NEW BARRELS.—Halifax is to have a new Salvation Army Barrels to cost about \$5,500.
MEETING.—Weather permitting, there will be an open air meeting in the Park tomorrow afternoon at 4 o'clock. Rev. Mr. Henslyn will speak.
TEA PARTY AT MONTAGUE.—A tea party is to be held at Montague Bridge on Tuesday, 28th August in aid of the hall at that place. It will be a grand affair.

FOR YACHTSMEN.—The yacht Nanita will be sold by auction by Mr. Robert Beattie at 7 o'clock this evening. Those who want a fast sailing boat should attend.

COLUMBIAN TEA.—The special train from Charlottetown to Miscouche on the 24th inst., the day of the Columbian Tea, will leave Charlottetown at 8.10, local time. Return tickets, only 85 cents.

TO FIGHT FIRE.—The fire wardens of Montague intend having a public tea in that village in the near future, of which due notice will be given. The object of the tea is to raise funds to procure appliances to fight fire.

THEATRICAL.—This is, apparently, an off year for theatrical companies. A few weeks ago the Josie Mills Company came to grief in St. John, N. B., and yesterday's papers bring news of the stranding in Montreal of the Tryone Power Company.

A BIG CATCH.—On Thursday last David Myers and David Hughes caught respectively one hundred and four and one hundred and fifteen trout at the new bridge at Fullerton's Marsh. Among them were two very fine ones, weighing somewhat over two pounds each.

ST. JAMES' CHURCH.—The Rev. Thomas Duncanson will preach at the evening service in St. James' Church tomorrow. The choir will be assisted on the occasion by Mr. and Mrs. C. A. Ryder and Miss Blood, of the First Baptist Church, Reading, Mass.

LAWYERS.—The date of the International Law and Tennis Tournament, to be held at St. John this year, has been changed from the 15th to the 22nd of August. We hope to hear that the Charlottetown club will be well represented at this tournament.

IN DEKANE VILE.—Lance Corporal Brown, of the Fredericton, N. B. Royal Infantry School, has been sent to jail for 90 days for robbing canned goods and table delicacies stolen from the Queen hotel by a pretty waitress who had fallen in love with him.—Fredericton Paper.

TROTTING AT SUMMERSIDE.—The mid-summer races at the Summerside Driving Park will take place on Wednesday, Aug. 9th. The programme will include a 2.50 class and a free-for-all, both open to trotters and pacers. The purse in the first-mentioned event is \$100, and in the second \$200.

THE HORSE MARKET.—The St. John Sun says: "Horseflesh is a drug on this market just now. It is almost impossible to sell a horse anything like a good figure now. One dealer who has quite a lot for sale offered to give to anyone who buys a horse from him at his price a ticket for the World's Fair."

PINE APPLES FROM AUSTRALIA.—Mr. Parmelee, Deputy Minister of Trade and Commerce, had on his desk a few days ago one of the finest pine apples ever seen in Ottawa. It was part of the cargo of the Australian steamer Warinco and was sent to Mr. Parmelee by a friend in Vancouver. It weighs about eight pounds and is perfect in shape and color.

INSURANCE TREATMENT.—William Stone and Mrs. Stone were arrested at Halifax a day or two ago, charged with terribly inhuman treatment to a three-year-old child named Esther Gelder, whose mother is in Boston. The testimony against the Stones was that they kept the child in the cellar, beat and hoisted it frightfully and brought it to the verge of death. Acting Stipendiary Ross has committed them for trial.

A VALUABLE IMPORTATION.—Fred J. Macdonald, Esq., Glendalade, recently purchased from the famous Jersey cattle herd of Mrs. E. M. Jones, of Brockville, Ont., a very valuable Jersey bull named Belle's Butter Boy, eight months old. Several competent judges who saw this valuable animal on landing yesterday at once pronounced him a standard best Jersey of the very best grade. Mr. Macdonald is a young man of enterprise, and seems determined to keep abreast of the times by being the owner of cattle possessing the best milking qualities, for the purposes of his butter industry.

