THE ISLES OF THE ST. LAWRENCE.

[The following lines were written by Caleb Lyon, of Lyonsdale. Although Mr. Lyon is a young man, he has been Consul to Shanghai, China, member of Assembly and State Senator, and was lately dubbed L. L. D. by the Norwich University. Honours have been showered upon him.]

Ten Thousand Isles—Ten Thousand Isles—
Brilliant the wave around them smiles;
They're kiss'd by a thousand red-lip'd flowers—
They're gem'd by a thousand emerald bowers,
And a thousand birds their praises wake
From massy bough and plummy brake,
And a thousand cedars' fragrant shade
Falls where the Indian's children play'd,
And fancy's dream my heart beguiles,
While singing thee—the Thousand Isles!

No vestal virgins guard their groves,
No Cupid breathes a thousand loves,
No dryad's form at eve is seen,
No satyrs peep the trees between,
No Venas rises from their shore,
No loved Adonis, red with gore,
No pale Endymion wooed to sleep,
No brave Leander breaths their deep,
No Ganymede—no Pleiades—
'These are a new world's memories!

The flag of France first o'er them hung,
The mass was said—the vespers sung—
The Brothers of Jesus hail'd their strands
As the blessed Virgin Mary's lands,
And red men heard, mutely surprised,
Their heathen names all christianized.
Next floated a banner with cross and crown—
'Twas Freedom's eagle that plucked it down,
Retaining the pure and crimson dyes,
And the stars of their own—their active skies.

'Tis there the St. Lawrence the gentlest flows,
'Tis there the moonlight the brightest glows,
'Tis there the lilies the whitest bloom,
'Tis there the birch the leafiest gloom,
'Tis there the red deer feeds in spring,
'Tis there doth glitter the wood duck's wing,
'Tis there leaps the muselungeon at morn,
'Tis there the loon's light song is born—
There is the fisherman's paradise,
With his trailing skill at the red sunrise.

Ten Thousand Isles! ten Thousand Isles!
Their charm from every care beguiles;
Titian alone had grace to paint
The triumph of their river's saint,
Whose waves return, on memory's tide,
La Salle and Piquet side by side;
Proud Frontenac and bold Champlain
Thread their meanderings o'er again;
And while the golden sunlight smiles,
Pilgrims shall seek the Thousand Isles.

THE TRUE GENTLEMAN.

The distinguished Governor Morris, of Morrisania, near the city of New York, who was a gentleman by birth, education and most lofty bearing, on being asked for his definition of a gentleman, replied, in the words of the Psalmist:—

'Tis he who every thought and deed
By rule of virtue moves;
Whose generous tongue disdains to speak
The thing his heart disposes.
Who never did a slander forge,
His neighbor's fame to wound;
Nor hearken to a false report,
By malice whispered round.
Who vice in all its pomp and power
Can treat with just neglect;
And piety, though clothed in rage,
Religiously respect.
Who to his plighted words and trust
Has ever firmly stood;
And, though he promise to his loss,
Yet makes his promise good.
Whose soul in usury disdains
His treasure to employ;
Whom no rewards can ever bribe
The guiltless to destroy."

Varieties.

THE ROSE.—Professor Agassiz, in a lecture upon the trees of America, stated a remarkable fact in regard to the family of the rose, which includes among its varieties not only many of the most beautiful flowers which are known, but also the richest fruits such as the apple, pear, peach, plum, apricot, cherry, strawberry, raspberry, blackberry, &c.; namely, that no fossils of plants belonging to this family have ever been discovered by geologists! This he regarded as conclusive evidence that the introduction of this family of plants upon the earth was coeval with, or subsequent to, the creation of man, to whose comfort and happiness they seem especially designed by Providence to contribute.

REPORT OF A WITNESS.—Mr Buffum, of Lynn, Mass., was under a cross-examination by an attorney named Lord, who did his best to perplex and browbeat him, so as to upset the testimony he had given against his client. The question was something relating to machinery, and Mr. Buffum had used the word "philosophically" in his evidence. Mr. Lord continually harped upon this phrase, and endeavored to make the witness ridiculous in the eyes of the jury. At last he inquired, "Pray, Mr. Witness, as you seem to be a great philosopher, can you tell me what the consequence would be, if the air should be exhausted from a hog's head?" "Yes, sir," replied Mr. Buffum, "the head would fall in." "Indeed, sir?" pursued the counsel, "can you tell me, philosophically, why the head should fall in first?" "Yes, sir," returned Mr. Buffum, "it is because hog's heads are like some lawyers—their heads are their weakest parts."

