger. You are sure to come out whistling one of these smash hits:

"Kindergarten Conga," "Hurrah For Today," "Miami," "I've Got You All To Myself," "Loveliness and Love," "You Started Something," "Is That Good," and "Solitary Seminole.'

To top these off are spectacular dance routines directed by Hermes Pan, who also appears in the "Kindergarten Conga" number with Betty Grable. An unusual dance, the "Seminole Legend," features Jack Cole ,one of the nation's finest interpretive dancers, and his company of sixty. The Condos Brothers, the sensational New York specialty team, do a whirlwind routine with Betty

Connoisseurs of beauty, Don Ameche and Robert Cummings, gaze approvingly at some shapely maids they observe on the sands of Miami Beach. But, really, their minds are on Betty Grable and Carole Landis, who are featured with them in the new 20th Century-Fox musical, 'Moon Over Miami," currently at the Prince Edward Theatre. Charlotte Greenwood, Jack Haley and Cobina Wright, Jr., Complete the featured cast.

BATTERY MISSING AS RESULT OF BREAK— Sometime during Saturday night Mallett's Battery Service on Great George St. was broken into, entrance being gained by smashing the glass in the front door. Investigation showed hammer marks on the safe which the intruders failed to open. A new battery is missing, it was learned.

VISITOR FROM HONOLULU — The first visitor from Honolulu to arrive here this year came to the city on Sunday. He is Mr. Hiro Yamant who will spend his vacation on the North Side of the Island. He is accompanied by Mr. Saul Jaffe of Brooklyn, N. Y. The two men made the latter part of the journey, from Indiana, by motor car.

TRAIN DERAILED — The Eastern train was derailed near Sherwood yesterday and was delayed for a short time in reaching the city. A number of wooden shims were placed on the rails it was said, that caused the derailment. It was not known whether the shims were placed there by children of if it was the deliberate act of an older person.

TOURISTS—Among the tourists coming to the Island on the noon boat Monday were a party from Mass. consisting of Mr. and Mrs. John Frizzell and Mrs. Fred Frizzell of Woburn and Miss Dora Frizzell, Watertown. The latter two visited the Island two years ago, but it is the first visit for the former two. Mr. Frizzell is a son of the late Mr. Wm. Frizzell, a native of Margate. They are visiting Mr. and Mrs. E. C. Caseley of Wilmot Valley and other relatives.

NEW COMPRESSOR AND CHARGER BEING INSTALLED— Workmen yesterday were busily engaged in installing a new air compressor and portable electric charger in the C. N. R. Inspectors Department in the railway yard. The new compressor will put an end to the trouble experienced in winter months due to freeze-ups. Addition of the portable electric charger will greatly assist the work as during the winter with traffic heavy the capacity of the electric plant in the railway yard was taxed heavily.

VISITING PROVINCE — Mrs. L. C. Dysart and son Eric of Moncton, N. B., are spending a few days on the Island. Mrs. Dysart is a cousin of Premier Dysart of New Brunswick.

FUNERAL THIS MORNING — The funeral of the late Mary Elizabeth McIntyre will take place from her late residence this morning at 8.45 (D.S.T.) to St. Dunstan's Basilica. Interment will be in Corran Ban cemetery.

DELIGHTED WITH VISIT — Many letters are being received at the Travel Bureau office daily from members of the Know Mississippi Better Train party who visited here last July 20th. All express themselves as having been delighted with their short visit to Prince Edward Island and speak highly of their entertainment while here. Many have expressed their desire to return here next summer. Already there have been two parties here as a result of the visit of the Know Mississippi Better train.

GETTING FINE PICTURES — Mr. H. H. Bixler of the Amateur Cinema League of America who is taking a colored moving picture of Prince Edward Island scenes and activities secured some great shots Monday. He followed the 2A through Bonshaw to Borden and route 2 to Summerside and was particularly well pleased with the general views all along the route. On Tuesday Mr. Bixler expects to go as far as Tignish visiting interesting places enroute. He has secured a good many very fine views of King's County especially around Souris, Montague, Murray Harbor and Murray River. During Old Home Week pictures were taken of the races and general activities. Especially fine views were secured of Mr. Wellington MacNeill's three year old pacer who broke the track record last week. Mr. Bixler is being assisted in every way possible by Mr. Rogers of the Travel Bureau.

AUTHOR VISITING BROTHER HERE— Dr. Harold G. Black arrived in Charlottetown by motor Saturday night from Beverly Hills, California, to visit his brother, Mr. C. H. Black, 54 Pitzroy Street. He is accompanied by his wife and their three daughters. Last Friday at the summer school convocation Mount Allison University conferred on him the honorary degree of doctor of laws. Dr. Black is a graduate of both Mount Allison and Harvard universities and has been a teacher of English at Mount Allison Ladies College, Acadia University and for the past 26 years in Santa Ana, Sacramento and Hollywood. California. He is an author of five volumes and writes for several national American magazines. His latest book, "The Prodigal Returns," will be published next month. He and his family expect to return by motor on Thursday and will stop at Boston, New York, Philadelphia and Washington enroute.

