GRAND SALE OF FURNITURE! COMMENCING EVERY MORNING AT 8 A.M.

HAVING lately increased our motive power and made several additions to machinery plant, we are in a better position than ever before to attend to the wants of our customers.

Having a large staff of workmen employed, our monthly output of Furniture is very large; but as we do not intend paying the exorbitant rate of insurance asked, we are desirous of keeping our stock down to a certain limit, and to do this we will sell our goods at the lowest possible price FOR CASH. The public are respectfully invited to examine our stock and ask for prices. Orders by letter promptly attended to.

Funeral Furnishing a Speciality. Beautiful, Good and Best Value in the Provinces. MARK WRIGHT & CO. Charlottetown, Nov. 14, 1884.

MORRIS & IRELAND'S

NEW IMPROVED PATENT EIGHT-FLANGE FIRE-PROOF SAFE.

THE only Eight-Flange Safe in the world, and containing more improvements than ANY SAFE made, such as:

1st. THE PATENT INSIDE BOLT WORK, which is placing the bolt work with the whole of the filling (six inches) between it and the outside, that is, as far from the fire and thief as it can be.

2nd. THE PATENT HINGED CAP—the back plate of the door being on hinges, enabling the owner, by turning a thumb screw, to have easy access to the lock and bolt-work. He can thus easily change the lock, clean, oil, and keep the bolt-work in good order.

3rd. IRON INSIDE LINING, stronger than wood, and which retains the moisture in the filling for an indefinite time. Wood is thicker and weaker, and after a few years absorbs the moisture and "requires filling over again."

4th. FOUR-WHEEL COMBINATION LOCKS, the simplest, strongest, most efficient and easiest to change of any in use.

5th. SOLID ANGLE IRON FRONTS, BACKS AND CORNERS, which prevents warping or injury to safe from falling, or falling walls or timbers.

6th. EIGHT FLANGES—the most important improvement ever made in fire-proof safes, providing eight laps, thus preventing the passage of heat, it having to pass over twelve inches, no injury arises from this source, as in other safes containing one, two or three flanges. THESE SAFES have stood the test of years, and the greatest fires in this continent, and have the CHAMPION RECORD in the Boston, Chicago and Haverhill Fires.

We are selling these safes as low as any good safe, and are disposing of large numbers throughout the Dominion.

ELECTRIC GLOSS

FOR cleaning Solid Silver, Nickel, Brass, Copper and Plate Glass. Quick! Sure! Permanent! No dirt, no trouble, no labor. Being entirely free from grit and acids, it cannot injure the most finely burnished surface. It is the only preparation ever produced that will polish brass or copper without the use of acid. Nothing approaches it for removing grease and finger marks from Brass, Copper, Glass, etc.; while for cleaning Nickel or Stoves it is especially useful. Retail price, 25 cents per bottle.

MICA WASH.—This wash is the only thing of the kind ever invented. A stove may be as handsome as a jewel and shine like ebony; but smoked mica lights will spoil it all. Day by day mica becomes scarcer and higher in price, and an article that will clean and preserve it is valuable to all concerned. Try this wash once, and you will always use it. Retail price, 25 cents per bottle.

The above household necessities are manufactured by The Electric Gloss Co., Philadelphia, U. S. A., and sold by every respectable Druggist, Stove Dealer, Hardware Merchant and General Dealer in Canada. The Canadian trade supplied by JOHN T. REED, 105 Water Street, St. John, N. B. Aug 6—6m eod
