WIFE AND HOME.

Let rakes extol a roving life,
Of freedom prate, and all that,
Of noisy brats and scolding wife,
And doctor's bills, and all that;
Though fools may rail, and jest, and scoff,
A wife's the thing, for all that.

The time, they'll find, is not far off
When so they'll think for all that.
'Tis true, when youth and fortune smile,
And health is firm and all that;
When wine and song, and dance beguile,
Whereby, and all that;

When every place where'er you roam,
Has jolly friends and all that:
You want for neither wife nor home,
Nor sympathy for all that.
But age comes on with stealthy pace,
And sober thoughts, and all that;

Trouble will show her frowning face;
Sickness, and pain and all that;
The feast, the bowl, will lose her powers,
And revelry, and all that;
Then shall we need, to cheer the hours
A wife, a home, and all that.

Oh! "when misfortune clouds the brow,"
Disease, and death and all that;
Then, "woman, then an angel thou"
To soothe, and cheer and all that;
Thy gentle tones beguile our pains,
Our sleepless nights, and all that;
Thy voice the sighing soul sustains,
With hope, and trust, and all that.

VARIETIES.

A HAPPY LAND.—A writer from Florence says that in some respects Italy is the most delightful country in the world. It is a land, for example, where cleaning house, washing day, and all other such interesting epochs in the American calendar, are intolerated and unknown. This exemption from the great domestic evil of cleaning house is owing not so much to a love of dirt as to the peculiar construction of the buildings. Thus, for instance, where the ceilings and wall are frescoed, or the latter covered with silk or paper hangings, there is no need of white-washing, and where the panels and doors are of marble or oak, there is no necessity for scouring paint. The ceilings and walls are kept clean by long-handled brushes. The carpets there are fastened to iron rings in the floor, by means of large hooks in the binding, and thus can be laid down again as noiselessly and easily as bed covers. In Italy a large portion of the house work, such as washing, cleaning windows, &c., is done at an early hour in the morning, before the family are awake for the day; and so quietly is it accomplished, that to a stranger it seems as if the invisible wand of some mighty magician had changed all in the night.

BLUCHER.—When old Blucher was in England he was invited to Oxford to have a doctor's degree conferred on him. The fierce dragoon was as much amused as delighted at the idea of the honour, and introducing another Prussian general who had been his right-hand man in all his campaigns, observed, in broken English, to the Vice Chancellor, "Sir, if I am a doctor, this is my apothecary." But the veteran made a better hit than that before the day was over. At an evening party given on the occasion, amongst others present was a lady, of whom it was sometimes whispered that she did not belong to a temperance society. We dare say this was all malice. But on this evening it did unfortunately happen that she was in very high spirits. "Who is that lady?" said Blucher, fixing his eye upon her. "That is Miss Sparkle, the daughter of one of our canons," was the answer; at which the shocking old field-Marshal thundered forth, with a roaring laugh, "A *cannon's* daughter! By Jove, I thought so, she looks so *very well charged!*" The *charge* was probably grape.

SOOTHING SYRUP,

For Children Teething.

For the Nervous Affections, Convulsions, Fever, Inflammation of the Bowels, &c. that attend this period of children, she recommends it as sure to produce the desired effect, giving *Rest to the Mother, and Relief and Health to the Infant.*

A child in Congress-Street was cured by the Soothing Syrup, of Infantile Dysentery or Diarrhœa after being given over by the attending Physician.

Mr. Blackman, of Eddington says, it has *never failed to cure* the Dysentery or Diarrhœa in children whenever used in the village. Lots of it is sold.

One parent informs us that his child has suffered to an alarming extent, with Flatulence or Wind Cholic. Lately they have used the Soothing Syrup, and it always effects a *speedy cure.*

Hundreds of like instances might be enumerated.

PROOF POSITIVE.

Messrs. CURTIS & PERKINS:—Please send us a further supply of Soothing Syrup. We are selling large quantities of it, and from what we can learn, it is used with *uniform success*, both by children and adults, in all cases of Dysentery or Diarrhœa.

We cheerfully comply with the request of a friend to insert the following letter which we are assured is from a lady of the first respectability, residing in Lowell, Mass., believing that a vast amount of suffering may be prevented, and many valuable lives saved, by calling the attention of mothers to this valuable prescription of an old and experienced nurse:

Dear Sir:—I am happy to be able to certify to the efficiency of Mr. Winslow's Soothing Syrup, and to the truth of what it is represented to accomplish. Having a family of children, and being a nurse, who could not rest, and at night by his cries would not permit any of the family to do so, I purchased a bottle of Soothing Syrup, in order to test the remedy, and was soon relieved to the perfect according to the directions, its effect upon him was like magic, he soon went to sleep, and all pain and nervousness disappeared. We have used it to trouble with him since; and the little fellow will pass through with comfort, the excruciating process of teething, by the sole aid of Mrs. Winslow's Soothing Syrup. I very mother who regards the health and life of her children, should possess it. H. A. ALGER.

