Welsh Pay Tribute To Beloved Saint
 (By The Canadian Press)
 The big day of the year with a real and lively meaning for the Welsh, St. David's Day, will be celebrated Saturday.

Welshmen at home and abroad will pay their tribute to the Saint who founded 12 monasteries, lived a life of self-abnegation, and set an example that has inspired his countrymen for nearly 1,500 years.

Actual dates of David's birth and death are confused but he probably was born shortly before the year 500, and died near the end of the sixth century. He was one of the devoted Celtic missionaries who carried Christianity throughout Wales.

More than 60 churches in South Wales still bear the name of the Saint whose life gave use to a score of legends. It is said that the ground where he stood raised itself into a mound so that the audience might better see the venerable David.

His fame increased after his death. Tradition says his bones were taken to Glastonbury some 300 years after his death, and by the time William the Conqueror crossed the channel David's sanctity and importance were generally recognized. He was formally canonized about 1120 by Pope Calixtus II, at the request of King Henry I.

He took the national emblem of the small principality of Wales, is credited to St. David. The story goes that in the confused battle between the Saxon invaders and the fighting Welsh, the latter could not tell friend from foe. David told the warriors to pick the Saxon and place them in their hats to show they were Welsh, and the Welsh carried the day.

FARM PRICES
 Continued from page 8
 dealer is stopped by a severe scarcity of cars. These two factors are unfortunate as our supplies are backed up and it retained too long time will be a strong pressure later when roads open and cars become more readily available.

If potatoes could have been moved in a normal steady volume, the market requirements could have been supplied, and the market steadied, and normal market pressure. With potatoes priced as they are there is no question but the market tone has improved and should remain, barring unusual conditions, continued bad roads and car scarcity, steady from now on in. To those who are near shipping centers I would say by all means keep the spuds moving.

The following are the reports from various centers as secured to-day:

O'Leary: Cars scarce. \$2.00 per bus. at the farm for both seed and tablestock. Hauling and grading them. — Summerside: Short of cars. Tablestock—\$1.90 per bus. Movement slow. Seed—\$1.90 per bus. Market better.

Borden: No report but \$2.00 is being paid by some although there are considerable potatoes to be shipped.

Charlottetown: Cars scarce. Seed and tablestock \$1.90 per bus. Market is fairly keen but still precarious due to hold up of cars.

Murray Harbour: Very little doing. Very scarce. Some are ready to ship. No price set.

Vernon River: Nothing moving this week. Turnips going well.

Cardigan: Very little moving. Pretty well cleared out. About \$1.85 for seed and tablestock. Turnips 60c.

Morell: Nothing doing during the week. No price. No cars. Quite a few to sell.

Souris: Seed and tablestock \$1.85 delivered. Moving well but short of cars.

Elmira: No tablestock. Seed \$1.85 per bus. Short of cars. Quite a bit to ship. Price strengthening.

Montague: No roads. Cars scarce. Quite a few to move. Market stronger.

Kensington: Seed and tablestock \$2.00 per bus. Cars scarce. Market strengthening.

Grains
 Grain prices have eased somewhat since our last broadcast, but the market is still an up and down affair.

Coarse grains are still the best buy, with No. 1 Oats carlot, bulk, at \$2.73 per cwt. and No. 1 Barley at \$2.99 1-2. Millfeeds are down about \$2.00 per ton, but too high to merit much attention. Provisions are still out of sight and very scarce. Local grain supplies are being applied to livestock finishing, and prices being asked for feed oats are getting out of line with the imported product.

Dairying
 Dairy prices remain unchanged as follows: Halifax—Local Jobbing—72c; Factory—70c. New Brunswick—Jobbing 72c; Wholesale—70c. Charlottetown — Jobbing 71c; Wholesale 69 1-2 cents.

We have received some complaints that there has been price cutting by Island firms in the Halifax market. There should not be any reason for this under conditions of short supply. The practice only serves to indicate the heed for centralized independent and controlled administration.

Eggs and Poultry
 Egg production to date in all provinces, excepting Ontario and Quebec, is considerably higher than in 1951 and somewhat higher than in 1950. We are inclined to compare production figures for the year 1950 as this was the year of heavy production and comparatively low prices and should give some idea as to the prospects in poultry raising for 1952. Egg prices to date are similar to prices paid during the same period in 1950, being 30c basis Grade A Large. Since production and price presently is the equal of 1950, we can look forward to a season of heavy egg receipts with comparatively low prices. These calculations can be upset by a decline in the number of baby chicks purchased which will be reflected in lower receipts and higher prices starting possibly in August of this year.

Egg prices remain unchanged. Dealers are quoting producers for ungraded eggs delivered: Charlottetown: AL 31, AM 28, AS 24, B 24, C 18. Summerside: AL 32, AM 29, AS 25, B 25, C 18. Montague: AL 30, AM 27, AS 23, B 23, C 17.

Dealers are quoting station operators for the graded pack delivered AL 37, AM 34, AS & B 30, C 25. It is believed in some instances these prices are being shaded upwards. Whole eggs to retail: AL 40, AM 37, AS 33, B 33, C 29. Retail to consumer: AL 48-50, AM 42-3, AS 40, B 39-42.

