**Mr. Arthur H. Duvar
 Inducted As President
 Of Y's Men's Club**

In a very impressive ceremony conducted by Past President John A. MacNair, Mr. Arthur Duvar was inducted Thursday evening as President of the Charlottetown Y's Men's Club, along with his executive officers, comprising Messrs. O. K. Presby, Vice-President; R. H. Barrett, Secretary; Eric Wilson, Treasurer; Directors: W. E. Agnew, Jas. Cameron, (Rev.) J. D. Davison, Merritt Forsythe.

Mr. MacNair in his inaugural charge pointed out that many qualities are demanded in one appointed to serve as an officer of the Y'sdom, but he enumerated four that are especially necessary. Idealism, Interest, Initiative and Industry.

The retiring President, Walter Cox presented a comprehensive report, indicating that the past year had been a record one in many ways. Some of the outstanding

ing achievements were: Fifteen new members had been added; the average attendance had been 88 per cent; a Y's Menette's Club had been organized; a \$5,000.00 pledge to the "Y" Building fund had been paid off and an additional pledge for \$5,000.00 had been made; the Club's Annual Variety Show had met with unprecedented success and the Club's weekly bulletin had been awarded Honors by the International Executive. Most of the success of the year was attributed to the energetic leadership of Mr. Cox, who is also a member of the "Y" Board of Directors.

At the conclusion of the induction ceremony, President-elect Arthur Duvar presented Mr. Cox with a Past President's emblem. Many expressions of individual thanks were expressed followed by a vote of thanks of the Club, moved by Roy Cudmore and seconded by John A. MacNair. Reports of the various committees showed all phases of the Club's activities to be in a flourishing condition.

W.C.T.U. NOTES

SONG OF THE RYE

I was made to be eaten,
 And not to be drank;
 To be threshed in a barn,
 Not soaked in a tank.
 I come as a blessing,
 When put through a mill;
 As a blight and curse
 When run through a still.
 Make me up into loaves,
 And your children are fed;
 But if into drink,
 I'll starve them instead.
 In bread I'm a servant,
 The eater shall rule;
 In drink I am master,
 The drinker—a fool.

ALCOHOLISM EDUCATION COMMITTEE IS FORMED

Proposals to set up information centres on alcoholism and facilities for the treatment of the "diseased"—declared to be costing the Province of New Brunswick over a million dollars a year, while little is being spent on its "problems"—were outlined at a meeting of the Moncton Committee for Education on Alcoholism held last night at City Hall.

Magistrate W. F. Lane presided at the meeting, the second to be held by the organization. The meeting stressed that the committee is neither wet nor dry, neither desirous of promoting nor preventing the sale or consumption of alcoholic beverages.

The committee discussed plans for a large general meeting representative of the community in the near future. It is intended to affiliate the Moncton Committee with the National Committee for Education on Alcoholism, which is a branch of the Yale Plan on Alcoholism.

The aims of the committee include educating the public concerning alcoholism, its status as a disease, methods of helping the alcoholic, illustrating that he is worth helping, and showing the nature of alcoholism.

The stand of the committee on alcoholism is that it is a public health problem and therefore a public responsibility. Research at Yale University has shown that 80 per cent of alcoholics can be successfully rehabilitated. It was disclosed at the meeting.

A. A. PROBLEMS

On Sunday the Maritime inter-group of Alcoholics Anonymous met at Moncton in their third quarterly meeting and attended the Moncton group meeting in the afternoon, at which nearly 200 men and women were present, including delegates and members from Yarmouth, Halifax, Truro, Amherst, Pugwash, Charlottetown, Summerside, Alberton, Emerald Isle, F.E.I., and Saint John. St. Stephen, Fredericton, Edmundston, Campbellton were in attendance.

A speaker from a Toronto group addressed the gathering as well as a member of Fredericton group, and both addresses were heard with interest by the large gathering present.

The work is continuing to grow

throughout the Maritimes to a very large extent and the report of the delegations from the different groups was most encouraging.

In the evening a social gathering was held in the Moncton group club rooms at which wives of members of the groups and delegates were present.

TRAVELLERS' AID ANNUAL MEETING

42,023 cases were handled by the Travellers' Aid Association during the past year. Mrs. E. M. Boyd, the director, said, speaking at the Central YWCA.

Children travelling alone present many problems. Mrs. Boyd has seen youngsters as small as two and a half years old step off-trains with no one to meet them.

"We never would be able to do our job well if it wasn't for the co-operation we receive from the Union Station and the Telephone Company," she said.

Mrs. E. Eadean presided at the meeting. Madame Krupka was guest speaker and the treasurer's report was read by Mrs. C. W. Hillock.

The YWCA and the WCTU share the responsibility of this work and employ six workers.

Meeting Held By Empire Press

Victor Sifton, publisher of The Winnipeg Free Press, was elected to the newly-created office of vice-chairman.

J.W. McConnell, publisher of The Montreal Star, was elected honorary chairman. W.A. Craick of Industrial Canada, Toronto, was re-elected honorary secretary-treasurer and T.F. Drummie, publisher of The Saint John Telegraph-Journal continues as honorary auditor.

Members of the executive committee are H.T. Hunter, president of the Maclean-Hunter Publishing Company, Toronto; F.I. Ker, Hamilton Spectator; Senator Jacob Nicol, Sherbrooke La Tribune; E. Roy Styles, Renfrew Mercury; and Roy H. Thomson, president of The Thomson Publishing Co. Ltd.

The Prince Edward Island Division of the Cancer Society is conducting a drive for \$10,000. Voluntary canvassing groups throughout the province are preparing now to reach this minimum goal. The funds derived will be used for distribution of literature, newspaper and radio publicity and educational material designed to help conquer cancer with knowledge.

This vital educational work must go on, because statistics prove that most of our people can be saved from cancer if their symptoms are recognized and treated in the earlier stages. Some citizens may not be reached by direct canvass, but will wish to support this worthy cause.
