

**THURSDAY.**  
**—BEDEQUE FERRY.**—The ferry steamer Bedeque commenced her regular trips on the Summerside Bedeque route yesterday.

**—A BOOSTER CLUB.**—Last evening a large number of citizens met in the Council Chambers, Summerside, for the purpose of forming a civic improvement society or, as commonly known, "A booster club." Several short addresses were given and a committee, consisting of Messrs. Holman, Tanton and Richardson, were appointed to prepare a set of by-laws their report to be given at another meeting to be held tomorrow, Friday, evening.

**—MR. J. STC. SUTHERLAND.**—In a St. John's Telegraph of recent date appears the following: "Hampton, April 3.—The friends of Mr. J. Stc. Sutherland, Manager of the Branch Bank of Nova Scotia here, will be sorry to learn that he has been compelled to take a leave of absence on account of ill health." Mr. Sutherland is a native of Sea View, while his wife is a daughter of Mr. and Mrs. Nelson Alward, Summerside.

**—PROVINCIALIST DEAD.**—The death occurred at Terrel, Texas, on the 3rd inst. of Mrs. Isaac W. Schurman, formerly of this province, after a very short illness. Deceased was 75 years of age and is survived by her husband and two sons Messrs. Norman and Steven, also, three brothers Messrs. Peter Miller of Ellerslie, Lot 12, Alexander of Lot 16, and David in Iowa. Deceased formerly resided in North Bedeque and in 1911, with Mr. Schurman and her family, removed to Carthage, Mo., and a few years later to Terrel, Texas. Since leaving the Island Mr. Schurman has been called upon to mourn the loss of two of his children, his youngest son having been killed in the Philippine War, where he was serving as a member of a Missouri Company, while his only daughter, who was well known in Summerside being for some years on the teaching staff of the Summerside school, was drowned in a railway wreck at Eden, Colo., in 1904, the particulars of which are, no doubt, remembered by a number of Guardian readers. In this, his recent bereavement, Mr. Schurman will have the sympathy of his many friends throughout that part of the province where he is so well known.

**—ACKNOWLEDGEMENT.**—The undersigned acknowledges with thanks the receipt of the following for the Eastern King's Seed Fair: Rollo Bay Institute, \$10.00; St. Margaret's Institute, \$10.00; East Point Institute, \$10.00; Matthew & McLean, Ltd., \$15.00; J. J. Hughes & Co., \$10.00; Dr. A. A. MacDonald, \$1.00. Total, \$61.00. D. F. MacDonald, Secretary-Treasurer Seed Fair.

**—MONTAGUE.**—Mr. Martin Macdonald, Montague, took to Charlottetown yesterday morning two fat cattle. The chuck chuck of the gasoline engine and the singing of the circular saw was heard in Montague

**WAS WEAK AND RUN DOWN. NOT ABLE TO DO HER WORK.**

Many women get run down, and are unable to look after their household duties, owing to their nervous system becoming unstrung. Day in and day out they have to go through the same routine of work, sweeping, dusting, cooking, etc. No wonder they get run down on the nerves and they become run down on the nerves and tissue of the body, and in a short time the weakness will give place to strength and vitality, and make life worth living.

Mrs. Henry McIntosh, Oliver, N.S., writes:—I would recommend Milburn's Heart and Nerve Pills to anyone who is weak and run down. I was not able to do my work, nor rest at night for four years. After taking seven boxes, I am entirely cured, and can recommend them to anyone suffering from heart or nerve trouble.

Milburn's Heart and Nerve Pills are 50 cents per box; 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

every day last week as Mr. Albert Dewar of Brudenell with his splendid outfit for cutting wood moved from place to place sawing wood for his numerous patrons. How much quicker and easier this is than the old cross cut hand saw and very much cheaper as well. A white mantle of snow covered the ground Saturday morning and reminds one that spring is not here just yet.

**—SCHOONER DAMAGED.**—Monday night's wind and rain storm was the worst experienced for years, reports a Sydney exchange. A schooner named the Rayburn, owned by Capt. Chapman of Murray Harbor, P. E. I., which was tied up at Brennan's wharf, broke from her moorings and received considerable damage. All along the water front the captains of vessels were obliged to stand by their vessels all night and had much difficulty in preventing their various crafts from being wrecked. So violent was the water that seaweed was washed from the shore in front of the post office and carried up Union Street, where some of it lodged on the doorsteps of the Clyde-lands house. In several houses windows were broken by the fury of the wind, and all over the town fences were blown down.

