A LARGE number of lobster dealers in Boston have been approached during the last few days by an agent, representing certain capitalists, who propose to buy up the lobster business so that it can be controlled in the interest of the New York and Western markets. The agent declared that he was backed by a syndicate which has $7,000,000, which will be invested for the purpose of gaining absolute control of the catch in the Provinces, and the control of the Boston firms engaged in distribution. It is understood that Armour and several other big meat dealers are the parties represented.

THE young people of Clinton have started up a Literary Society known as the Clinton Literary Society.—Olive Branch Division is still to the front having a membership of about eighty. THE percentage of attendance at the Macdondald school in Kingston, N B is so satisfactory as to cause some comment. One of the staff said that last term, before the larger pupils began to attend, the perecentage of attendance was 95 and for the whole term it equalled if it did not slightly exceed the averages in the city. The good service of the vans as well as the enthusiasm of the children account largely for this gratifying attendance. The school was closed one day and a number of the vans have missed only that trip.—St John Telegraph.

WORD has been received of the safe arrival at Bombay, India on January 15 of G. H. Alexander, Stanhope. Mr. Alexander left New York the latter part of November and had a most enjoyable trip. Several others en route to India were in company with him. The journey was made by way of the Strait of Gibraltar and stopping for five days at a seaport town of Italy a very pleasant time was spent. After passing through the Suez Canal a call was made at Salone. The journey was then resumed until Bombay was reached. Mr. Alexander has charge of a church with 400 of a congregation of English speaking people at Puna. He has started the difficult and arduous task of studying the language of the natives.

THE death occurred at Rose Valley, P. E. I., February 22, at the home of Margaret McDonald of John A. McLennan at the age of 26, son of John and Mrs. McLennan; Junction Road. John A. had been sick for five years. He worked at the stone works in Quincey, Mass for three years where he took sick. He came to his home on P. E. I. in hope of regaining his health, but he gradually grew worse until four years ago he had to undergo an operation in the P. E. Island Hospital and since he was improving until five weeks before his death when he took an attack of heart trouble which caused his demise. He was a young man of estimable worth and will be greatly missed not only from the home but also from among his numerous acquaintances in whose affection he held a high place. He bore his illness with Christian fortitude never murmuring even when he suffered most and when it became evident to him that his days to remain on earth were few he rejoiced that he would soon go to be with his Savior.

SUPERIOR MERIT.

Remarkable Curative Properties of a Remedy for Indigestion and Stomach Weakness.

Stuart's Dyspepsia Tablets, a preparation for the cure of dyspepsia and the various forms of indigestion and stomach trouble, owes its great success as a cure for these troubles to the fact that it is prepared for disease and weakness of the stomach and digestive organs only, and is not recommended or advised for any other disease.

It is not a cure-all, but for any stomach trouble it is undoubtedly the safest, most sensible remedy that can be advised with the prospect of a permanent cure. It is prepared in tablet form, pleasant to taste, composed of vegetable and fruit essences, pure pepsin and Golden Seal, every one of which act effectively in digesting the food eaten, thereby resting and invigorating the weak stomach; rest is nature's cure for any disease, but you cannot rest the tomach unless you put into it something hat will do its work or assist in the digestion of food.

That is exactly what Stuart's Dyspepsia Tablets do, one grain of the digestive principle contained in them will digest 3,000 grains of meat, eggs or similar wholesome foods, they will digest the food whether the stomach is in working order or not, thereby nourishing the body and resting the stomach at the same time, and rest and nourishment is nature's cure for any weakness.

In persons run down in flesh and appetite these tablets build up the strength and increase flesh, because they digest flesh-forming food which the weak stomach cannot do, they increase the flow of gastric juice and prevent fermentation, acidity and sour watery risings.

Stuart's Dyspepsia Tablets can be found at all drug stores at 50 cents per package.

What is there that will make such a good showing in a room at so small a cost as Wall Paper, especially if you buy from us, just opened $2000.00 worth of new and pretty designs for 1905.
