Accident Gets Truck Driver 7-Day Term

A truck driver was sentenced to seven days in jail and his companion ordered to pay a fine of \$20 and costs as a result of an unusual accident which occurred shortly after 1:30 a.m. Thursday morning. Both appeared before Magistrate K. M. Martin in City Police Court Thursday morning. The driver of the vehicle charged with drunken driving and his companion charged with being drunk and incapable. They were arrested by a City Police squad headed by Sgt. Anthony J. Lund when they returned to view their handiwork for the second time. About one hour previously the 1/2 ton Ford in which the two men were travelling, while proceeding South on Elm Avenue, mounted the sidewalk and demolishing the verandah in front of house number 129, owned by Harry Craig, swept further along and wound up against the fence on the far side of the FINA station next door.

Service Held In Bible Chapel

Though rain continued to fall outside a group of people enjoyed showers of blessing inside as they attended the Charlottetown Bible Chapel to hear Mr. Christensen speak on the subject "The Great Judgment Morning". His text was taken from Revelation Chapter 20: 11-15.

Mr. Joseph Wootton led the meeting in a singing. He also sang two solos "The Stranger of Calice" and "The Great Judgment Morning".

Tonight the speaker will be Perry F. Rockwood.

DAG TO SPEAK

OTTAWA (CP)—UN Secretary-General Dag Hammarskjöld will address the Ottawa branch of the United Nations Society May 30, it was announced at a society meeting Wednesday

TOO EARLY TO PREDICT RECORD

More Lobster Gear Set Out Than Ever Before

In the opinion of reliable sources in close touch with the industry the size of early hauls would indicate that the Island lobstermen should have a "fairly successful" year.

On the other hand these same sources contend that it is yet far too early to predict that existing records would be shattered or seriously threatened.

Veteran observers point out that more "gear" was set out this year than ever before, with the natural result that the bulk of the season's catch would be landed in the early part of the season.

In 1956, including the late season, 1,347 boats fished a total of 420,000 traps in Island coastal waters.

1,400 BOATS

This year it is estimated that approximately 1,400 traps handling close to 500,000 traps will leave the island shores in search of the tasty crustaceans.

In addition, industry spokesmen assert that it is impossible to assess the probable catch in the area affected by the storm last weekend, or in the Victoria-Point Prim section which does not produce its largest landings until at least mid-May.

SOURIS

Catches along the Province's East Coast are down considerably in comparison with last year reports from Souris state.

One fisherman who always brings in around 1,500 pounds on his first day's haul each year, this year had only 1,000. Another who usually expected to land 800 pounds saw his first day's haul cut to half of this amount.

LACK OF ICE BLAMED

The almost complete freedom from ice during the mild winter just ended is blamed for this drop.

Fishermen say that traps coming to the surface in this area are covered with a slimy deposit, evidence of the dirty condition of the sea floor.

This condition would not occur they say following a normal winter. In their opinion the lobstermen refuse to travel unless the bottom is comparatively clean.

FAMOUS RED 'NYET'

"But when we try to make it possible to revise them on the basis of reciprocal international inspection that will give a large measure of assurance against surprise attack, the Soviets say 'nyet.' They did so again at the United Nations Security Council last week.

"The Soviet Union professes not to want to use nuclear weapons in its own arsenals. It calls on the free world to rely upon Soviet promises not to use its nuclear weapons in the event of war."

Dulles said if the non-Communist world accepted this line "freedom would have no adequate defence."

"There is a duty," he added, "to look behind words that sound

Dulles Warns China, Russia Seek Domination Of World

PARIS (AP) — State Secretary Dulles of the United States arrived Thursday from Berlin, where he had declared in a speech to West Berlin's parliament that Red China and the Soviet Union are bent on dominating the world.

Dulles, who is brief U.S. ambassador in Europe after the NATO conference in Copenhagen, declared in his Berlin speech the Soviet Union is using talk of disarmament as a smoke screen to "produce a world dominated by the military power of the Chinese-Soviet bloc."

"The Soviet government," he added, "is attempting by every act of propaganda to compel the abandonment of our (military) shield."

"It claims that those who create that shield are 'aggressive groups.' It claims that those who seek only defence should prove it by renouncing all but inferior weapons, leaving modern weapons to be a monopoly of those who have a 'tragically long record of expansion by the use of violence."

"But when we try to make it possible to revise them on the basis of reciprocal international inspection that will give a large measure of assurance against surprise attack, the Soviets say 'nyet.' They did so again at the United Nations Security Council last week.

"The Soviet Union professes not to want to use nuclear weapons in its own arsenals. It calls on the free world to rely upon Soviet promises not to use its nuclear weapons in the event of war."

Home, School Ass'n. Meets

The monthly meeting of the Queen Charlotte Home and School Association was held last night in the school library.

The guest speaker was Mrs. A.M. Johnston who spoke to an enthusiastic group on retarded children, stating that Charlottetown boasted a splendid clinic deserving of the support of every citizen.

Following the regular business, the annual meeting was held, reading of reports and election of officers. The new slate includes Mr. Stewart Williams, President; Mrs. Earl Norrie, vice-president; Mrs. MacDonald, secretary; Miss Anne Matheson, treasurer. The retiring president, R.E. Giggey, occupied the chair.

A hearty vote of thanks was tendered the outgoing executive by Mr. Reg MacNutt.

A very successful financial report was given by Mr. Stewart Williams on the recently held Musical Concert.

At the close of the meeting the catering Committee served lunch.

Give Cause Of Train Accident

KINGSTON, Jamaica (Reuters) — Faulty brakes and excessive speed were blamed Wednesday for a Jamaican train crash last September that killed 137 persons.

Almost 70 other passengers were injured when a train crowded with excursionists was derailed, with one coach plunging down a 20-foot ravine.

A three-man inquiry commission found that engineer Garnett Lurch was not responsible for the accident but that he was at fault in allowing the train to reach too high a speed on a severe downgrade before attempting to control it.
