the name that belongs  
in your home

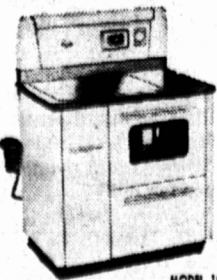

### add new magic to cooking

You'll think there's another pair of hands in the kitchen. Your new Fawcett Range takes all the drudgery out of cooking. No more pot-watching, no more guess-work with wonderful Fawcett automatic features. Like this deluxe 30" gas model with the famous Harper-Wyman "Alltrol" Center Simmer burners, plus the new "Governess" automatic burner for controlled surface cooking, and the giant HI-LO Super Therm 16,000 B.T.U. burner. There'll be no more "half-baked" failures either in this big, balanced-heat oven—big enough to bake 10 loaves of bread! And the self-lighting, smokeless, drop-front broiler assures really greaseless meat cooking with that delicious charcoal flavour. Fawcett dresses up your kitchen, too, with interchangeable "HARMONY" backguard panels in four delightful decorator colours—alternate them as you please!

### add new comfort to living

Winter living takes on a rosy glow—and your heating dollars go further—when you have a new Fawcett Heater in your home. There's nothing to compare with the clean, even warmth of Fawcett Heaters—custom-styled to fit graciously into your home. Illustrated is the new Fawcett forced circulation Torrid-Oil Heater, Model FC 908. A thermostatically-controlled fan forces heated air into the room at floor level—gives you warmth where you want it most. Warm air circulates automatically, assuring constant, even heat—and lower fuel bills. In summer, just flip a switch for cool air circulation. Add new beauty and warmth to your home with a smart, modern Fawcett Torrid-Oil Heater.
