JAIL REPORT
 "The insecure and disgraceful state of the Jail of Charlotte-town has been frequently complained of by former Grand Juries but as we are sorry to perceive, without any effectual relief provided."
 The above was not written yesterday, nor was it written regarding the present jail (though the words have a familiar ring and many Grand Juries of the past decade would readily recognize them as their own).
 It was taken from a report of a Grand Jury in 1829.

"WE SERVICE THEM ALL"

Back in 1934, over a quarter century ago, the fishing industry in Prince Edward Island was not as advanced as it is at the present time... nor, for that matter, were we. However, over the years the industry itself has progressed and developed... and as one of Prince Edward Island's primary industries, contributes largely to the economic life of the entire Island. We are privileged to play a part in that industry... and, as such, consider it as a matter of pride that we have kept pace with the industry... doing everything possible to provide those services so essential and necessary... and which we stand behind with the finest service. In our 30th year we look forward to a progressive and prosperous year for the fishing industry... and for all those engaged in its work and endeavors.
