**RECEPTION FOR REV. A. HART DAVIS AND MRS. DAVIS OF PORT HILL**—Last Thursday evening the congregations of the Port Hill parish with other members of the community, tendered a reception in King George's Hall at Port Hill to Rev. A. Hart Davis and Mrs. Hart Davis, (nee Miss Grace Wilkinson of Toronto). Mr. Wm. Dennis, senior warden, acted as chairman. On the platform with Rev. Mr. Hart Davis and Mrs. Hart Davis were Mrs. Henry Newcombe, Mrs. A. Maynard, Rev. J. A. Nicholson of the United Church, and Rev. E. White of the Presbyterian Church. Speeches welcoming the rector and his bride were made by a number of the men from the parish and the churches. A beautiful bouquet was given to Mrs. Davis by Miss Marjorie Newcombe and Lillian Maynard. Rev. Hart Davis, who has been rector of the Port Hill parish for the past year, thanked the people for the very kind reception they had tendered to his bride and himself upon their taking up their residence at the rectory.—S.

**SAD BEREAVEMENT**—Much sympathy is extended to Mr. Peter M. MacCaull and his family in the death of his wife, which occurred at her home last Saturday at the early age of 37 years. Mrs. MacCaull was formerly Miss Millicent Waugh of Wilton, and her many friends there were grieved to learn of her passing. She was a devoted wife and mother, and will be sorely missed by her children and her family. She was a great worker in the church and community, and was also a member of the L. O. E. B. of Millerside. Besides her husband there are seven young children and three stepchildren left to cherish her memory. The stepchildren are George, and twin brothers Arnold and Sinclair. There are also left to mourn, her mother, Mrs. Thomas Waugh of Wilton and the following brothers and sisters, Samuel Waugh, Kelvin, Robert, Waugh, Beattie, Lloyd, Beattie, Mrs. Beattie Mul-tan, Carleton, Mrs. Earle Huess, Wilmont; Mrs. Freeman Huess, Wilmont; Mrs. Waller MacCaull, Fernwood, and Norman Waugh and Miss Alice Waugh, on the home stead. The funeral service will be held at the residence in Ellerslie this afternoon, service starting at the home at two o'clock, followed by a service at the Tyne Valley Presbyterian Church.—S.

### HELP KIDNEYS

**Don't Take Drastic Drugs**  
Your kidneys have nine million tiny tubes or filters which are constantly at work filtering out poisons from the blood. If kidney trouble or bladder weakness makes you suffer from Backache, Headache, Stiffness, Rheumatism, Nervousness, Irritability, Acidity or Loss of Energy, don't delay. Try the Doctor's prescription called "Fur" which cleans and heals sick kidneys. Starts work in 15 minutes. Keeps you healthy. Yacht and money in 48 hours. Write in 15c to Dr. J. H. H. for full particulars. No charge and money back. At all drug stores.

### LUMBER

All Grades in both Rough and Dressed also Frame Stock and all Grades of Cedar Shingles at lowest prices. Wire or write.

### Farewell To President Of C. Y. M. L.

A special meeting of the Catholic Young Men's League was held on Sunday afternoon for the purpose of bidding farewell to their President, Mr. Cecil Carver, who is a member of the staff of the Provincial Bank of Canada and has been transferred to Charlottetown. The meeting was presided over by the First Vice-President, Mr. Alban Arsenault. The following address was read to Mr. Carver and he was presented with a lovely leather club bag.

**ADDRESS**  
Mr. Cecil J. Carver,  
President of the Summerside Branch of the Catholic Young Men's League:

Dear Fellow Member,—The announcement of your removal from our midst came as a distinct shock to your fellow members and citizens generally. We have come to look on you as a permanent fixture to whom we could always direct a question from our work.

By your diligence and enterprise you have become an integral part of this society, and your versatile ability has made you a predominant factor in practically every activity of ours.

During the several years you occupied the position of Treasurer in our Society we were always sure that the funds were properly handled and this is only one capacity in which your exceptional executive ability was evident. In our dramatic productions you displayed extraordinary talent, amability of disposition, and untiring sacrifice, and the place you have earned in our hearts will stand as a testimonial of your historic prowess.

The high place you held in the hearts of your fellow members was properly attested when you were elected to the highest position in our Society. And in the office of our President you worthily sustained the trust imposed in you. Your loss to us in this capacity and in all other spheres of endeavour will be sorely felt and it is with feelings of genuine regret that we must submit to your departure.

