

# MacKINNON TRANSPORT OBSERVES 20th ANNIVERSARY

## Business Started In 30's Has Steadily Expanded

Mr. Keith MacKinnon is one of the successful men in the Maritime Trucking Industry. Born in Montserrat in 1916, he was educated at Montague High School and Prince of Wales College.

His venture into the highway transport business began when he was 17 and the purchase of one truck. This vehicle, a ton and a half Chevrolet, was used in general trucking in the vicinity of Montague.

With the addition of a daily service to Charlottetown other trucks were added. It was in 1941 with the advent of the Wood Islands-Caribou ferry service and the opening of the mainland market to Island producers that the real expansion of the Keith MacKinnon Transport began.

In the beginning he specialized in the carrying of perishable products such as meat, butter, eggs and cheese and transported general merchandise on return trips. He still adheres closely to the same pattern, but admits that he has hauled about everything one could mention.

In addition to local runs to Souris, Summerside and Montague, MacKinnon Transport also provides regular service to Saint John and Halifax where agents and offices are maintained. In a working agreement with other carriers on the mainland, freight can be handled to any point in the Maritimes.

To accommodate customers mov-

ing long distances the firm has connections with Furniture vans which operate anywhere in North America.
