

A Startling Fact

"Life is sweet" is an old saying, and just as true as it is old. No one in his or her right senses courts death; all wish to prolong life to the utmost limit, and yet in spite of this universal desire to live the all-otted three score years and ten—and even longer—thousands upon thousands of people through carelessness and neglect, are hastening the time when they must stand face to face with the grim reaper, and make the plunge alone into "the dark valley of the shadow of death."