THE BAPTIST CHURCH — At the morning service the Rev. Ross C. Eaton, B. D., took as his theme the three words "The Lord Reigneth." In these days of darkness, doubts and fears, most needed are these three heartening, triumphant words, uplifting our hearts in their calm certainty. Someone asked Charles Beard the historian what were the lessons he had learned from history. He responded, "first, whom the Gods would destroy they first make mad with power." A false view comes to them. Jesus, who saw things steadily, truly, wholly, said "whosoever will be great among you, let him be your minister—your servant. Not in selfish power comes greatness but in unselfish service, not the Napoleons but the Pasteurs are the great ones of the earth, those who humble themselves to serve mankind. Dr. Beard went on with "The Mills of God grind slowly, but they grind exceeding small." Physically we move and act freely, within the great law of gravitation. We think and act freely within the great principle of "The Lord Reigneth." This is God's world and can only be run in His way. "The bee fertilizes the flower that he robs." So God overrules the acts of evil men, bringing light out of darkness, good out of evil." "For envy they slew him" and God has used the cross of shame as a power to salvation. God wants us to be his agents, but willing or not, we shall be his tools, "The Lord Reigneth." "When the night is dark we can see the stars." In faith and hope and courage let us know that "The Lord Reigneth." Oley Speaks' "Let Not Your Heart be Troubled" was sung very expressively by Miss Berna Huestis, contralto. The Rev. Mr. Eaton took the evening service preaching a thoughtfully interesting sermon. Mr. Roy Smallman, baritone, in his solo gave a notable interpretation of "Gently Lord, O Gently Lead Us," (Traditional).

Dr. M. Rosner of Forest Hills, New York, is at present a visitor to the Province.

Reconstruction Problem discussed By Dr. Macmillan

Post-war reconstruction problems and other issues were dealt with in an able address at Rotary Club yesterday by Hon. Cyrus Macmillan, Ph.D., M.P. Rotarian A. B. Fisher presided and tendered the Club's thanks to the speaker at the conclusion of his address.

Dr. Macmillan emphasized that it was idle attempting to forecast post-war problems in detail. We do not even know who our friends may be before the war is over, he said. Any attempt to draw the geographical contours of the future would be futile. Yet we must think about the broad basis that will emerge when the last bomb has been dropped and the last gun fired. We should at least take warning of the errors made after the last war, in reconstructing the future.

England, the speaker said, is doing this today. They have already begun a survey for the reconstruction of Coventry, Birmingham and Bristol and have discussed housing and health problems. Reconstruction committees have been established both in Britain and the United States to handle the problems of men now in war industries. Canada also has set up several co-operating committees. These include a committee of the Dominion Cabinet, an inter-departmental committee, a committee of the House of Commons, and an advisory committee representing every phase of life, under the chairmanship of the Principal of McGill University. These committees are not working on blue-prints at present but are considering the

Visits Province After 31 years

Visiting his native Province for the first time in thirty-one years is Mr. Scott Phillips of Hodgeville, Saskatchewan, son of Mr. A. J. Phillips, of Harrington. Mr. Phillips is enjoying every minute of his stay, renewing old acquaintances and readjusting his impressions of the Island. Last night he was guest at an enjoyable reunion at the home of his sister, Mrs. Harold Stead, of Harrington, at which between fifty and sixty friends and relatives were present.

Mr. Phillips started as a youth with the Summerside Pioneer, finishing his journeyman's time with the Leader-Post, Saskatchewan, as a job printer. He is now owner and publisher of two weekly newspapers in that Province, the "Standard-Hodgeville" and the "Gravelburg News," both printed in the same riding.

This year, Mr. Phillips reports, the grasshopper infestation is bad in northwestern Saskatchewan. There are, however, good crops in the central parts of the province. The average wheat yield will be about twenty-five bushels to the acre. This is by no means a record, but is considered good for this year.

Manitoba, he states, has the best wheat crop this year, averaging about thirty bushels per acre.

The West is humming with war industries and there is no lack of employment, he reports. Farm wages, however, are not as high as they were in former years.

Mr. Phillips edits and publishes his own papers, and has a growing list of subscribers in centres outside his own community. He believes that notwithstanding the development of radical parties in Saskatchewan in recent years, the two-party system is the best for Canada, and is destined to survive. He is optimistic as to the comeback which the Western Provinces will make.

DON'T FALL BACK ON PURGATIVES FOR CONSTIPATION! CORRECT IT INSTEAD!

KELLOGG'S ALL-BRAN Keeps You Regular NATURALLY... Try This "BETTER WAY"

Harsh cathartics bring at best only temporary relief from constipation. If *your* constipation is the common type, due to lack of the proper kind of "bulk" in the diet, wouldn't it be better to treat it the common-sense way ... by trying to get at the *cause*?

KELLOGG'S ALL-BRAN ... a grand-tasting cereal ... supplies the right kind of "bulk". Eat it every morning, as a cereal or in muffins, drink plenty of water, and forget you ever had constipation! But, remember, ALL-BRAN doesn't work like purgatives: it takes time. All grocers have ALL-BRAN in two convenient sizes. Or you can get it in individual serving packages at restaurants. Made by Kellogg's in London, Canada.

KEEPS YOU REGULAR NATURALLY!
