

**A Bone Cavern in Ireland.**

The bone cave at Shandon, near Dun-  
garran, in the county of Waterford,  
accidentally discovered some twenty  
years ago, was the first Irish cave  
which produced animal remains be-  
longing to the pleistocene period. In  
it were found remains of the mammoth,  
horse, bear, wolf, and reindeer. The  
explorations of this cave are still going  
on and they promise to open out a new  
era in the pre-historic history of Ire-  
land.

**The Cental System.**

The cental system, that is the buy-  
ing and selling of grain by the one  
hundred pounds instead of the bushel,  
is, we believe the legal system in Can-  
ada; but the law has not yet been adop-  
ted by merchants or enforced by rulers.  
The practice of our neighbors, however  
seems tolerably certain to secure its  
enforcement very shortly. It was sanc-  
tioned by the British Parliament last  
year, and took effect in the United  
Kingdom on the 1st of January, 1879.  
It has been in vogue for some time in  
California, and has lately been adopted  
by the New York Produce Exchange  
by a vote 717 ayes and 232 nays. The  
cental system will be brought into re-  
quisition as soon as possible, and the  
Board of Managers will probably fix  
the date (probably September 1st),  
after which all transactions are to be  
made in hundred pounds, or the mul-  
tiple thereof. All the leading Boards  
of Trade throughout the country, the  
Toledo Produce Exchange alone excepted,  
have signified their unqualified ap-  
proval of the new system. The Toledo  
Exchange declined to give any reasons  
for withholding its assent, but after the  
change goes into effect, it will probably  
fall in. This will introduce a new stan-  
dard for the sale of flour, grain and  
other produce, and will do away with  
the adversity which now exists. In  
face of this action at home and in the  
States it will be impossible for Canada  
to hold on to the bushels and barrel  
measures; and in view of this fact it  
is almost time for our Corn Exchang-  
ers to be moving in order to secure the  
adoption of the cental system after  
next harvest.—*Toronto Mail*

**Ploughing by Electricity.**

For some time past, says a corres-  
pondent of the *Times*, interesting ex-  
periments have taken place at Sermaize  
les Bains (Marne), France, in the use  
of electricity as a motive power, and  
during the past week an important trial  
of ploughing by electricity was accom-  
plished in the presence of various of-  
ficials. The trial resulted in a complete  
success. (The plough worked steadily  
and completely to the satisfaction of all  
present.) M. Gourguillon, of Vitry le  
Francois, who saw the experiment,  
speaks of it in the most assuring terms.  
He says the motion is conveyed to a  
drum from the electric machine and  
thence by a coil of wire to a plough.  
Their was no stoppage of any kind, but  
the plough did its work steadily, about  
eight inches deep. The inventor is a  
M. Felix, owner of a large sugar man-  
ufacture at Sermaize les Bains. It may  
be many years before this can be  
brought into profitable practical use,  
but if it can, what a revolution it will  
accomplish. If motive power can be  
utilized from electricity for one thing,  
why not for another? M. Peronne, of  
Sermaize les Bains, who, writing to  
one of the papers, is very sanguine of  
its ultimate accomplishment, says "it  
may be utilized in towns and places for  
industrial purposes—a powerful elec-  
trical machine might be constructed,  
and the power conveyed by wire to dif-  
ferent industries at a moderate cost to  
those using it." The correspondent  
adds that he is unable to say whether  
the cost of ploughing by electricity is  
more or less than by steam power, but  
he thinks it is probably more at pre-  
sent.

**Ask Yourself these Questions.**  
Are you a despondent sufferer from Sick  
Headache, Habitual Costiveness, Palpita-  
tion of the Heart? Have you Dizziness of  
the head? Is your Nervous system de-  
pressed? Does your blood circulate badly?  
Have you a cough, low spirits, coming up  
of the food after eating? &c., &c. All of  
these, and much more, are the direct re-  
sults of Dyspepsia, Liver Complaint and  
Indigestion. GREEN'S AUGUST FLOWER is  
now acknowledged by all Druggists to be a  
positive cure. Two million four hundred  
thousand bottles were given away in the  
United States through Druggists to the  
people as a trial. Two dozens will satisfy  
any person of its wonderful quality in cur-  
ing all forms of Indigestion. Sample bot-  
tles 10 cts. Regular size 75 cts. Sold  
positively by all first-class Druggists in the  
United States.

**The Armed Organizations.**

Interviews with organizations in Chicago  
which have arms and ammunition indicate  
that they intend to comply with the State law  
and disband if unable to secure a license to  
retain their arms. The organization of work-  
ingmen, some nine hundred strong, from which  
some trouble has been anticipated, intend to  
appear with their arms soon after July 1st,  
when the new law takes effect, and allow  
themselves to be arrested, that a test case may  
be arranged and the constitutionality of the  
new law decided. The prospect of trouble on  
the Fourth of July at Chicago, is therefore  
nearly removed.

**CATARRH.**  
**Constitutional Catarrh Remedy**  
**CURES CATARRH.**

Hear what a Reverend Gentleman says of the  
*Constitutional Remedy.*

**T. J. B. HARDING, Esq.,** Brockville, Ont.:—  
**DEAR SIR**—It is now two years since your  
"Constitutional Catarrh Remedy" was intro-  
duced to me. I have waited this long to see  
if the cure would remain permanent before do-  
ing this, my duty, to you, as at first the happy  
effects seemed to me to be "too good to be  
true."

I was afflicted in my head for years before I  
suspected it to be Catarrh. In reading your  
Circular I saw my case described in many par-  
ticulars. The inward "drop" from the head  
had become very disagreeable, and a choking  
sensation often preventing me from lying long.  
I would feel like smothering and be compelled  
to sit up in the bed. My health and spirits  
were seriously affected. When your agent  
came to Walkertown in August, 1876, I secured  
three bottles. Before I had used a quarter of  
the contents of one bottle I found decided re-  
lief, and when I had used two bottles and a  
third, I quit taking it, feeling quite cured of  
that ailment, and have not used any since until  
of late I have taken some for a cold in my head.

A sense of duty to sufferers from that loath-  
some disease, Catarrh, prompts me to send  
you this Certificate, unsolicited, with leave to  
make what use of it you may see proper.

Yours truly,  
**W. TINDALL,** Methodist Minister.