**—FIRST SCHOONER.**—Capt. Geo. Allan, Montague, arrived here Monday with his schooner "Happy-Go-Lucky," from Port Hawkesbury, N. S., with a cargo of coal. This has been the first vessel to enter port

this season. Capt. Allan is always an early hustler.

**—OPENING NAVIGATION.**—The S. S. Enterprise arrived in Montague yesterday morning from Pictou. This is her first crossing for the season. She was in Montague last Saturday for the first time this season. She took over one thousand bushels of oats and other sundries. This is one of the earliest seasons on record for navigation to be open in Montague.

**—SPECKLED BEAUTIES.**—Master J. L. Stewart, son of Mr. R. W. Stewart, Brudenell, caught Tuesday in the Brudenell river, below Howatt's Mill, a speckled beauty weighing three pounds. Master Stewart had some difficulty in landing him, breaking his rod, etc., but finally succeeded. This would make some of the older fishermen chuckle, let alone a youth like Lloyd B.

**BORN**

**—CUDMORE.**—At Charlottetown, April 6, 1913, to Mr. and Mrs. George Cudmore, a daughter.

**—BURROWS.**—At Wilmot Valley, April 6th, to Mr. and Mrs. J. A. Burrows, (nee Miss Bessie Cairns), a son.

**—MCCALLUM.**—At Prince County Hospital, on Sunday 6, 1913, to Mr. C. D. and Mrs. McCallum, Summerside, a son.

**—CARR.**—At North St. Eleanor's, on April 8, 1913, to Mr. H. B. and Mrs. Carr, a son. Congratulations.

**MARRIED**

**—ARTHUR-HALL.**—At St. James Manse, April 9, 1913, by Rev. T. F. Fullerton, Alexander Arthur to Rachel Mary Hall, both of Bradalbane.

**DIED**

**—MCCALLUM.**—At Winslow North, on April 9, 1913, Mr. John McCallum, aged 85.

**—SHAW.**—At Brudenell, April 6, 1913, Mr. Earle Endicott Shaw, aged 19 years and ten months.

**—MOASE.**—At Kensington, April 2nd, William Reagb Moase, infant son of Mr. and Mrs. Herbert Moase, aged seven months.

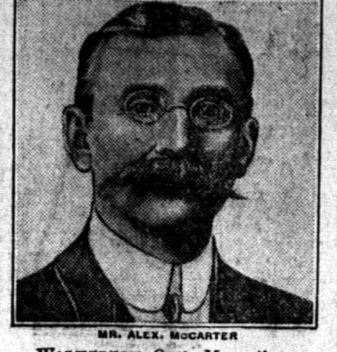

**—MCKENZIE.**—In this City, April 8, 1913, Miss Mamie McKenzie, daughter of Mrs. John McKenzie, aged 18.

**—SIMPSON.**—At Montclair, N. J., on April 8th, 1913, Colin Campbell Simpson, youngest brother of Canon Simpson of Charlottetown, aged 57 years.

**—MULLALLY.**—At Somerville, Mass., on April 9th, 1913, in the 78th year of her age, Mary A. Mullally, widow Brae, P. E. I. Interment at Souris Sunday.

**STRONGLY ADVISES "FRUIT-A-TIVES"**

Because They Cured Him, And They Will Cure You

**WALKERTON ONT., MAY 9th. 1911.**  
 "I have been in Walkerton in business for a good many years and many of my townsmen know that my health, for long periods was precarious. My trouble was extreme Nervousness, brought on by indigestion and Dyspepsia, from which I suffered in the most severe form. It was so bad that I could not sleep before four in the morning. I noticed one of your published testimonials of how someone had used "Fruit-a-tives" for similar trouble and asked Mr. Hunter, my druggist, his opinion on the matter and he advised their use. I immediately procured several boxes and I am pleased to say that I now enjoy splendid health and could not possibly feel better. I can eat with every degree of satisfaction and sleep without an effort. I strongly advise anyone suffering from like complaints, to commence using "Fruit-a-tives". ALEX. MCCARTER. 50c. a box, 6 for \$2.50—trial size, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

(Canadian Press)  
**ROME, April 8.**—Cope Plus has had a serious relapse. The physicians in attendance have announced a serious condition. He is in a graver condition now than before. He is suffering intensely.

(Canadian Press)  
**BUCHAREST, April 5.**—George Cutaucue president of the Senate of the republic, and the richest man in Roumania died today. He had been president since 1911. He had held several times premier and also held the office of Minister of the Interior.

