YOUR HOROSCOPE

LEO

24 JULY 24 AUGUST
Take great care in money-making decisions during the next two or three weeks. Do not buy anything on impulse. You find your love life has gone on the rocks, but have faith, by next week your affair is back to normal.

VIRGO

24 AUGUST 23 SEPTEMBER
Fun and work do not go together this week. You therefore have to make the decision on which one you are going to spend your time on. If you choose work, then buy contact cement; but if your choice is fun, then don't drive.

LIBRA

24 SEPTEMBER 23 OCTOBER
Avoid your professors this week. The trick that you played on her/him was not very nice. Change your name and move to a different country. Why not try Siberia, it is nice at this time of the year.

SCORPIO

24 OCTOBER 22 NOVEMBER
Find yourself a group of friends and go to the beach this weekend. Gatherings of this sort will evoke that artistic idea that you have been toying with for the last week. Bring along some friends who are Libras.

SAGITTARIUS

23 NOVEMBER 22 DECEMBER
Loves me, loves me not. Loves me, loves me not. That person you have been dating recently wants you to make a decision on how serious your relationship is. Don't be taken in; just remember it's love that you're taking about.

CAPRICORN

23 DECEMBER 19 JANUARY
Your behavior on intellectual situation this week will depend on your performance in your social life. If you have an understanding audience things will go great. Don't get nervous if you start talking and everyone stops.

AQUARIUS

AQUARIUS
20 JANUARY 19 FEBRUARY
Try to stay away from narcotic substances, you may receive unexpected visitors. It may be necessary to borrow money this week but beware of your debts.

PISCES

20 FEBRUARY 21 MARCH
Avoid exercise for the remainder of the month. Your moon is in Uranus and this will leave you quite inept in all sports. Pulled ligaments may result.

ARIES

22 MARCH 20 APRIL
The spirit of herbs and cereal has entered the fourth lunar quadrant this week. Attempt to appease her by avoiding eating whole wheat bread and keep off the grass.

TAURUS

21 APRIL 21 MAY
Try not to make rash decisions this week. Your friends will not appreciate your unsolicited opinions, either. Keep your mouth shut.

GEMINI

22 MAY 22 JUNE
Honesty is the best policy. This week will find you in a terrible state. That minor wrong you did last week has gotten you into hot water. Do not try to wheel your way out, tell the truth and everything should be okay.

CANCER

23 JUNE 23 JULY
Your acting abilities have come to surface this week. A star is born and you are on cloud nine. Don't go too high up or you might not ever come down again. If this happens you are going to lose a lot of special friends.
