THE DAILY EXAMINER.

JANUARY 13, 1891.

Civic Affairs.

FINANCIALLY, the corporation of Charlottetown stands well. The Balance Sheet for the year ending 31st December, 1890, shows an excess of assets over liabilities amounting to $26,703 93. Assuming that a portion of the assets *are* merely nominal, this statement ought, all things considered, to be fairly satisfactory to reasonable citizens. It appears, further, that there was a balance of $149 82 in favor of the City in respect to the last year's transactions. This amount added to the uncollected rents and taxes, makes an apparent gain for the year of $4,266.26. If with this we could have seen a few substantial improvements, such as a portion of macadamized street or a strip of permanent sidewalk, and if a good effort had been made to enforce the Scott Act law, citizens would have little real cause for complaint against the present council. The macadamizing of Queen Street should, we think, have gone on in the past year as it went on in several previous years. Citizens like to see "something for their money"—some permanent improvement going on. Our sidewalks have been disgraceful. They are going from bad to worse. It seems a pity that the work of macadamizing was stopped, and that a system of permanent sidewalks had not been adopted. Effort in these directions should certainly be made during the present year.

THE EXAMINER'S opinion respecting the treatment accorded to the W. C. T. U. have already been stated. Substantial justice in respect to the payment of the ladies who, as a forlorn hope, came forward to assist in the enforcement of the law, should be done as soon as possible. The reference of the question to counsel other than the Recorder seems to be needless and useless Equity, as well as law, is with the ladies. Let the ladies be paid.

Civic Reform.

THE Civic Elections are again upon us. Yet no step has been taken since the early part of last year towards either a readjustment of Wards, or the alternative of abolishing the Ward system and electing the Councillors as the Water Commissioners and the Mayor are elected, viz., by the votes of the citizens at large. That the northern part of the city is not, at present, represented fairly in proportion to its population, is a fact which no man can dispute. That the City Council, as at present constituted, cannot possibly manage civic affairs satisfactorily, is also a fact—though some persons may, perhaps, be found to dispute it. How is it that the intelligent, energetic citizens of Charlottetown are so negligent concerning the best interests of the Corporation? How is it that every movement for civic reform is undertaken only a week or two before the Legislature is prorogued, and that the measure, when submitted, is only partially matured, and not at all supported by the united voice of the city? This question of reform should be properly submitted to the citizens at the approaching election The candidates should be prepared to express their opinions concerning it, and to stand or fall, be elected or be rejected, as they may be able to commend their opinions to the good sense of the electorate. But the question of civic reform is not in form to be submitted to the people. Nothing has been done about it! Will anything be done?

Basket Social at Princetown Road.

According to announcement, a literary entertainment and basket social was held in the Methodist Church, Princetown Road, on Wednesday, the 7th inst. The evening was fine and the church was filled to its utmost capacity.

The chairman, Rev. Mr. Turner, delivered the opening address, after which followed readings, recitations, etc., interspersed with vocal and instrumental music.

The hour for the sale of baskets having arrived, Mr. Fredk. Horne came forward and acted as auctioneer, and the amount realized from the sale evidenced the ability of the salesman to extract from the purchasers the "uttermost farthing."

After the sale a busy scene took place, at the close of which the baskets appeared to be considerably lighter than when Mr. Horne was commenting on their weight and the dainties they were supposed to contain.

The gross receipts amounted to over $47.

The committee of management take this opportunity of thanking the public for their generous patronage, and the several parties who took part in the entertainment, for their kindness and assistance.

City Fathers in Council.

BUSINESS TRANSACTED—THE W. C. T. U. CLAIM AND OTHER MATTERS — MAYOR HAVILAND'S ANNUAL ADDRESS.

THE regular monthly meeting of the City Council was held last evening, as announced. Besides His Worship Mayor Haviland and His Honor the Recorder there were present: Councillors Morris, Byrne, Hughes, Crabbe, Douse, Large, Eden, McCarron and Taylor. The attendance of spectators was large.

After the minutes of previous meetings were read and adopted, and the payment of a number of bills was confirmed,—

Mayor Haviland asked the Board, on behalf of the City Clerk, for an order as to the taking of greenbacks in payment for taxes and other debts due the city, viz., if that official should take them at their face value or allow for the discount made by the banks?

The clerk was instructed to take the discount off in every case.

His Worship informed the Board, that the City Clerk, Mr. Davison, had furnished the sureties required of him by the city, and it was ordered that the bond given by Mr. Davison, as auditor, be returned.

A letter from W. W. Clarke, lessee of Queen's Wharf, dealing with the bad condition of that structure and the buildings thereon, and asking that the necessary repairs be made or he be relieved of his contract for the remainder of the term, was referred to the Public Property Committee to report upon at next meeting.

A memorial was read from the W. C. T. U., asking that their claim against the city for certain moneys expended by them in enforcing the Canada Temperance Act be paid out of the amounts collected for fines under that Act. Their former claim amounted to $367.51; and since that claim was made they have disbursed for the same purpose $232.29, making the total amount expended $599 80.

Councillor Crabbe said that according to the order of Council no money grants such as the W. C. T. U. asked for could be paid without giving a month's notice. This regulation had been complied with in reference to the first claim put in of $367.51, and he, therefore, moved that the amount be paid, giving notice at the same time that at the next meeting he would move that the amount of their second claim be paid.

Councillor Hughes seconded the motion.

Councillor Morris said that he thought the matter was dead now.

