RED ENSIGN GOES TO STORAGE LOCKER

Warrant Officer R. J. Bartlett, CD, (left) commander of the halyard party, hands the Red Ensign to Col. D. P. McCormack, militia advisor, for safekeeping at ceremonies at Queen Charlotte Armouries yesterday. The ceremony also saw the official raising of the new flag of Canada. Flanking Col. McCormack are Lieut-Gov. W. J. MacDonald (left), who read the Queen's proclamation and inspected the honor guard made up of the P.E.I. Militia, and Premier W. R. Shaw.

City Man Re-Elected Head Atlantic Area Food Workers

James Coles, Charlottetown, was re-elected president of the United Packinghouse Food and Allied Workers Atlantic Council at the annual meeting held at the Downtowner Motel in Moncton, N.B. Saturday. Also attending the meeting from Charlottetown was the chief steward of Local No. 282 UPWA, Charlottetown.

Giles Endicott, research director of UPWA from Toronto, addressed the meeting and explained some of the duties he has to perform in respect to research for that Union.

The council showed a remarkable increase in membership having added three new Locals, those include the employees of Canada Packers Ltd., Halifax; Larson Meat Packers, Berwick, N.S., and Eastern Meat Packers, Trenton, N.S., all of which were termed important accomplishments as far as the council is concerned.

The council also reported having edited and distributed to its members monthly, a news bulletin under the direction of the editor Wyn Steeves from Local 244 Moncton.

Tom Jones, international, national, representative of UPWA in the Maritimes, conducted the election of officers which resulted as follows:

President, James Coles; vice president, Ernest Landry; secretary treasurer, Otis Henwood; trustees, Edwin Smith, and Don Johnston.

The next meeting of the council will be held in June in Moncton.

Music Said Necessary School Part

SUMMERSIDE — Music must be made an integral part of the school curriculum; Prof. Rodney McLeod of Mount Allison University Conservatory of Music told a meeting of the P.E.I. Music Educators' Association at Summer Street Elementary School Saturday.

Prof. Stanley Saunders, also of Mount Allison's music department, stressed that it was wrong to suppose a child can be educated in the true sense of the word without regard being given to arts. He also appealed to music students to follow a liberal course of studies.

The two professors of music had been invited by Island music educators to help with planning of an instrumental music clinic at Kensington in May. Prof. Saunders will supervise the clinic, and Prof. McLeod will act as instructor for the strings section.

Raymond Lock of Summerside, chairman of a special committee for the organization of the clinic, outlined the steps already taken in plans to bring over 150 children together for the one-day clinic.

Christopher Gledhill, director of music for P.E.I. schools, spoke on the new course of music for high schools in the province.

as major new legi...tion is concerned.

Some of the larger pieces of legislation in the past few years were The Highway Traffic Act last year, The Election Act in 1963 and The Industrial Relations Act in 1961.

Major l...islation this year could possibly be an act to provide an industrial development promotion organization similar to Nova Scotia's Industrial Estates Limited.

Another new piece of legislation could be an act setting up a water authority for the province that would have control over water and soil pollution problems.

Provincial Secretary J. David Stewart said he plans to introduce a bill that would set up a Lucy Maud Montgomery Foundation.

Amendments to a number of existing acts have been suggested. Acts that may be changed are The Highway Traffic Act, The School Act. The Election Act, the act which provides assistance in establishing young farmers in agriculture and the act which prohibits the sale of margarine in the province.

Premier Shaw indicated recently that the government would "take another look" at the margarine ban and some observers went so far as to suggest that this means the ban on the sale of margarine will be lifted. All other Canadian provinces now allow the sale of the butter substitute.

BUDGET GUESSES

In a few weeks' time, Provincial Treasurer Alban Farmer will bring in his 1965-66 budget. Some Liberals fear that the predicted increase in liabilities for the fiscal year which ends March 31 will exceed $2,566,649 as in the past, deficits were higher than predicted.

There is also some apprehension that the new budget may have bad news for the people of the province. Liberals say that the government was saddled with increased expenditures due to participation in Centennial Year events and may seek an increase in provincial revenue. About the only direction the government can go, a Liberal spokesman said, is up with the five per cent sales tax.

The net debt of the province is forecast by the provincial treasurer to be $41,762,372 by March 31. Liberals claim it is higher — possibly between $60,000,000 and $70,000,000.

Government departments, when they were preparing their estimates for the next fiscal year, were told to hold their spending within the limits of the present fiscal year. This may be one of the reasons the opposition will give very close scrutiny to the estimates when they come up for approval.

CRITICISM LIKELY

Some members of the opposition are looking on the upcoming session as a "general open barrel" as far as being critical of government policies is concerned. One member said "there are many avenues of attack that will be explored."

One of these is expected to be the provincial government's part in recent ceremonies in which the new national flag was raised. It was suggested by a Liberal that the government "abdicated its responsibilities entirely" with the result that local militia units had to take the lead in carrying out the ceremony.

(MORE)

What happened to the Prince of Wales College Act of 1964 is another matter to be raised unless the act, passed at the last session of he legislature, is soon proclaimed. The act paves the way for university status for the college and proclamation of the act was recommended by the Royal Commission on Education last month.

Prince of Wales College students voiced their reaction to the act when it was under consideration in the Legislature last year and there are indications that the students will demonstrate again this year at the Province Building unless the government takes swift action in proclaiming the act.