AMERICAN SOCIETY.—The more I see of American Society (says Lady Emmeline Stuart Wortley, in her book on America just published,) the better I like it. In general, I should say, there are a peculiarly sensitive people, and yet very forgiving and not easily offended. They are generally accused of being conceited. I can only say, as far I have seen, their candor appears to be far more remarkable than their conceit. Indeed, they perpetually volunteer remarks on what they consider defects in their manners and customs, with the greatest possible good humor and ingenuousness. Nay, I have sometimes in common honesty, found myself compelled to take their part against themselves. In travelling, their courtesy, their good temper, their obligingness, their unselfishness, are beyond all praise.

"What is the use of living?" asked Jack Simpson the other day—"We are flogged for crying, when we are babies—flogged because the master is cross, when we are school boys—obliged to toil sick or well or starve when we are men—to work still harder (and suffer something worse) when we are husbands, and after having exhausted life and strength in the service of other people, die and leave our children to quarrel, about the possession of father's watch and our wives—to catch somebody else." Such is life.

Brydson, the traveller, in his old age, heard his own adventures in Sicily read aloud by his family, and quite unconscious that these were the scenes which his own eyes had seen, and his own lively pen described, declared "that it was all very amazing, but he wondered if it was true!"

A young man who has recently taken a wife, says he did not find it half as hard to get married as he did to buy the furniture.

JUDSON'S
CHEMICAL EXTRACT OF
CHERRY AND LUNGWORT,
FOR THE CURE OF
Coughs, Colds, Hoarseness, Spitting
of Blood, Night Sweats, Asthma,
Liver Complaints, and
CONSUMPTION.
DO NOT NEGLECT IT.
Consumption can be and has been cured,
in thousands of cases, by this only certain remedy,
JUDSON'S CHEMICAL EXTRACT OF CHERRY AND LUNGWORT,
and no remedy has ever before been discovered that will certainly
Cure Consumption.

The most strongly marked and developed cases of Pulmonary Consumption, where the lungs have become diseased and ulcerated and the case so utterly hopeless, as to have been pronounced by Physicians and friends, to be past all possibility of recovery, and at times thought to be cying, have been cured by this wonderful remedy, and are now as well and hearty as ever. It is a compound of medications which are peculiarly adapted to and essentially necessary for the cure of COUGHS AND CONSUMPTION.
Its operation is mild, yet efficacious; it loosens the phlegm which creates so much difficulty, relieves the cough and assists nature to expel from the system all diseased matter by expectoration, producing a delightful change in the breathing and chest, and this, after the prescriptions of the very best medical men and the inventions of kind and sorrowing friends and Nurses, have failed to give the smallest relief to the Consumptive sufferer.

THOUSANDS OF CONSUMPTIVE persons have been deceived repeatedly in buying medicines which were said to be infallible cures, but which have proved only palliatives, but this medicine is not only a palliative but a cure for ulcerated lungs. It contains no deleterious Drugs and one trial will prove its astonishing efficacy better than any assertions or certificates in curing consumption and all diseases of the Lungs, such as Spitting of blood, Coughs, pain in the side and chest, night-sweats, &c. &c.
About 1000 certificates of almost miraculous cures, performed by this medicine, from some of the first Doctors, Clergymen and Merchants, have been sent us for this medicine, but the publication of them looks too much like Quackery, [we will show them to any person, calling at our office.] This medicine will speak for itself and enough in its own favour wherever it is tried.

Caution—This medicine is put up in a large bottle and you must find the name of Judson & Co., Proprietors, New York, on the splendid Wrapper around the bottle. All orders must be addressed to Comstock & Brother, No. 9 John St. New York.