NEUROLOGY, or SCIATIC RHEUMATISM CURED.

This may certify, that for about four years I was seriously afflicted with a pain in the hip, which Physicians termed Neurology, or Sciatic Rheumatism, and resorted to various remedies without any permanent relief; have been under the care of a regular Physician for about a year, but at length I had a very violent attack, which laid me up, when I made use of the *Cramp* and *Pain Killer*, prepared by Messrs. Curtis & Perkins, of Lowell, it gave me immediate relief, and I do not hesitate to say, that it is the best article I ever used. I cheerfully recommend it to all who may be afflicted with similar complaints. HENRY HUNT.

The testimony of one individual we have before us, is quite too acquaintied, entire with it more weight than whole columns of certificates from strangers, whose faces we never saw, and whose certificates, for aught we know, may have been written by the Doctor himself. INDIAN DISPEPSIA PILLS,

For cure of Costiveness, Acidity of the Stomach, Bilious Headache, Dizziness, Heart Burning, Pain in the Side, Lung and Liver Complaints.

DYSPEPSIA AND IDIGESTION,

With Costiveness, Acidity of the Stomach, Heart Burning, Bilious Complaints,—producing Headache, Pain in the side, Loss of Appetite, and general Debility,—can be remedied, removed, and entirely cured, by the use of the *Indian Dispepsia Pills.* These Pills have effected the most astonishing cures in hundreds of cases of the above complaints, and are an invaluable remedy, in an especial manner, for Dispepsia. They are a mild but powerful agent, operating mostly upon the blood, cleansing and purifying the same, and causing the digestive organs to perform their appropriate duties, with regularity.

COSTIVENESS.

Habitual Costiveness is, if not removed in time, a cause of more than half of the disorders and pains to which humanity is subject. The medicines too generally laid recourse to, for the relief of Costiveness, as they weaken the peristaltic action of the bowels, and thus aggravate instead of removing the complaint.

Also, in all Bilious Diseases, attended with Pain in the Side and Right Shoulder Blade, with a dull, sallow countenance. In all Diarrhœa,, Ague and Fever, Bilious Fever and sick headache, they are an invaluable remedy.

They will be found the best Family Physic in the world, purifying the blood, restoring the appetite, and leaving the stomach and bowels in a healthy state. Price 25 cents per box.

For purifying the Blood, we do not believe these ills have their equal in the world.

DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,

Prepared by DR. C. M. JACKSON, *No. 120 Arch street, Philadelphia.*

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching power in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

Read and be Convinced.

The "Philadelphia Saturday Gazette," says of Dr. Hoofland's German Bitters.

"It is seldom that we recommend what are termed Patent Medicines, but the confidence and patronage of our readers; and therefore when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the faculty itself."

"Scott's Weekly," said, Aug. 25—

"Dr. Hoofland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of family weakness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effect they have upon a weak system."

MORE EVIDENCE.

J. G. Moore, Esq., of the Daily News said, October 31st:—

"Dr. Hoofland's German Bitters.—We are trying this renowned medicine for a stubborn disease of the bowels, and we are happy to testify to its efficacy. We have taken the contents of two bottles, and we have derived more benefit from the experiment than we have previously from any of the allopathic treatment at the hands of our first physicians."

Hon. C. D. Hiseline, Mayor of the City of Camden, N. J., says:

"Hoofland's German Bitters.—We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and its influence is exerted upon nervous prostration, is really surprising. It calms and strengthens the nerves, bringing them into a state of quietude, and refreshing sleep.

If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver and nervous system, the great majority of real evils originate, and consequently, if we have them in a healthy condition and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends to use, and not be persuaded to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce sufficient of the same merit."

In this manner prescribing Age, it is rare to find a man place his usefulness to the public, before his interest. During a late visit to the 'City of Spindles,' we were presented by a professional friend, to the celebrated Chemist, DR. J. C. AYER, whose name is now perhaps, more familiar than any other, at the bedside of sickness, in this country. Knowing the unprecedent popularity of his remedies, and the immense sale of them, we had expected to find him a millionaire, and rolling in wealth. But no, we found him in his laboratory, with his burners, retorts, glass crucibles, alembics, and retorts—giving his thes personal care to the compounds, on the virtues of which, thousands hang for health. We learned, that notwithstanding his wealth, and its prompt returns in cash, the Doctor is not rich. The reason assigned is, that the material is costly, and he persists in making his purpose so expensively, that the nett profit is small.—*American Farmer, Phil.*

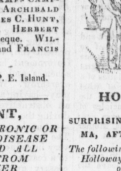
The Far-famed Medicine!