LIQUOR OUTLETS

Another field likely to be explored by the opposition is that of the present system of licensing liquor outlets in the province. One Liberal claimed the government said last year that the new licensing system would mean fewer outlets in the province. "The reverse is true," he said, "there are now more outlets than ever."

Operation and maintenance costs of the Fathers of Confederation Memorial Building are high on the Liberals' list of matters to be dug into. There are indications that the opposition will seek definie answers on "the province's responsibilities — toward this building and just what those responsibilities are costing the people of Prince Edward Island."

The province's transportation link with the mainland and the proposed causeway — whether or not it should have rails and whether or not it should be built by a private company — are expected topics. The Liberals have already gone on record as opposing a causeway without rails and causeway construction by a private firm.

The Liberals don't plan to hold a caucus before the session begins, but once the session is underway, Liberal meetings will be frequent, according to Mr. Matheson.

Fairview Wins Volleyball Championship

SUMMERSIDE — A round robin elimination tournament to declare a Maritime representative for the Dominion Volleyball Championships in Vancouver March 26 and 27, was held in Amherst Saturday with Fairview Aces emerging the eventual winners.

A total of six teams from the three Maritime provinces, including Summerside All-Stars, participated in the tournament. A perennial competitor, YMCA MicMacs of Charlottetown, was unable to attend.

Competing along with the Summerside entry were teams from HMCS Shearwater, Bathurst College, Acadia University, and Mount Allison. Acadia University finished in second place.

Following the round robin competition the standings were as follows: (won-lost record in brackets) — Bathurst (8-2); Fairview (7-3); Shearwater (5-5); Acadia (5-5); Summerside (4-6); Mount Allison (1-9).

In the semi-finals Fairview Aces defeated Shearwater 15-13; and Acadia downed Bathurst 15-10; 8-15; 15-11.

Fairview squeezed by Acadia in the finals with 15-10 and 15-13 wins.

Following the competition an All Star team was picked from the teams participating and they are as follows — Harry Baglole, Summerside; John Sorra, Fairview (also outstanding player of the game); Charles Boudreau, Bathurst; Ivor Axeford, Shearwater, John Fraser, Fairview and Dave Jones, Acadia.

The president of the Maritime Volleyball Association is Gordon Montford of RCAF Summerside and other members of the executive are Ron Atkinson of Charlottetown and George O'Donnel of Air Marshall Johnson School at the local air station.

Nationals Host Enman Drug

SUMMERSIDE — Borden Nationals will be trying to stretch their Prince County Hockey League lead to six points and move closer to clinching first place tonight when they host the Enman Drug Combines at Borden.

The RCAF Eagles trail the Nationals by four points but have played one less game. The Combines are in third place with 19 points.

Game time is 8.15 p.m.

Guidance Philosophy H And S Topic

"Philosophy of Guidance" was the theme of an address to the Montague Home and School Association given by M.F. Hagan, president of provincial Home and School Associations Monday evening at the Elementary School.

The speaker dealt with the subject matter in three subdivisions (1) society has an obligation to help each individual live a life that is individually satisfying and socially effective. (2) Knowledge of self is basic for intelligent choice and for the attainment of maximum efficiency (3) Understanding of choices available to the individual is essential to wise selection.

Mr. Hagan expanded each subdivision of his subject and explained the difficulties and problems which might be encountered, using some examples from his personal experience to illustrate his points. Mr. Hagan was introduced by the president, Rev. A.G.J. Steeves who chaired the meeting.

Business discussions included the 1967 Centennial Program of the Home and School at the national level and it was decided to vote $19.67 towards this program. A decision on sponsoring of a children's play "The Pied Piper" was deferred until a future meeting when it was hoped more information would be available.

Tax Hike Approved For Borden

BORDEN — Borden Town Council held a special meeting yesterday to bring in a budget and adjust the tax rate for 1965.

The budget provides for a small surplus. Mayor Gilbert Bell said economy would be practised in all departments but all necessary services would be maintained.

It was decided an increase in the tax rate would be necessary to provide for these services. The tax rate on real estate was raised 25 cents per $100 and personal property tax was raised 50 cents per $100.

The special assessment on sewerage was increased by $10 and all peddlars licenses were raised to $10.

Present at the meeting were Mayor Bell and Councillors Reg. MacAleer, Bernard Fleming, Arthur Jay, William MacIvor and town clerk Frank Westhaver.

Announce New Healing Substance... Shrinks Piles, Checks Itch
Exclusive healing substance proven to shrink hemorrhoids... and repair damaged tissue.
A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissues.
One hemorrhoidal case history after another reported "very striking improvement." Pain was promptly and gently relieved . . . actual reduction or retraction (shrinking) took place.
Among these case histories were a variety of hemorrhoidal conditions. Relief even occurred in cases of long standing, and most important of all, results were so thorough that this improvement was maintained over a period of many months.
This was accomplished with a new healing substance (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue. Bio-Dyne is offered in ointment and suppository form called Preparation H.
In addition to actually shrinking hemorrhoids, Preparation H lubricates and makes elimination less painful. It helps prevent infection which is a principal cause of hemorrhoids.
Just ask your druggist for Preparation H Suppositories or Preparation H Ointment (with a special applicator).
Satisfaction guaranteed or your money refunded.
