Rain, Wind and Lightning.

GREAT DESTRUCTION OF LIFE, PROPERTY AND CROPS.

DETROIT, Mich., July 12.—Pontiac, Port Huron and St. Clair, in this State, were visited on Friday by a destructive storm of wind and lightning. It struck Pontiac at noon, and seriously damaged the spires of the Congregational and Episcopal Churches, the jail and Sewell's livery stable, and unroofed a number of dwellings. The damage to the crops and orchards in the vicinity of Pontiac is very great.

Port Huron advices state the storm passed over that city a little after 11 o'clock, flooding the country with rain. The wind blew down the new Methodist church, inflicting a loss of $15,000. It also blew the side out of Taylor's planing mill, blew down Pine Grove brewery, entirely demolished Barren's photograph gallery, unroofed the Grand Trunk freight house, and the Minnie & Graham blocks, and many houses and barns in different sections of the city were upset or unroofed. A boy named Hoffman had both legs broken by a barn falling on him. A street-car driver named Burns, was seriously injured in the head by a falling brick. Store fronts were smashed in and the goods therein were greatly damaged.

AT ST. CLAIR

many trees were blown down and several buildings unroofed. Mr. Johnson a farmer, was seriously injured by a falling barn.

ST. LOUIS.

ST. LOUIS, Mo., July 12.—The rain, which is said to be the heaviest that ever fell here, flooded cellars and damaged goods stored therein to a large extent. The lightning struck several places in and around the city. The storm interrupted telegraphic communication on every route leading from the city. Damage to the crops in the surrounding country is very serious, and will inflict heavy losses upon farmers.

CANADA.

COLLINGWOOD, Ont., July 12.—A yacht was capsized by a squall in Georgian Bay on Friday, and Robert Wardell, of Baltimore, was drowned. Four others were rescued.

DAMAGE IN OHIO.

JEFFERSON, Ashtabula Co., Ohio, July 12.—This section of country was visited by a hurricane on Friday afternoon. Business blocks and residences were unroofed, and the damage to the crops and fruit trees is very heavy. In some cases the roofs were carried 200 feet. No lives lost.

CINCINNATI, July 12.—Advices from points in the interior and eastern portion of the State indicate that the storm last evening was very severe and in many instances disastrous.

At Mansfield the hardware store of P. Schall was unroofed, the roof carried 150 feet, demolishing a barn and a beer saloon. The Smith Opera House was partially unroofed. The damage to crops is very great.

At Degran a number of houses were blown down, and the whole country covered with water. The crops were levelled.

At West Salem a young man was killed by a barn door.

All through the State the day had been intensely hot, and the air very sultry and oppressive.

Yellow Fever.

IMPORTANT PRECAUTIONARY MEASURES.

WASHINGTON, July 12.—The yellow fever news has had the effect to cause the Board of Health authorities to take special precautions. A representative of the Board of Health, speaking of the sanitary regulations there, says it is not thought wise to go at once to the extreme of cutting off all water communication with Southern ports, which would be very injurious in a commercial point of view, but the most stringent quarantine regulations are and will be enforced.

Every vessel coming to Baltimore from ports south of Cape Henry and from Southern ports is stopped at quarantine and throughly examined. All vessels which come from ports where contagious diseases are known to exist, even though they may have no sickness on board, are kept at quarantine for 24 hours are thoroughly fumigated and disinfected, and the vessels having sickness on board are detained until all danger of contagion is over.

A careful watch is also kept of arrivals by rail from southern cities, and while refugees from Menphis might not prevented from coming into Baltimore, yet their presence would be quickly known and an investigation made by the health authorities to satisfy them that there is no danger from infection.

The internal sanitary measures now in force are such as to give general assurence that there is scarcely any possibility of a germination of any fatal contageous disease, even in the most unhealthy districts.

Dredging was commenced this morning to cut the new sanitary channel from north of the great sewer across the Kidwell meadows to the main channel of the Potomac. It is expected that this will abate sewerage nuisance along the river front.

Liver is King.

The liver is the imperial organ of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with dyspepsia or liver complaint, and all the numerous symptoms that result from an unhealthy condition of the liver and stomach. Sample bottles to try, 10 cents. Positively sold in all towns on the Western Continent. Three doses will prove that it is just what you want.

CATARRH.

Constitutional Catarrh Remedy
CURES CATARRH.

Hear what a Reverend Gentleman says of the Constitutional Remedy.

T. J. B. HARDING, Esq., Brockville, Ont.:—

DEAR SIR—It is now two years since your "Constitutional Catarrh Remedy" was introduced to me. I have waited this long to see if the cure would remain permanent before doing this, my duty, to you, as at first the happy effects seemed to me to be "too good to be true."

I was afflicted in my head for years before I suspected it to be Catarrh. In reading in your Circular I saw my case described in many particulars. The inward "drop" from the head had become very disagreeable, and a choking sensation often preventing me from lying long, I would feel like smothering and be compelled to sit up in the bed. My health and spirits were seriously affected. When your agent came to Walkertown in August, 1876, I secured three bottles. Before I had used a quarter of the contents of one bottle I found decided relief, and when I had used two bottles and a third. I quit taking it, feeling quite cured of that ailment, and have not used any since until of late I have taken some for a cold in my head.

A sense of duty to sufferers from that loathsome disease, Catarrh, prompts me to send you this Certificate, unsolicited, with leave to make what use of it you may see proper

Yours truly,
W. TINDALL, Methodist Minister.
