Toronto—Market higher: light trading.

New York —Market irregularly lower: profit taking.

Montreal — Market slightly higher; fairly active trading.

CURRENCIES

MONTREAL (CP) — The United States dollar in terms of Canadian funds was down 3-32 at $1.08. Pound sterling was down ¼ at $3.02 3-16.

NEW YORK

NEW YORK (AP)—Retreating from its record peak, the stock market showed plenty of vitality Thursday. Profits were taken on recent gainers while others got ground.

Trading continued active at 5,540,000 shares even though it was down sharply from Wednesday's 6,680,000.

The decline on average was slight—the Dow Jones industrial average easing a mere .08 to 740.26. Standard and Poor's 500-stock index dipped .05 to 73.15.

Statistics indicated that the "little fellow" was coming back into the market even though he was still selling more than he was buying. Odd lot figures — transactions of less than 100 shares—are supposed to indicate public participation. Figures for the preceding session showed that purchases from Tuesday to Wednesday had risen from about 77 per cent to about 90 per cent of sales.

All five major motor-makers except Studebaker took losses. Chrysler fell 1¼.

Studebaker—a low-priced issue which would appeal to the odd-lotter—mode a big percentage gain of ¾ to 8¾ on 283,200 shares.

Steels also gave ground, declining fractionally. A partial recovery by rails late in the day left this group irregularly higher.