CARLTON'S RING-BONE CURE.
For the cure of Ring-bone, Blood Spavin, Bone Spavin, Windgalls, and Splint—a certain remedy.
CARLTON'S CONDITION POWDERS FOR HORSES AND CATTLE.
The changes of weather and season, with the change of use and feed, have a very great effect upon the blood and sinuous fluids of horses. It is at these changes they require an assistant to nature to throw off any disorder of the fluids of the body that may have been imbibed, and which, if not attended to, will result in the Yellow Water, Heaves, Worms, Bots, &c. All of which will be prevented by giving one of these powders, and will at any time, cure when any symptoms of disease appear, if used in time. They purify the blood, remove all inflammation and fever, loosen the skin, cleanse the water, and invigorate the whole body, enabling them to do more work with the same feed. The action of these powders is direct upon all the secretive glands, and therefore has the same effect upon the Horse, the Ox, the Ass, and all Herbivorous animals—all diseases arising from or producing a bad state of the blood, are speedily cured by them.

Remember and ask for CARLTON'S CONDITION POWDERS, and take no others.
CARLTON'S NERVE AND BONE LINIMENT FOR HORSES,
and for the cure of all diseases of man or beast that require external application, and for contracted cords and muscles, strengthens weak limbs, and is also used for sprains, bruises, saddle galls, swelled legs, sores of all kinds on horses.

CARLTON'S articles for Horses and Cattle are prepared from the recipe of a very celebrated English Farrier, and will cure in ninety-nine cases out of one hundred of any of the above complaints. They have been used by Farmers, livery-men, stage proprietors and others with the most marked and decided success.

Caution—None can be genuine unless you find the name of J. Carlton Comstock, on the Wrapper of each article.

COMSTOCK'S VERMIFUGE.
This is the most extraordinary remedy for Worms ever used; it effectually eradicates Worms from both Adults and Children. It cannot harm the most delicate infant or strongest Adult, and never fails to completely root out and destroy all kinds of Worms. The cost, 25 cents per bottle, puts it within reach of all, and all parents who are without it, are wantonly exposing the lives of their children to those fell destroyers of youth, "Worms." Look for the name of Comstock & Brother, proprietors, on the Wrapper of each bottle.

To the Old and Young!! Ho! ye Red Heads and Grey!!!
PHENOMENON IN CHEMISTRY!!!
EAST INDIA HAIR DYE.
COLORS THE HAIR, AND WILL NOT THE SKIN.
This dye may be applied to the hair over night, the first night turning the lightest RED or GREY HAIR to a dark brown, and by repeating a second night, to a bright jet black. Any person may, therefore, with the least possible trouble keep his hair any dark shade or perfect black; with a positive assurance that the dye, if applied to the skin will not colour it. By an occasional application, a person turning grey will never be known to have a grey hair. Directions complete with the article. There is no colouring in this statement, as one can easily test.

These facts are warranted by the gentleman who manufactures it, who is the celebrated Chemist, DR. COMSTOCK, author of Comstock's Chemistry, Philosophy, and other Works, and School Books, well known and widely celebrated by the public.

Deafness.
Use Dr. LAZETTE'S ACUSTIC OIL, for the cure of Deafness. Also, all those disagreeable noises, like the buzzing of insects, falling of water, whizzing of steam, which are symptoms of approaching deafness. Many persons who have been deaf for ten, fifteen or twenty years, and were subject to use ear trumpets, have after using one or two bottles, thrown aside these trumpets, being made perfectly well. It has cured cases of ten, fifteen, and even thirty years standing of deafness.

HAY'S LINIMENT FOR THE PILES.
The worst attacks of the Piles are effectually and permanently cured in a short time by the use of the genuine Hay's Liniment. Hundreds of our first citizens throughout the country have used this liniment with complete success.

CURES FOR THE UNCURED
HOLLOWAY'S OINTMENT.
AN EXTRAORDINARY CURE OF SCROFULA OR KING'S EVIL.
Extract of a Letter from Mr. J. H. Aliday, 209, High Street, Cheltenham, dated the 22d of January, 1850.
To Professor HOLLOWAY.