Our feelings are tempered somewhat in the knowledge that your transfer means a material advance for you, and we know that if your meritorious services are recognized, you will go still further up the ladder of success. Another thing that helps somewhat is the fact that you are not going too far away from us and that we must say "au revoir" and not "good-bye."

We ask you to accept this small token as an expression of our appreciation and not for its intrinsic value.

In conclusion, Cecil, we beg to assure you that you are carrying the best wishes of the members of the C. Y. M. L. all the members of the C. Y. M. L. Sincerely submitted on behalf of the C. Y. M. L.,  
**GORDON SULLIVAN,**  
C. Y. M. L. Secy.

Mr. Carver, in reply thanked very sincerely all the members for their gift and their expressions of affection, and regret at his departure. He had always considered it a privilege to do anything in his power for the benefit of the C. Y. M. L. and he would be glad to do anything in his power to help the C. Y. M. L. in the future.

Father O'Hanley, in a few words, congratulated Mr. Carver on his promotion and said he felt he would progress steadily. He had been impressed with his personality from the first time they had met and as their acquaintance grew he became more and more convinced that he was destined for great things.

Other members spoke expressing their personal regret, as friends, at Cecil's leaving and good luck to the meeting, closed by all hands singing "For He's a Jolly Good Fellow" and "Auld Lang Syne".—S.

### FARMERS TAKE NOTICE

Farmers who are unable to purchase their supply of TIMOTHY and CLOVER SEED for cash, call and see us. We are in a position to make arrangements whereby you will be able to get your supplies from us on time.

### C.C.F. POLICY ADVOCATED BY EX-ISLANDER

**Mr. Angus McInnes, M.P., and Mrs. McInnes Address Charlottetown Audience.**

"Following our visit I have no doubt that several C. C. F. candidates will be placed in the field in the Maritime Provinces before the next federal election takes place," Mr. Angus McInnes, native-born Prince Edward Islander and labor member of Parliament for Vancouver South told a Charlottetown audience last night in answer to a question from the floor.

The Co-operative Commonwealth crusader with his wife, (who is a daughter of Mr. J. S. Woodsworth, C. C. F. leader), revisited his native Province to tell the people about his party's policy. It was the first time that Woodsworthite speakers carried their campaign into Canada's Island Province.

"A change in our economic system in Canada must come rapidly," Mrs. McInnes told her audience. "There is no place for youth under present conditions. A quarter of a million young people left our colleges and schools last year and only one in ten got jobs. Travelling from one end of Canada to the other, Mr. McInnes and I have come in close contact with the other nine in the Nova Scotia town of Antigonish the other day we saw a representative group of them—youth men squatting on benches on the main street. There was nothing for them to do."

"No doubt," she continued, "you'll find evidence of the unemployment of youth in Charlottetown. You have no relief camps, fortunately, in this province. But there are hundreds of Nova Scotian youth in relief camps, a thousand in New Brunswick, and you know well that the situation in the West. We lost one generation of youth in the world war. They went to their death valiantly—but now we cannot afford to lose another generation—to be dragged down physically and morally by unemployment."

Mrs. McInnes explained the development of the Canadian Commonwealth Federation from a dream to the party now the official opposition in British Columbia and Saskatchewan, and stated they expected to make substantial gains in the coming federal elections. The C. C. F. appealed to "high-minded altruistic people" who desired to see the principles of Christianity and social justice become a reality.

Seven days a week and for seven days a week, the speaker pleaded to save civilization from disaster. Capitalism had served its day, she said, and it was absolutely necessary for a change. Machine production had increased wealth until it had become a curse. Distribution was inadequate, and she disagreed with the "old politicians" who urged throwing fish back to the sea, burning coffee, storing wheat, and plowing crops back into the earth.

"Who owns the world?" she asked, and brought out figures she claimed proved that one Canadian controls five billions of Canada's property. Practically all the larger corporations were owned or dominated by the directors of three banks. This wealth, in her opinion, should belong once more to Canadians. International Nickel, a Canadian company, has a monopoly on the world's supply of nickel, much of which, she said, was being exported profitably to the United States. The program of the C. C. F. is to pass laws to recover this wealth and pass it back to the Canadian people.