Mayor Haviland thought differently, and explained the action taken by the Board when the matter was formerly up for consideration. His Worship also referred to the great safeguard the city had in the resolution relative to the summary granting of moneys for purposes not contained in the annual estimates.

Councillor Morris was of opinion that it would be illegal to pay the money to the W. C. T U, as the city had a regular Prosecutor, and moved the following resolution:

Resolved, That the memorial of the W. C. T. U. be referred to the Finance Committee so that they may be able to obtain legal advice thereon and report at next meeting of the Board.

Councillor McCarron seconded the motion.

Councillor Douse asked the Recorder if it would be illegal to pay the money to the W C, T. U?

His Honor said the Board had a legal right to vote the money if they wished.

Councillor Hughes asked the Recorder if he had the power to give the money to the W C T U without a vote of the Council?

The Recorder said he had no such power.

Councillor Taylor said he could not vote for the giving of the money to the W. C. T. U. to-night, as the Finance Committee wished to procure legal advice on the matter; but if the legal advice obtained was favorable to the payment of the claim, he would vote for it if he were re-elected.

Councillor Morris' amendment was then put and carried on the following division:

Ayes—Morris, Byrne, Eden, McCarron, Taylor.

Nays—Crabbe, Large, Douse, Hughes.

Mayor Haviland submitted fly sheets of his annual address—all that could be obtained from the printer before the meeting closed. The address reads as follows:

Total Water Debentures issued	$175,000 00
Total Net Debt of City, Dec. 31, 1890	$309,278 78

The total net ordinary City Debt, December 31st, 1890, amounted to $134,278.70, thus showing an increase to the amount of $2,833.01.

The addition made to the Funded Debt since December 31st, 1890, was: Water Works Construction, $10,000.

From practical experience whilst holding the office of Mayor, I have come to the conclusion that in consequence of the increased and still increasing business connected with the City, the time has arrived when the law requiring the annual Civic Elections to be held on the last Wednesday in the month of January should be changed to the latter end of the month of February, as it is impossible to have the public accounts and the official reports from the various Departments of the City, which do not close until the 31st of December in each year, printed, published and circulated amongst the electors for examination and information, a sufficiently reasonable time before the annual elections take place.

I am glad that the suggestion contained in my report of January, 1887, relative to the summary granting of moneys for purposes not contained in the annual estimates was adopted during the past year by a unanimous resolution of the City Council, and that now no money grants outside the estimates can be voted unless one month's previous notice has been given to the Council

Several stables were destroyed by fire during the past year, which were evidently set on by incendiaries, and although the City Council offered pecuniary rewards for the discovery and conviction of the perpetrators thereof, there has been no evidence forthcoming to identify and bring them to justice. At one of the fires the life of a noble and highly esteemed citizen, Mr. Theophilus J. Farquharson, was sacrificed in attempting to rescue from the flames two valuable horses, belonging to J. D. McLeod. The efficiency of the Fire Department, and the priceless value of our water works was self-evident at all the fires, from the prompt manner in which they were extinguished and prevented from spreading through the blocks of houses where they originated.

The City Council have agreed with the Prince Edward Island Electric Company to enter into a new contract with them for the term of five years from December last, for lighting the streets by electricity,—under the provisions of which contract there will be an increased number of electric lamps distributed through various streets of city.

This autumn the Charlottetown Driving Park and Provincial Exhibition Association held their first Provincial Exhibition on their beautiful and picturesque grounds, just outside the city limits. It is reported that on the days of the horse races nearly 8,000 visitors were present on the grounds, gathered from all parts of the Island and the sister provinces, and I am proud to bear personal testimony to their great sobriety of conduct and orderly behaviour. No argument is required to prove the great benefit arising to our citizens from having such an annual exhibition held in our midst.

On Thursday, the 23rd of October, the city was honored with a visit from His Excellency the Governor-General of Canada and Lady Stanley, of Preston. The City Council, on their Excellencies landing from H. M. S. Canada, proceeded to the Legislative Council Chamber and presented a loyal and hearty address of welcome, and His Excellency returned thanks for the same in a gratifying and happy oral reply.

I regret that during the past year Mr. A. H. Macpherson, who had held the office of City Clerk ever since the month of March, 1883, was compelled to resign his position in consequence of severe and continued illness, which unfitted him for the responsibilities of public business. By his resignation the city has lost the valuable services of an able, diligent and faithful officer.

Council adjourned.

Personal.

We regret to hear by cablegram to Messrs. Peake Bros. & Co., of the death of William Bullen, Esq., Liverpool, England. Mr Bullen acted as general agent for merchants in this Island and was highly esteemed and respected.

Dr F. P. Taylor, Mrs. Taylor, and Miss Taylor, accompanied by Mr. Frank Heartz, left this afternoon for Europe. THE EXAMINER wishes the party a pleasant trip and safe return.

Mr. Stephen Swabey, Scholar and B. A., of Pembroke College, Oxford, second son of the Rev. Henry Birchfield Swabey M A., Chaplain of the Royal United Hospital, Bath, was admitted into Holy Orders by the Lord Bishop of Carlisle, on Sunday, the 21st December, in the Cathedral Church at Carlisle. He has been licensed to the curacy of Scotby, near Carlisle. Mr. Swabey is a native of this city.

MARRIED.

At Charlottetown, on the 24th ult., at the residence of W. N. Toombs, Esq, brother-in-law of the bride, by the Rev. W. H. Spargo, Mr. Robert Henry Barrett, of Kingston, Lot 31, to Miss Lousia Bryenton, fourth daughter of Mr. Christmas Bryenton, of Union Road, Lot 33.
