Storm Warning Issued

HALIFAX (CP)—The Maritime weather office today issued a storm warning for the three provinces with high winds and heavy rain.

The weather office said at 1:10 a.m. AST that "Hurricane Ginny now appears to be heading for the Maritime provinces."

The office predicted wind gusts may reach 70 miles an hour this afternoon over all Maritime regions except northern New Brunswick.

Nova Scotia was expected to be the hardest hit of the three provinces. Up to three inches of rain was forecast for the province.

Heavy rain already was falling in the Halifax area at 1 a.m.

63 Men Rescued From Mine Cages

JOHANNESBURG (Reuters)—Sixty-three miners emerged unharmed Monday after spending more than 12 hours deep in one of the world's richest gold mines.

The men had been imprisoned in two elevator cages.

Ambulances stood by as the men reached the surface.

Wives and relatives, most of whom sobbing with relief, greeted them.

Earlier reports put the total number of trapped miners at 75 in two groups of 20 and 55. But a mine spokesman said Monday night there were only 13 and 50 in the two cages.

The spokesman said the group of 50 was originally trapped 1,000 feet down but had managed to reach safety in a cable pocket cut into the shaft until rescue was effected.

The group of 13 was 4,000 feet down.

The only fatality in what had threatened to be a major disaster was a white driver of a bus who died after being hit by debris of injuries resulted from the backwash of four 160-ton elevator cables severed by a run-away overloaded carrier.

SLAMS ON BRAKES

Another driver of gear controlling the mine cages slammed on the emergency brakes when he heard the cables snap in the adjoining shaft. This stopped the two cages.

The accident took place in the No. 2 shaft of the Western Deep Level Gold Mine 500 miles west of here.

The mine, in the Carletonville area of the Western Transvaal, is one of the deepest in the world and began production in March 1962.

Anglo-American corporation, owners of the mine, said the No. 2 shaft is "out of commission and the extent of the damage cannot at this stage be assessed."

Personnel Cut-Back Remains Possible

By FARMER THISSINGTON
Capital Bureau, The Guardian

OTTAWA — The fate of the RCMP base at Summerside may be known today or Wednesday, it was learned here Monday following a visit to Ottawa of a five-man delegation from Prince Edward Island.

The delegation, headed by Mayor J. Ernest Morrison of Summerside and including Councilors George Key, Herb Schurman and two provincial cabinet ministers, Henry Wedge and Hubert McNeill, met for an hour on Monday afternoon with Solicitor General J. Watson MacNaught, MP for Prince Edward Island.

After the meeting the delegates said that Mr. MacNaught was optimistic that action will be taken to jeopardize the existence of the base, although there appears to remain some possibility of a cut-back in the number of personnel stationed there.

The delegation is staying in Ottawa Monday night and will be returning to Summerside early today. The Solicitor-General indicated that he might be in a position to make a statement on the subject.

HELLER QUESTIONED

The question of the Summerside base was raised at a news conference after the meeting by Queen's MP Health Minister J. Heller.

Can the minister advise me if he has received a telegram from the Charlottetown and District Labour Council regarding the possible closing of the RCMP Station at Summerside, and as a result will be returning to the province immediately?

It was reported that the premier concerned with the action taken by acting-premier J. D. Stewart in sending a telegram to Prime Minister Pearson protesting the possible closure of the air base.

UNDECLARED WAR HAS REAL PRISONERS

Algerian troops, taken prisoner by Moroccan forces in the undeclared desert war, are marched, hands tied behind them, into Marrakech, Morocco. Taken prisoner in the area of Naïa-Besida, the Algerians marched into Marrakech Monday. Peace talks are scheduled for today, but Western diplomats fear a world crisis may develop.

Moroccans Claiming New Gains

MARRAKECH, Morocco (AP)—Moroccan government troops have moved into the Algerian-held Sahara, pushing close to the center of Tin-douf. The move was seen as an effort to strengthen the hand of King Hassan II at peace talks in Mali today.

Year mounted among Western diplomats, meanwhile, that the UN-declared frontier war between Algeria and Morocco might turn into a conflict between East and West.

Western embassies in North Africa have dispatched alarming reports of sizable arrivals of Soviet weapons in Algerian ports aboard Cuban and Egyptian freighters. Some Westerners believe the arms were part of deals made by Algeria before the border conflict erupted two weeks ago.

There were some reports that the United Arab Republic was sending three battalions of parachute troops recently withdrawn from the Yemen.

Beside Hassan and Premier Ahmed Ben Bella of Algeria, the participants for the talks included Emperor Haile Selassie of Ethiopia and Premier Mohammed Keil of Mali.