(Canadian Press)  
**LONDON, April 6.**—Mrs. Pankhurst who is on a hunger strike in jail has been forced to feed, according to The Express, and is in a state of coma.

Her condition is serious. She refused food and resisted all efforts to feed her.

(Canadian Press)  
**BERLIN, April 8.**—King Nicholas of Montenegro, answering a telegram to-day said, "We hold the profound conviction that our cause is just before God and man. Scutar was the ancient seat of our kings. It is indispensable to our national and economic development. Only the brute force of numbers can compel us to give up this city."

(Special to The Guardian)  
**OTTAWA, April 10.**—The confusion of the blockers, after the vote of yesterday, has been completed. The Liberals admit that closure will carry and that the Naval Bill will pass the Lower House.

The feature today is the ungraceful way in which the obstructionists are taking their defeat. They are bad losers. It is evident that the Opposition really cherished the delusion that they would be permitted to go on demoralizing the business of the country. Old Parliamentarians are mystified at the conduct of Sir Wilfred Laurier in allowing the Pugsley wing to persuade him that the majority would never intervene. Familiar as he is with the procedure of parliament the Liberal leader shut his eyes to the certain result he adopted. The awakening came yesterday an attempt being made to make a sensation with an anguished protest against some alleged insult to the Opposition leader. Laurier, it is said, was howled down. The statement of course was untrue.

Mr. Laurier's speech in reply to Mr. Borden need not have been delayed for two minutes by the formal motion of Mr. Hazen. It was delayed for a longer time because Sir Wilfred chose to delay it.

The howl came from his own side of the house. The end of next week should see closure adopted, perhaps the Naval Bill as well.

The situation is now with the senate. The Senate Liberals are in a very bad temper over the humiliating defeat of their colleagues in the commons and are talking loudly of throwing out the naval bill.

If they do so by virtue of the majority which they still hold in the Upper House it will be at the bidding of Sir Wilfred Laurier, acting under orders from the Pugsley wing. The titular leader of the party has not yet issued his instructions.

The Senate adjourned today till the 29th.

A feature of the debate, today, was the speech of Mr. Arthur Meighen, Portage La Prairie.

(Special to The Guardian)  
**OTTAWA, April 10.**—House went into closure debate without delay. Mr. Kyte continuing his speech. He claimed that closure was first introduced into England to quiet an obstruction group of nationalists and that both parties were united on it.

The main feature of Mr. Kyte's speech was that while it was entirely praiseworthy for British Liberals and Conservatives to introduce a measure destined to facilitate the despatch

of public business against a group of obstructionists, government supporters had sacrificed their claim to be recognized as honorable and straightforward citizens of the Dominion by attempting to force the measure through.

Mr. Speaker told Mr. Kyte he was straining the limits of parliamentary decorum.

Mr. Kyte cast contempt on the gift of \$35,000,000 and the means by which it was hoped to secure it. It was a crime to be caught with stolen money in one's clothes and when Mr. Borden went to England with money obtained by such means he would be told to take it back as the Empire did not want an unwilling gift. If he got it fairly by consulting the Canadian people it would be different.

Mr. Kyte concluded by saying Mr. Borden was once known to be a fair minded man but years of association with Tories removed all ideas of fair play from his mind.

Mr. J. A. M. Aitken, of Brandon opened by saying the Opposition had delusions. One of these was that the Chamber was a boxing ring and that the members who came to it were sluggers. Every man on the Government side meant to attend to the business of the Empire and of the Country, notwithstanding the Opposition of Liberals.

Mr. Carvell followed in a speech in which he referred to the Closure as Russian Gaglaw. He was interrupted at this juncture by a visit from Sir Charles Fitzpatrick, Administrator, to give assent to some bills.

Continuing in the evening Mr. Carvell was even more violent. He professed to find ground for suspicion in the fact that the House would automatically take up supply on Thursday and Friday, and wound up with an attack on Mr. Robidoux of Kent for the part he played as chairman of the committee on the stormy Saturday night of March 15.

Mr. Robidoux, he said, had humiliated New Brunswick by attempting to gag the Liberals and that he had been specially put in the chair for that purpose. He next assailed Mr. Hazen, who, he said, had been picked out of 130 men to gag Sir Wilfred Laurier and by that act New Brunswick had been humiliated as never before. He then passed on to eulogize Mr. Pugsley and closed by particularly violent abuse of Mr. Borden.

