

The President Speaks:

Dear Fellow Students,

On behalf of your executive and council I would like to express our appreciation for your voting support, and our hopes that your support will be with us for the duration of our term in office. As there is usually a bit of confusion when taking on a new position, we implore you to be patient and understanding with us.

At present we are preparing and organizing ourselves to meet your needs effectively within our limits, and would appreciate any suggestions from you. Please feel

free to contact us (in the basement of Memorial) at any time. Office hours are posted in the reception area.

The outgoing executive will be holding their final S.U. meeting in the near future - as soon as books have been audited, and final arrangements made.

We will be depending on your support, encouragement and co-operation in creating a unified spirit throughout the general student body.

Sincerely,

Dianne

Short Bursts

HOW DO OTHERS SEE YOU?

Do people see the warmth and friendliness in your smile? Do they feel at ease with you? We all wonder about it every now and then. But if your "problem" days make you more than usually anxious or dispirited, let Tampax tampons help.

Tampax tampons are worn internally, so they won't cause discomfort, can't slip or show. Insertion is easy, even for beginners. No chafing, no irritation, no odor. And you can be yourself every day, without the restrictions of old-fashioned pads.

A cheerful, gracious, personable you is what they'll see—no matter what day of the month it is—thanks to the security of Tampax tampons.

RING OUT THE OLD & BRING IN THE NEW

Aye, tis with a wee bit of sadness and a wee bit of joy that I write this note to the old S.U. and to the new S.U. I guess whether we like it or not it is time to say good-bye to a fare group of hard workin', congenial and all round good lads. To be sure they have carried their responsibilities with a great deal of seriousness, and I must say at times with unlimited capacities of patience and endurance. Aye at times they've been accused of doing the wrong things, and of not doing things the way they should 'ave been done, but they accepted it graciously and perservered.

Aye, and to their credit is the congenial atmosphere that has been created with Student Services. Tis with pleasure, and joy we have found that

these two groups were able to work together, in better assisting the general student body. Sure we had good times and bad, but all productive.

Sure I'll not be supposin that their task was an easy one with so many people and so many ideas, and necessarily so a group such as this needs a good leader. I think it only fittin' to place credit where credit is due, to Mr. Pat Duffy a diligent, cool, and persistent lad. You brought the ship safely and successfully to port, congratulations.

And to the rest of ye all, you've been instrumental in the successful endeavours that have evolved. A good lot ye all are.

It is with pleasure I now turn my attention to a new group who are about to make their debut into the field of

student government and executive responsibility. My congratulations to you all in your success and wishes for lots of good things to come in 73-74. It's like changing course in mid-stream, but I'm sure with a wee bit of wisdom and guidance from those other lads, you'll get along

splendidly. I look forward, with excitement, to working with the new executive, and I am happy to offer my services where ever you see fit. In closing I wish to give a wee bit of advice to the new executive and that is, it is good for the soul to work hard as well as play hard, and I hope you will be able to look back on 73-74, and say it was a productive as well as a happy term in office.

Good Luck to ye all
Marion M.