Sir—My eldest son, when about three years of age, was afflicted with a Glandular Swelling in the neck, which after a short time broke out into an Ulcer. An eminent medical man pronounced it a very bad case of Scrofula, and prescribed for a considerable time without effect. The disease then for four years went on gradually increasing in virulence, when, besides the ulcer in the neck, another formed below the left knee, and a third under the eye, besides seven others on the left arm, with a tumor between the eyes which was expected to break. During the whole of the time my suffering boy had received the constant advice of the most celebrated medical gentlemen at Cheltenham, besides being for several months at the General Hospital, where one of the surgeons said that he would amputate the left arm, but that the blood was so impure, that if that limb were taken off it would be then even impossible to subdue the disease. In this desperate state I determined to give your Pills and Ointment a trial, and after two months' perseverance in their use, the tumor gradually began to disappear, and the discharge from all the ulcers perceptibly decreased, and at the expiration of eight months they were perfectly healed, and the boy thoroughly restored to the blessings of health, to the astonishment of a large circle of acquaintances, who could testify to the truth of this miraculous case. Three years have now elapsed without any recurrence of the malady, and the boy is now as healthy as heart can wish. Under these circumstances I consider that I should be truly ungrateful were I not to make you acquainted with this wonderful cure, effected by your medicines after every other means had failed.

(Signed) J. H. ALIDAY.
CURE OF ACUTE RHEUMATISM OF FOUR YEARS' STANDING.

Extract of a Letter from Mr. John Pitt, Dudley, 19th Jan. 1850, To Professor HOLLOWAY.

Sir—It is with the greatest pleasure that I write to thank you for the benefit I have received from your Pills and Ointment, which have completely cured me of the Rheumatism, under which I suffered for this last four years, at times I was so bad as hardly to be able to walk. I had tried every kind of medicine that was recommended without receiving any benefit. I at last thought I would give your medicines a trial and purchased from Mr. Hollin, Chemist of this Town, two boxes of Pills and two of Ointment, and in three weeks through them and the blessing of God, I was restored to health and strength, and am now as well able to walk as ever I was in my life. I am well known in this parish, having been sixty-five years in it, with an exception of ten years I served in the 24th Regiment of Foot.

(Signed) JOHN PITT.
CURE OF A BAD LEG OF MORE THAN SIXTY YEARS' STANDING.

Mr. Barker, of No. 5, Graham's Place, Drypool, near Hull, had ulcers on his leg from the age of eighteen until upwards of eighty, and although for many years he had sought the first advice in the country, nothing was found to cure them. He very often suffered most excruciating pain for long periods together, which incapacitated him from attending to his business. He had given up all hopes of getting a cure when at last he was persuaded to try Holloway's Pills and Ointment, which he did, and however wonderful it may appear, the leg was thoroughly healed by their means, and by continuing to use the Pills alone after his leg was well, he has become in health so hale and hearty as now to be more active than most men of fifty.

N. B.—The truth of this extraordinary statement can be vouched for by Mr. J. C. Reinhardt, 22, Market Place, Hull. February 20th, 1850

CURE OF A DESPERATE CASE OF RINGWORM, OF SIX YEARS' STANDING.
Lima, 13th November, 1849.

One of the most eminent Surgeons in Lima (the Capital of Peru) had a child covered with Ringworm for more than six years; in vain he exhausted all his art in his endeavours to effect a cure. Not succeeding, he consulted among his brethren, the most celebrated medical practitioners of the City, but nothing was found to do the child service. When he was persuaded by Mr. Joseph P. Hague, the English Chemist and Druggist, residing at 74, Calle de Pallasco, to try Holloway's Pills and Ointment, which was done, and after using six large Pots of the Ointment, with a proportion of the Pills, the child was radically cured, to the surprise of the whole medical profession. The name of the parent, from motives of delicacy is withheld.

The Pills should be used conjointly with the Ointment in most of the following cases:—
Bad Legs Chiefo-foot Fistulas Skin throats
Bad Breasts Chibblains Gout Skin diseases
Burns Chapped-hands Glandular Scurvy
Bunions Corns (Soft) Swellings Sore heads
Bites of Mos-cancers Lumbago Tumours
cetoetes and Contracted & Piles Ulcers
Sand-Flies Stiff joints Rheumatism Wounds
Cocoa-Bay Elephantiasis Scalds Yaws
Sore Nipples

Sold by the Proprietor at 244 Strand (near Temple Bar) London, and by GEO. T. HAZARD, Agent for P. E. Island, in Boxes and Pots, at 2s, 5s, 10s, and 20s each. There is a very considerable saving in taking the larger sizes.

N. B. Directions for the guidance of Patients are affixed to each Pot or Box.