HOLLOWAY'S PILLS.

SURPRISING CURE OF A CONFIRMED ASTHMA, AFTER FIVE YEARS' SUFFERING.

The following testimonial has been sent to Professor Holloway, by a gentleman named Middleton, of Scotland Road, Liverpool.

Sir,—Your Pills have been the means, under Providence, of restoring me to sound health, after five years of severe affliction. During the whole of that period, I have suffered the most dreadful attacks of Asthma, frequently of several weeks' duration attended with a violent cough, and continual spitting of phlegm intermixed with blood. This so shook my constitution that I was unfitted for any of the active duties of life. I was attended by some of the most eminent medical men of this town, but they failed to give me the slightest relief. As a last remedy, I tried your Pills, and in about three months they effected a perfect cure of the disease, totally eradicated the cough, and restored tone and vigor to the chest and digestive organs.

I am, Sir, your obedient Servant,
(Signed) H. MIDDLETON.

Dated Jan. 1st, 1853.

A PERMANENT CURE OF A DISEASED LIVER, OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Teviot, to Professor Holloway.

Dear Sir,—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious complaints, I may mention the following case: A lady of this town, with whom I am personally acquainted for years, was a severe sufferer from disease of the liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,
(Signed) J. GAMIS.

AN ASTONISHING CURE OF CHRONIC RHEUMATISM, AFTER BEING DISCHARGED FROM THE HOSPITAL INCURABLE.

Copy of a Letter from Mr. W. Moon, of the Square, Winchester.

To Professor HOLLOWAY,

Sir,—I have much pleasure in informing you of a most surprising cure of Dropsy, recently effected by your valuable medicines. Captain Jackson, of this place, was afflicted with Dropsy for upwards of eighteen months, to such an extent that it caused his body and limbs to be much swollen, and water oozed as it were from his skin, so that a daily change of apparel became necessary; notwithstanding the various remedies tried, and the different medical men consulted, all was of no avail, until he commenced using your Pills, by which, and a strict attention to the printed directions, he was entirely cured, and his health perfectly re-established. If you deem this worthy of publicity, you are at liberty to use it.

These celebrated Pills are wonderfully efficacious in the following complaints,

Ague	Dropsy	Inflammation
Asthma	Dysentery	Jaundice
Bilious Complaints	Erysipelas	Liver Complaints
Blotches on the skin	Female Irregularities	Lumbago
Bowel Complaints	Fevers of all kinds	Piles
Constipation of the Bowels	Fits	Rheumatism
Consumption	Gout	Retention of Urine
Debility	Head-ache	Scrofula, or
Sore Throats	Indigestion	King's Evil
Secondary Symptoms	Stone and Gravel	Tumours
Ulcers	The Dysentery	Venereal Affections
	Weakness, from whatever cause, &c.	Worms of all kinds

AYER'S PILLS,

A NEW and singularly successful remedy for the cure of all Bilious diseases—Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humours, Nervousness, Irritability, Rheumations, Headache, Pains in the Breast, Side, Back, and Limbs, Female complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can be well while a torpid habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good Purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing anything hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to defy all doubt of the statements.

Among the eminent gentlemen to whom we are allowed to refer for these facts, are

PROF. VALENTINE MOTT, the distinguished Surgeon of New York City.

PROF. J. HAYES, Practical Chemist of the Port of Boston, and Geologist for the State of Massachusetts.

IRA L. MOORE, M. D., an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice.

H. C. SOUTHWICK, Esq., one of the first merchants in New York City.

C. A. DAVIS, M. D., Dep't and Surgeon of the United States Marine Hospital, at Chelsea, Mass.

Did space permit, we could present volumes of such names, from all parts where the Pills have been used, but evidence even more convincing than the recommendation of these undoubted men is shown in their effects upon trial.

These Pills are the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are composed not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process, in a state of purity and combined together in such a manner as to insure the best results. This remedy will undoubtedly far infinitely surpass the best in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. Their power to cure is obvious. While by the old mode of composition, every medicine is burdened with more or less of extraneous and injurious qualities; by this, each individual virtue only that is desired for the curative effect is given, while the inert and mischievous properties of each substance employed are left behind, the curative virtues only being retained. Hence in their self-evident the effect should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently requested that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formula by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition were known! Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject, freely acknowledge the just convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even many confidently, and no willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting wherever they exist such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see our wrapper on the Box.