O'Leary and Vicinity
 —Mrs. Benjamin Dumville of West Cape and her two daughters, Audrey and Fairlie, have moved to O'Leary where they will reside in the future. They are receiving a cordial welcome to the village. The girls are in grades eight and ten respectively.

During Education Week from March 2 to 8, a special meeting will be held in the O'Leary Hall. Interesting educational films will be shown, and the Discussion Group will be conducted by Rev. Lewis M. Murray of the Kensington United Church.

Storm Severe in Prince County Area
 The third major storm to hit this Province within two weeks broke on Wednesday night and by daylight on Thursday morning, traffic of all kinds was about at a standstill.

According to the meteorological section at the R.C.A.F. station in Summerside there was a 10 to 14 inch snowfall. At 7:30 Thursday morning there was recorded wind velocity of 45 miles per hour with gusts up to 70 miles. At noon the wind had subsided to 36 miles with gusts to 50 miles with indications that during the afternoon the wind velocity would increase considerably.

The western train from Tignish arrived in Summerside at 11:30, the regular 7:30 train left Summerside but the train from Charlottetown due in Summerside at 10:00 o'clock had not reached Summerside at 1:00 o'clock when C. N. R. officials could not indicate when it was expected to arrive.

All buses were cancelled and no move was being made to start work on the highways as the indicated increase in the wind velocity made such work useless.

Town plows were busy all during the day keeping as many of the main streets open as possible with particular attention being given to traffic to the Prince County Hospital.

Telephone communication in Summerside and vicinity suffered only slightly. Officials reported about 25 phones out of order with one toll line to Alberton and one to Charlottetown also out.

Most of the big stores in Summerside were closed during the morning as well as a number of the smaller ones. Public schools, the Summerside High School and St. Mary's Convent, all grades remained closed during the day.

R.C.A.F. Assoc. Holds Meeting
 —At the regular monthly meeting of the Summerside Wing of the R.C.A.F. Association held on Wednesday evening in the club rooms, Mr. Jock Hopkirk presided in the absence of the president, Mr. Gregory Mulholland, who is absent from the province on business.

It was decided that the club rooms would be opened on Monday, Wednesday and Saturday beginning on March first. At present the rooms are open on Wednesday and Saturday only. Mr. Jock Hopkirk, the vice president, was appointed as delegate representing the Summerside Wing, and Mr. Mulholland as delegate representing the province to the Maritime convention of the Association which will be held in Halifax on March 14th at the Nova Scotian Hotel.

The delegates will be replaced by those provided by the R.C.A.F. Station, on March 13th.

The Air Cadet Committee announced that on Friday March 7th at 8:00 P.M. the Group Captain Lewis trophy would be presented to the local squadron of Air Cadets and also that wings would be presented to the members of the squadron who passed their flying training. The presentation will be made at the R.C.A.F. station by Group Captain A.G. Kenyon. —S.

Suspense Drama At The Capitol
 —Suspenseful melodrama, superbly acted, has come to the Capitol Theatre in "The Man Who Cheated Himself," starring Lee J. Cobb, Jane Wyatt and John Dall. The Jack M. Warner production sends the young producer off to a flying start with his first effort and brings Cobb back to the cameras. Impressively following his New York triumph in "Death of a Salesman."

It is Cobb's penetration of the character of a veteran police detective who ought to know better but gets involved with a murder rap while covering up for a fickle society woman he loves, that gives the film its unusual distinction. Of added value to "The Man Who Cheated Himself" is the circumstance that Cobb's younger brother is his own protege on the force, and cracks the case. Solving the criminal case is only the beginning of the young man's personal conflict. How it unravels and is finally decided provides strong fare for film fans at the Capitol Theatre.

Conway and Vicinity
 —Mrs. Gabriel Bulger, Foxley River, was in Summerside on Monday, February 25th on business.

Mrs. George Thompson was in Summerside on Monday, February 25th.

Mr. Leo Lynch, Foxley River was in Summerside on Monday, February 25th on business.

Miss Mary Bulger, who has been employed in Alberton for some time, has returned to her home at Foxley River.

Mr. John J. Murphy was in Tyne Valley on business recently.

The many friends of Mrs. George P. Palmer, Freehold, will regret to learn she hurt her ankle badly.

The many friends of Mrs. Benjamin Bridges, Inverness, will regret to learn she is confined to her bed. Mrs. Mark Coughlin is spending a few days with her. —P

Missionary of the United Church in Korea, she is well known in O'Leary where she took her preliminary education when her father, Rev. Robert Murray, was the minister of the then O'Leary Presbyterian (now United), Church from 1910 to 1921. Dr. Murray says: "I am working on the Danish Red Cross Hospital ship, Jutlandia, where we have about one hundred Korean patients. We take the worst cases from the Korean army hospitals, often those for whom the staff have not the equipment or the training to treat." Dr. Murray's address is: 417 Chwa Chun Dong, Pusan-chin, Korea. —AZ.

London, — (CP) — Norval Gibbons, 46, a tea-taster for 25 years, decided to enter a wine-tasting competition "Just for fun." He won third prize, a half-case of port and sherry.

Southampton, England — (CP) — The 13,000 ton liner, Captain Cook, which served as a Canadian hospital ship in former years, left here with more than 1,000 immigrants to New Zealand.