President Of Acadia U Is Appointed

DR. BEVERIDGE

WOLFVILLE, N.S. (CP)—Dr. James M. R. Beveridge, 51, of Kingston, Ont., has been appointed president of Acadia University.

His appointment announced at a weekend Founder's Day dinner at the Western Transvaal, is one of the deepest in the world and began production in March 1962.

Anglo-American corporation, owners of the mine, said the No. 2 shaft is "out of commission and the extent of the damage cannot at this stage be assessed."

Speaker's Ruling Defeated By 85-83 Commons Vote

OTTAWA (CP)—The House of Commons today defeated a Speaker's ruling Monday in a non-confidence debate.

By a vote of 85 to 83, the Conservatives, New Democrats and Creditiste groups joined to reverse a ruling by Deputy Speaker Lucien Lamoureux that a Creditiste sub-amendment must be voted on.

This sub-amendment proposed by Creditiste leader Beal accused the government of "servilely" accepting nuclear arms for storage in the "state of Quebec" despite opposition from various sections of the Quebec public.

The Deputy Speaker said the sub-amendment went beyond the terms of a Conservative non-confidence motion proposed earlier Monday in supply debates by former Conservative Defence Minister Gordon Churchill who alleged massive confusion in the defence department.

There were 77 Liberals, five Social Crediters and a lone Conservative to support the Deputy Speaker's ruling.

Former Conservative defence minister Doug J. Harkness, who resigned in protest against the Conservative nuclear policy, supported the government.

There were 84 Conservatives, 12 New Democrats and nine Creditistes against the ruling.

FIRST REVERSAL

It was the first time this session of Parliament that a Speaker's ruling has been reversed. This does not force the minority Liberal government to resign.

The nuclear sub-amendment itself will be voted on tonight before the main Conservative non-confidence motion and this will be carried by the opposition.

It would be a government defeat.

Present standing in the 265-member Commons is 129 Lib-

Complaint Made Over Boycott

OTTAWA (CP)—The Canadian government has complained to the U.S. State department about interference with Canadian ships in U.S. late ports following Canada's imposition of federal trusteeship on five marine unions, Prime Minister Pearson told the Commons Monday.

He was replying to Opposition Leader Diefenbaker who led the Seafarers' International Union of North America is threatening to carry on picketing and boycotting of Canadian ships indefinitely.

Mr. Pearson said only three Canadian ships have run into trouble in American ports, at Buffalo, N.Y., Chicago and Superior, Wis.

Shaw's Concern Over Airport Fate

Premier Walter R. Shaw has expressed "great concern" over the possible closing of RCMP Station Summerside and plans an immediate return to the province after a month-long business-vacation trip.

The premier phoned his office yesterday from Portsmouth, N.W. Hampshire, and advised his staff that he will be back in the province late Wednesday.

According to a spokesman for the province, Mr. Shaw is "dumbfounded when he heard reports of the possible closure of the RCMP Station, and as a result will be returning to the province immediately."

It was reported that the premier concerned with the action taken by acting-premier J. D. Stewart in sending a telegram to Prime Minister Pearson protesting the possible closure of the air base.

Gov't Will Proceed With Pension Scheme

OTTAWA (CP)—Health Minister LaMarsh said Monday the government hopes to proceed with the Canadian Pension Plan at this session of Parliament or, if that proves impossible, "at the beginning of the year at the next session."

She criticized what she said was a number of newspaper stories and "completely baseless" headlines to the effect that the government had equal contributions from employees and employers will be shelved.

There is no mistake about it — this is a basic promise of the federal administration," she told a meeting of the National Liberal Women's Federation.

VOICES HOPE

Miss LaMarsh said she hopes that the government has "opened off" of the federal scheme, Ontario will decide that the compulsory pension legislation adopted last year — but has not yet enacted — will be made voluntary so that the Canada Pension Plan can be applied all over the country.

Hitting back at the trust and insurance companies who have said "the same people have spent millions against every social advance in this country," she last occasion being the federal-union program of hospital insurance.

"This is not a party of special interests," she said. "It will not be imposed by those who have special interests."

The minister said those operating private pension plans — which left 72 per cent of the labor force, including agricultural workers, uncovered — need not fear for their business, she said.

Russians Paying Cash For Wheat

OTTAWA (CP)—All Canadian wheat shipments to Russia are being paid for in cash, Trade Minister Sharp told the Commons Monday.

He added that the deal does not involve any barter arrangements.

MacNaught Claims Furore Blown Out Of Proportion

CAPITAL BUREAU OF THE GUARDIAN

OTTAWA — Solicitor-General J. Watson MacNaught Monday said he was not to confer again with Defence Minister Paul Hellyer and hopes to have a firm statement on the possible closing of the RCMP Station at Summerside, and as a result will be returning to the province immediately.