Mr. McInnes' address "When I returned to Prince Edward Island with my wife and saw your red soil and trim houses growing outward appearance at least of prosperity I wondered what appeal we could make to an Island audience, and then I was told by the chairman to appeal to your intelligence—that is what I intend to do," Mr. McInnes said at the outset.

The chief fault he found with the two political parties in Canada, the speaker said, was that each party blamed the other for conditions. The only solution to Canada's economic ills as he saw it was social ownership of natural resources and the control to convert them to wealth for the commonweal.

"There have been a great many changes in Prince Edward Island since I left," Mr. McInnes declared. "When I left for the West many years ago, most of the young people were leaving the country. Those conditions do not prevail today. When I arrived in the West the West was all optimism, everybody was hopeful. People expected to get rich quick by selling real estate to everybody else. But now young people do not leave Prince Edward Island. There is a good reason. There is not so much promise in the West today as there is in the east. Depression was felt in the West at least a year and a half before you felt it. Today there is no hope for the young people when they have finished their education and there will not be until they see a man with his knowledge can use natural resources to bring comforts he never dreamed of."

Quoting a United Church Committee report signed by Sir Robert Falconer, also a native born Islander, Mr. McInnes read: "No Canada-

### Rebekah League Entertained

Prizes were presented to the winners of the Rebekah Bowling League at an enjoyable function presented to the members of that league by the Y. M. C. A. last evening.

A period of bowling was enjoyed after which refreshments were served by the Ladies' Auxiliary and members of the Board of Directors. Mr. W. R. LePage, chairman of the Games Committee addressed the gathering and presented the various prizes. The Secretary, Mr. Norville E. Lusk also spoke to the ladies indicating the pleasure of the Association at having the Rebekahs as bowlers in the Y. M. C. A. and expressing the desire of the Association to do everything possible to improve the service to the patrons of the alleys.

The "Sports" captained by Mrs. G. R. Beer were the winners of the silver trophy offered for annual competition. The individual members were presented with china cups and saucers as were the winners of the three high scoring prizes.

Following are the winners: "Sports," Mrs. G. R. Beer (Captain), Mrs. Howatt, Mrs. Crockett, Mrs. Matheson, Mrs. Lafferty, Miss Matheson, Miss Young and Miss Mary Callum; High three, Miss Helen Finlayson; High single, Mrs. Beer; High average, Miss Helen Finlayson.

### EDUCATIONAL GROUPS FORMED FOR ADULTS

MONTREAL, May 13—Results of adult education will be announced June 12 at a meeting in Quebec of the committee appointed last year in Toronto to conduct the survey.

Col. Wilfred Bovey, chairman of the committee, announced here today. The meeting will convene under the presidency of W. J. Dunlop, director of the department of university extension and publicity at the University of Toronto.

Col. Bovey said great progress had been made during the past year in the survey under the general supervision of Dr. Peter Sandford, of the Ontario College of Education. Proposals of the committee will be considered at meetings to be held at Macdonald Agricultural College, Ste. Anne de Bellevue, Que., June 14 and 15.

Some adult educational groups, notably in eastern Nova Scotia had directed their activities towards the discussion of economic matters while others have kept to the general field of culture. Sixty groups have been formed in Prince Edward Island, he said.

"We have dire want in the midst of plenty," the speaker asserted, "until we change the purpose of industry there is no hope."

A Nova Scotia member of Parliament had said that within five years the two parties, Liberal and Conservative would become extinct. The speaker agreed with this prediction, stating that what had occurred in Great Britain and it would follow in Canada.

The Co-operative Commonwealth Federation, Mr. McInnes insisted, was a new heaven and earth, being satisfied with the old earth, if it were run differently, and feeling that control of heaven was none of their business.

The solution of Canada's economic worries was contained, he asserted, in the manifesto adopted at the Regina Conference last summer. By it, the party would establish in Canada a Co-operative Commonwealth for use and not for profit of those things Canada needs. It would bring health and prosperity to the producers, by scientific planning of economists, engineers and statisticians, who would determine what Canada has and needs. Private property except for persons, such as clothing, homes and furniture, would be taken over by the State, and the highest possible standard of living would be obtained by social ownership.

The Bennett program was a step in the right direction, Mr. McInnes said, and he had voted for it as such, but it did not go as far as the C. O. F. wanted it and, in his opinion, it was a ghost of the platform he represented. Mr. Bennett worked harder, perhaps, than any other man in Ottawa, but no party, Liberal or Conservative, O. F. or combination of them could succeed in wiping out misery under a capitalist system.