CANADA'S ALL RIGHT.—A Montreal paper has interviewed all the bank managers in that city on the financial outlook in the United States, on the recent failures, bank crashes, etc. The unanimous expression is that the repeal of the Sherman silver law will alleviate the troubles which it undoubtedly brought about. The opinion is given that the failures of the western banks will not affect Canada in any way whatever, and that the Dominion, outside of some losses in the larger cities by stock gamblers and jobbers, was never on a better financial basis. They state that with the present crop prospects Canada's outlook for the season is very bright.

THE SAME OLD STORY.—The Montreal Acadien says a resident of Shelburne has received a letter from a young man who left that place several months ago to seek his fortune in the Western States. The young man is evidently not enamored with his new surroundings. He says the times are very hard in that section of the union and wages very low. He is a strong, vigorous young man, but is only able to command \$10 per month as a farm hand. He regrets leaving his native country, and counsels all to stay at home. He winds up with the old, old story, if our people would only work as steadily and as hard at home as they are obliged to abroad, they would be much better off.

HE PERSVERED.—There is a young lady at Kingston, N. B., who is engaged to a gentleman in Campbellton. Recently the supposed young man went to see his affianced. He arrived at Kent Junction all O. K., but when he got there, to his surprise he found that the branch train had gone, and as the distance is over 20 miles through a howling wilderness, and there being no teams at the Junction the outlook appeared rather gloomy. All at once, however, the thought seized him that he would telegraph the superintendent to send back the train from Kingston. The reply was that it would cost him \$20. The young man "assured" the superintendent that that would be all right, so the special train was sent to the Junction and the happy young lover managed to see his best girl that same evening.

KEEP DRY.—How to keep dry is the question of today. We suggest Rain Cloaks and Umbrellas. Are you fully supplied? If not we can be of use to you.

THE SILKEN TIE.

Quite an interesting event took place last Wednesday morning at the residence of John McDonald, Esq., the occasion being the marriage of his second youngest daughter Lydia, one of New Glasgow's fairest damsels, to Dr. Colin McPhail, successor to the late Dr. McKay, Summer- side. The officiating clergymen were Rev. W. P. Archibald, pastor of the Presbyterian Church, Cavendish, and Rev. K. J. Fraser, of Alberton. The groomsmen were Mr. Stewart McPhail, brother of the groom, and Mr. Wm. McDonald, druggist, O'Leary. The bride, whose charming figure was set off to advantage in an elegant travelling costume, was supported by her sister Miss May McDonald and Misses May Stewart and Elsie Jean McDonald, all of whom looked lovely in rich and appropriate nuptial costumes. The number and costliness of the presents, consisting of a varied assortment of silverware, jewelry, musical ornaments, etc., bore strong though silent testimony to the popularity of the bride and groom. After the wedding breakfast, the happy couple accompanied by a number of friends of the family, drove to Hunter River, where amid showers of rice and congratulations, they boarded the train en route for Chicago, where the honeymoon will be spent. At Summerside the happy couple were met at the station by a number of friends and presented with bouquets and other suitable souvenirs, after which the party left for the Point by the good steamer Northumberland, which was gallantly decorated for the occasion. To the doctor and his lovely bride we extend our most hearty congratulations, and wish them every success and happiness in their journey through life.

He leaves his children, who accompanied him, with their grandmother, Mrs. Stephens, of Orwell, and their uncle, Mont. Stephens, Esq., with whom they will remain to enjoy the summer vacation until the autumn.

CROPS IN CAPE BRETON.—The North Sydney Herald says: "The crops throughout the island are coming on fine. A continuation of the present excellent growing weather will undoubtedly insure good crops. Up to date the hay crop is better than when the crop was housed last year. The grain promises a good average crop. The failure of this crop last year greatly contributed to the scarcity of fodder for cattle. This year the grain crop promises to help out a shortage in hay. The root crop is also looking well. Taking the crops as a whole there promises to be an average one."