"I can understand the concern of the people of Prince Edward Island about the rumors because the base means so much to the economy of the Island, but I don't feel that people have become hysterical about it," he said.

He said he is sticking to his original position that he expects the base will remain open and does not want to predict that there will even be any cut-back in personnel.

Mr. MacNaught said he was somewhat surprised that the delegation came to Ottawa about this because in many telephone conversations with it he would be defined on a technical basis but that the impact of any situation in the time economy must be taken into consideration.

Boring in Women Try to Assault Christine

LONDON (AP) — Reinforced police held back a crowd of screaming, bawling women who tried to assault red-haired playwright Christine Keeler Monday as she left the court where she is facing charges of perjury and conspiracy to subvert justice.

Police forced a path through the howling crowd for Christine and her two women co-defendants so they could flee in their chauffeur-driven car.

More police were called out for today to prevent new disorders when the preliminary hearing continues on police charges that Christine and her co-defendants gave false testimony and hid vital facts in the trial of Christine's former lover, James Earl Ray, a Soviet spy (Lucky Gordon).

Gordon was sentenced to prison on Christine's charges as he beat her up in her London flat last April. His conviction was later reversed by an appeal court and Scotland Yard pressed charges against Christine and three others on suspicion that they were participating in a plot to assassinate the British prime minister, Sir Harold Wilson.

Christine, who is dressed in a black and white outfit, was brought down the British courtroom — sat calmly in front of a witness stand — a tangled story of alleged bribes and blackmail attempts and offers of money offered for the "true story" and inside stories.

Price Of Sugar Takes New Jump

MONTREAL (CP) — Sugar prices at the highest level since July 1959, jumped again Monday as the wholesale price reached 81 1/2¢ per 100-pound bag.

Two refineries—Canada and Dominion and St. Lawrence—biked the price 15 cents and a third, Atlantic, added 10 cents to the price.

Offer \$6,000 For Photo

Chief witness Paul Mann, 41, offered \$6,000 for a photograph of Christine and her co-defendants taken from a vacation in Spain last year.

Christine's business affairs and said a newspaper offered \$2,000 for a photograph of Christine with another person. The photo was described in detail.

Mann also related the complaint of one of Christine's co-defendants, West Indian Rudolph Fenton, that he offered \$10,000 (\$3,000 to "tell the true story" about the alleged "Gorey" to question put to him in his flat. Fenton was arrested as complaining that he believed he would be paid \$25,000 (\$75,000) while he expected much more from her.

Witnesses swore that Christine offered bribes for testimony to convict Gordon and his two co-defendants by sending him to prison.

The charges against Christine could net her 20 years in prison. Jointly accused with her of perjury and conspiracy are her apartment mate, Paula Hamilton - Marshall, 21, and her would-be lover, Olive Brooker, 36. Fenton is accused of conspiracy.

This hearing is to determine whether the four are to be held for jury trial.

Murder Charge Laid In Halifax

HALIFAX (CP) — A warrant was issued here Monday charging Morgan Green, 22, of Grand Bank, Nfld., with capital murder in the slaying last Saturday of his 21-year-old wife, Bertha.

The warrant was read to Green, a merchant seaman, in his hotel room here where he is in critical condition with a bullet wound in his left side.

Green's wife was found dead in her bedroom in Halifax apartment. She had suffered a gunshot wound. The couple's nine-month-old son Gregory was asleep in a nearby crib.

Maclean Makes Strong Plea Against Station Cut-Back

CAPITAL BUREAU OF THE GUARDIAN

OTTAWA — Former fisheries minister J. Angus MacLean Monday night made a plea that the Summerside RCMP base in the interest of defence economy.

MacLean spoke during a defence supply motion debate. Sitting in the gallery while he spoke was a five-man delegation from Prince Edward Island which arrived in Ottawa Sunday to fight any shut-down or cut-back in the RCMP base.

Mr. MacLean said there was a great deal of appreciation in the area and the province for the changes in Summerside and the fact that many people would have removed if the station was closed.

"I am trying to speak in the name of the RCMP base," he said.

MacLean stressed the economic impact of any changes in Summerside and the fact that many people would have removed if the station was closed.

Recount Confirms Pictou E. Result

PICTOU, N.S. (CP) — An official recount of votes cast in Pictou East in the Oct. 7 New Scotland election ended Monday and resulted in no change in the outcome.

The recount, presided over by Pictou County Judge J. Woodford MacDonnell, showed Liberal Lloyd MacDonald with 2,669 votes.

Election night results gave MacDonald a 13-vote margin. Declaration day tabulations cut his majority to 12.

NOT THE ANSWER

Maclean's speech was not the answer and I hope the minister will stand up against a reasoned decision.