Mr. Wellington Dixon presided at the meeting which was held in the Casino dance hall.

A vote of thanks was moved by Mr. W. E. Bentley, K. C., and seconded by Major Duvar. Mr. Bentley referred to the low price of property and the fact that there was something wrong in the economic system, but explained that he did not know enough about the C. O. F. system to say whether he approved or disapproved of it.

Mr. McInnes' address was well received and he was complimented on his clear and concise presentation of the C. C. F. program.

### TOWN COUNCIL BUDGETS FOR DEFICIT

Councillor Nicholson, chairman of the finance committee, at the regular meeting of the Summerside Town Council held last night, brought down the budget for 1935. Councillor Nicholson regretted to say there would be a deficit of \$1,089.94, which was due to the School Board asking for an increase of \$1,800.00 in the amount usually voted for school purposes. The sum of \$10,000 is the amount set aside for school purposes but in previous years the board has only asked for \$8,000. The increase this year is for the increase in teachers' salaries.

Councillors expressed themselves as surprised that the School Board should ask for the increase at a time when the town's finances were at a low ebb. Councillor McKay reported that the value of property had depreciated to the extent of over \$8,000 this year in the town, but that the taxes would remain the same as previous years.

Councillor Nicholson in presenting his budget allowed a total revenue of \$68,079.50, total expenditure \$69,169.44. They had decreased the expenditure of the unpaved streets \$4,000, but with the increase in the amount voted for school purposes this saving did not help much. Had the school not asked for this extra expenditure the town would have been able to show a surplus. Other figures submitted by Councillor Nicholson showed that the utmost economy would have to be practiced so as not to be too far in debt at the close of the year.

A motion was passed to issue bonds for \$30,000.00 at 4 percent to mature in 15 years for unemployment projects, etc. A motion was passed to issue bonds for \$3,000.00 for extending the water and sewerage works. A motion was passed fixing the rate of pay of the town employees at \$1.00 per hour for labour, forty cents for man and horse, 65 cents per ton for sand and \$1.25 per ton for stone. The assessment rate and poll tax to remain the same as other years.

Several minor motions were passed and reports of committees received and a council adjourned until Thursday, 17th.

### ANNIVERSARY

(Continued from Page 3)

had the opportunity of meeting all classes and conditions who look at life and its many problems from different viewpoints. But the closer I have come in contact with them all and tried to help them solve the difficulties, to right the wrongs with which they wrestle and to soothe the heart-ache of sorrow, the more firmly convinced I am that the only solvent is the gospel of Jesus Christ. And today as I put my hand to the world's palpitant and beating heart, and count its beat, this is what it seems to say, "Tell me the old, old story of Jesus and His love." This alone I find can allay the fever of life and satisfy the hunger of the longing soul.

The speaker agreed with this prediction, stating that what had occurred in Great Britain and it would follow in Canada.

The Co-operative Commonwealth Federation, Mr. McInnes insisted, was a new heaven and earth, being satisfied with the old earth, if it were run differently, and feeling that control of heaven was none of their business.

### ONLY YOUR DOCTOR SHOULD PRESCRIBE DRUG STIMULANTS

**Avoid Caffeine Over Stimulation**

**CAFFEINE**, well known as a heart stimulant, is sometimes given in from 1 to 5-grain doses in hospitals. Is this the same drug that you are consuming day after day in your cup of tea or coffee? It certainly is. Caffeine appears to renew your flagging energy. But this continual stimulation never has time to wear off. Sooner or later permanent damage may be done. The heart becomes affected.

There are, of course, many people who can drink tea and coffee in moderation without feeling the ill-effects—without suffering from sleeplessness and other distressing disorders. But not everyone, by any means.

Dr. Postum—a grand way of avoiding drug-stimulants. Appetizing—sustaining. This beneficial hot drink contains no trace of any poison or drug-stimulant. Instantly made in the cup at a cost of about half-a-cent. 45 cups to a 30c tin. There's Postum Cereal, too, made by boiling or percolating 20 minutes. Try Postum for 30 days. We'll start you out on your test by giving you your first week's supply free. Write Consumer Service Department, General Foods, Limited, Cobourg, Ontario. Do it today.