Mr. Meighen of Portage La Prairie replied to Mr. Carvell in a brilliant speech. He said Mr. Carvell had been most at home when he summoned his "well trained powers of personal abuse." Referring to yesterday's scenes he said the Liberals had whined regarding the gag but Mr. Laurier had not been gagged. He had merely been refused permission to move an amendment.

Mr. E. B. Devlin: "Was that done in the British House?"  
 Mr. Meighen: "No, and for the reason that conditions making it imperative here did not exist in the British House. I cannot imagine any government so foolish as to throw a proposal for amendment of rules into a camp of unlimited obstruction."

I am informed that the Opposition had 28 amendments to move at different times in the debate. There was no other sensible course for us to take. Unless this was done, the whole resolution would have been thrown into a maelstrom of indefinite obstruction.

Rule 17, under which this action was taken and been placed in the rule book by the Leader of the Opposition on July 9th, 1906.

Mr. Meighen analyzed the proposed amendments with great ability and electrified the House by proving that Mr. Carvell, when the Liberals had been in power had been an advocate of closure. Mr. Carvell in his speech had said closure was only broached three years ago. Mr. Meighen read a long quotation from Mr. Carvell's speech in 1908 advocating closure and proclaimed the right of the majority to conduct the business of the country in most compromising terms.

Moreover Mr. Pugsley, on July 24, 1911, had advocated closure and described the conduct of the minority in holding up business as refractory.

Mr. D. P. McKenzie moved the adjournment and the House adjourned at 11 o'clock.

**Was Afraid COLD WOULD DEVELOP INTO Bronchitis.**

Bronchitis begins with a tightness across the chest, difficulty of breathing, and a wheezing sound from the lungs. There is also a raising of phlegm from the lungs, especially in the morning. This is at first white, but later becomes of a greenish or yellowish color, and is occasionally streaked with blood.

On the first sign of a cold or cough take Dr. Wood's Norway Pine Syrup and see it turning to bronchitis, for once bronchitis gets installed into the system it is only a short step to Consumption.

Mrs. F. Saunders, Toronto, Ont., writes: "It is with great success I have used Dr. Wood's Norway Pine Syrup. My little girl had an awful cold which seemed to go to her throat and chest, and while she was sleeping one could distinctly hear her wheezing. I was afraid it would develop into Bronchitis, so as soon as my husband came home I sent him right away to get a bottle of Dr. Wood's Norway Pine Syrup. As soon as she awakened up I gave her a dose and continued its use until she became quite better. We only used half a bottle. I will never be without it as I consider it invaluable."

**What's in This Bag?**

**FERTILIZER.**—Yes, but what kind of fertilizer? This is the important question.

The average mixed fertilizer does not contain enough Potash to produce the biggest crops.

Agricultural authorities will tell you that most crops remove from the soil two to three times more Potash than Phosphoric Acid. Yet the average mixed fertilizer contains about 8 p. c. Phosphoric Acid and only 2 p. c. Potash.

Fertilizer for grain crops should contain at least as much Potash as Phosphoric Acid. For fruit crops and truck insist upon a 10 p. c. fertilizer.

If you use factory mixed fertilizer, insist that your dealer furnish you with goods of the above analysis. High grade fertilizers are always cheaper per pound of plant food—and plant food is what you pay for when you buy fertilizer.

If he cannot supply you and you are compelled to buy low grade fertilizer, add enough Potash to this to increase the Potash content to the required amount.

If you will write us our experts will tell you how. We will also send you proof that

**"Potash Pays"**

Decide now how to get the right crop from your soil by using high grade Potash fertilizers. Your harvest will be larger than ever before—and at improved quality.

If you want to, you can mix your own fertilizer at home—our Scientific Bureau will tell you how. We are at your service at all times with regard to proper fertilization of your crops.

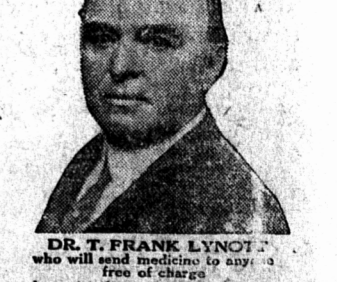

If your dealer cannot supply you with Potash, write us, sending his name, and we will see that you are supplied immediately. We can sell direct you if you wish. We have large stocks of Potash stored at Toronto, Montreal and St. John, N. B., and can ship promptly.

**I Will Stake This Medicine Against Your Time**

**A Few Days Will Be Sufficient to Prove That You Are Curable**

A few minutes of your time for a few days and I will demonstrate to you, without expense to yourself, that I have a medicine that drives out of your system the cause of kidney trouble, bladder trouble and rheumatism. I don't ask you to take my word for it, but simply want you to let me send you some of this medicine so that you can use it personally.

**DR. T. FRANK LYNOTT**  
 who will send medicine to anyone who will send medicine to anyone

I am trying to convince sufferers from these diseases that I have something far better than the usual run of medicines, treating some of the leading symptoms of kidney, bladder and rheumatic troubles. If you notice one or more of these symptoms you need this medicine, and I will be glad to send you numbers of the symptoms you have given your age, and your name and address. My address is Dr. T. Frank LYNOTT, 1100 St. George Street, Toronto, Ont. You promise me nothing; you pay nothing for it. All I ask, you should be able to do, is to send me the numbers of your symptoms or a description of your condition, and I will take the medicine according to the directions I send you. It is my way of proving to you that my medicine is what it will become widely known.

few days to demonstrate to your own satisfaction if they are curable, especially when you consider no expense is involved, and I willingly give you my time and my medicine. All my fair-minded afflicted persons want to know is if a certain thing will cure HIM or HER, and here is an opportunity to find out without cost, obligation or important loss of time. THESE FEW DAYS may be the turning point in your life.

All who are interested enough to write me for the free medicine will also receive a copy of my large illustrated medical book which describes these diseases thoroughly. It is the largest book of the kind ever written for free distribution, and a new edition is just being printed. I will also write you a letter of diagnosis and medical advice that should be of great help to you; but in order to do this I must know the numbers of the symptoms that trouble you, and your age, and I will promptly carry out my promise. Show an inclination to be cured and you will be.

- These Are the Symptoms:**
- 1—Pain in the back.
  - 2—Too frequent desire to urinate.
  - 3—Burning or obstruction of urina.
  - 4—Pain or soreness in the bladder.
  - 5—Prostatic trouble.
  - 6—Griping pain in the stomach.
  - 7—General debility, weakness, dizziness.
  - 8—Pain or soreness under right rib.
  - 9—Swelling in any part of the body.
  - 10—Constipation or liver trouble.
  - 11—Pain in the hip joint.
  - 12—Pain in the neck or throat.
  - 13—Pain or soreness in the kidneys.
  - 14—Pain or soreness in the joints.
  - 15—Pain or swelling of the muscles.
  - 16—Griping pain in the nerves.
  - 17—Acute or chronic rheumatism.

**Why is the Blood Impure in the Spring?**

The artificial life of the winter—the artificial foods—the impure air of indoor life—the sedentary habits—the lack of outdoor exercise—all tend to make the blood thin, weak, watery and impure. The nerves are starved, exhausted, and wasted—the nerve force required for the proper workings of the heart, the lungs, the stomach, the liver, the kidneys and other organs is not forthcoming and the whole system becomes weakened and run down.

—you can protect yourself by using Dr. Chase's Nerve Food.

The spring air is often laden with disease germs. The waste and decayed matter of winter is thawed out, and forms a regular hotbed of disease, from which arise poisonous gases and germs of disease.

People with rich blood throbbing through their arteries need have little fear, for disease seeks out the weak and exhausted for its easy victims. For such there is no season more to be dreaded than spring.

Is this spring to be pleasant or disagreeable to you? Are you to feel invigorated by the fresh Spring air; to rejoice in the opening bud, the sprouting blade, and chirping of the birds? Or will you be overcome with languor and weakness, suffer from headaches and body pains, and drag yourself languidly about as though you had no interest in life and had lost all vigor and energy?

It is for you to decide this question, for the difference is in the state of your health, the richness and purity of your blood, and the vitality of your nervous system. After the debilitating influence of the artificial winter life, nine people out of ten require some restorative preparation to put their system in order for the enjoyment of life.

As a means of enriching and purifying the blood, building up the system, and revitalizing the wasted nerves, there is yet to be discovered a preparation in any way equal to Dr. Chase's Nerve Food.

This great food cure is composed of the most powerful restoratives to be found in all Nature's realm. It actually forms new, red corpuscles in the blood, feeds and builds up the shrivelled nerve cells, and gives new vigor and activity to every organ of the body.

When spring comes vitality is at low ebb, and nine persons out of ten require restorative treatment to form new, rich blood and revitalize the nervous system.

Disease lurks on every hand in the spring time, and finds lodgment in the weak, run-down and exhausted system

**Dr. Chase's Nerve Food**

The great nerve restorative, 50c a box, 6 for \$2.50, all dealers, or Edmanson, Bates & Co., Limited, Toronto.
