

Receives Word From Son Wounded In Action In Korea

Mr. Roland Heron of 203 King Street received further official word yesterday from Ottawa regarding the condition of his son, Private Charles Gregory Heron, reported wounded in action June 1st in Korea.

Private Heron, who worked in Toronto last winter, was formerly with the County Construction Co. here, and is well known among the baseball and boxing fraternity.

reasonable and that the money was not required for expenses but to accumulate capital so that the Marketing Board would be a monopoly with Government autocratic powers.

"It must be remembered that commencing some five years ago, the potato dealers formed an advisory committee and supported the tax which was put on by the Provincial Government so long as the advertising of Prince Edward Island seed potatoes.

"The other items on the appeal cases were placed there by the Attorney General to test the validity of the various Acts and orders-in-council.

"The potato dealers are quite willing at any time to cooperate with the Provincial Department of Agriculture as they have in the past in order that the industry may be protected against the incursions of any of the diseases which seriously affect potatoes and from which this Province is practically free."

COOK'S for Perfect Pictures. CRASWELL for Better Photographs. HOWARD MacINNIS FOOT-WEAR at 175 Queen Street.

"PRESCRIPTION SERVICE" - Giggey's Pharmacy. DR. T. E. ROBIN'S office closed until Thursday, July 17th.

MARSHFIELD PRESBYTERIAN Church tea, July 3. MRS. JOHNSTON'S LADIES' WEAR - Specialists - Dresses, Coats, Suits.

CAUGHT JIGGING TROUT - Yesterday afternoon the Provincial Police Constable surprised two men in the act of 'jigging' trout at Orwell. A pound and a half sea trout was seized and both will be charged under the Special Fishery Regulations for the Province of Prince Edward Island.

GAME ACT CONVICTIONS - On Monday Stipendiary Magistrate Gilbert A. Gaudet imposed a fine of \$5.00 and costs (\$3.00) on 10 days on a resident of Mount Stewart charged with angling for trout without a license and on the same day Stipendiary Magistrate Joseph W. MacDonald penalized two Concord, Mass. residents with fines of \$7.00 each and costs for the same offence. The offences were committed at Pisiquid and Woodville Mills. The cases were investigated and prosecuted by the Provincial Police Constable.

PERSONALS - Miss Betty MacDonald, R.N., and Miss Theresa McKenna, R.N., have returned to their duties at the Provincial Sanatorium after a pleasant visit with friends and relatives in New Glasgow, Trenton, Thornburn and Antigonish, N. S.

FEDERATION - (Continued from page 1) vertise, promote sales, and encourage quality.

"We see no reason why the farmers and the trade cannot work together for the benefit of the industry."

From Mr. J. L. Dewar, secretary of the P. E. Island Federation of Agriculture: "The announcement today that the Supreme Court of Canada has upheld the validity of Bill 82 and the authority of the Province to establish the Potato marketing scheme is one of particular significance and importance to agricultural producers in their attempts to obtain a measure of authority in the marketing of farm produce. While the producer levy is apparently held to be invalid the press release does not indicate the status of the original levy on the dealers. The really important question at stake was the power of the Province to extend its authority in marketing into the Provincial and export fields, this decision clearly establishes the authority of the Potato Marketing Board to regulate the marketing of Prince Edward Island's most important cash crop.

"While doubt has been cast upon the means used to provide finances for the Board no doubt other methods will be devised by which the growers will provide funds to carry for the promotion, protection and advertising of this important crop. The success of this appeal indicates the necessity of strong farm organizations which are in a position to bring legal questions before the higher Courts and obtain the best available legal talent."

U. S. Cyclists En Route Here - YARMOUTH, N.S., July 1 - (CP) - Twelve American teen-age cyclists arrived here today for a six-week tour of Nova Scotia and Prince Edward Island.

The group, mostly from New York and sponsored by the American Youth Hostel Group, arrived aboard the Yarmouth from Boston.

C. B. Farmer Burned To Death - GRAND RIVER, N.S., July 1 - (CP) - Duncan Finlayson, prominent Cape Breton farmer, died last night when trapped in flames which destroyed his home in this Richmond County community. He was 74.

Efforts by neighbors to rescue Mr. Finlayson, who lived alone, were futile. He was the uncle of Crown Prosecutor Donald D. Finlayson of Sydney. No inquest was ordered.

OTTAWA, June 29 - (CP) - A lawmaker from north of the Arctic Circle, the first in Canada's history, will sit here next month as a member of the Northwest Territories Council. Frank Carmichael of Aklavik, whose home borders the Arctic Ocean, was one of three members elected to the eight-man council.

Huge Crowd In Attendance At Highland Dancing Meet

It was a big Scots Nile at the Forum last night as a windup to the Festive Week activities and a huge crowd watched youngsters display their ability in the Highland dances. The kids were dancing in classified groups to decide the winners of the special Festive Week medals for the Highland Fling and Sword Dancing.

Another feature of the evening was the appearance and performance of the Lads and Lassies Pipe Band. The splendid group, trained and directed by Pipe Major Wilfred Burke and Mrs. Burke, gave many selections during the evening and individual members carried off a fair share of the dancing prizes as well.

Judges for the dancing had a difficult time making a choice of winners. Acting for the evening were Mrs. F. B. Conrad and Mr. and Mrs. John Nelson. Two others, Mrs. Burke and Mrs. Gordon MacDonald declined to act as they had children performing.

However, after considerable discussion the judges awarded the Festive Week silver and bronze medals as follows: Highland Fling, beginners all ages: 1. Tommy Burke, 2. Heather Burke, 3. Judith Johnstone. Highland Fling, Juniors: 1. Norma Howard, 2. Jeannie McMillan. Highland Fling, Intermediate: 1. Frank Burke, 2. Eleanor Henry. Highland Fling, senior: 1. Margaret Rhynes, 2. Joyce McKie.

Sword Dance, Junior: 1. Tommy Burke, 2. Jeannie McMillan. Sword Dance, Intermediate: 1. Donald Burke, 2. Eleanor Henry. Sword Dance, senior: 1. Margaret Rhynes, 2. Joyce McKie. Sword Dance, not beginners, Margaret Hart.

Immediately following the conclusion of the Highland contests six schools, Parkdale, East Royalty, Central Royalty, Winsloe Intermediate, Winsloe Senior, and Spring Park took part in a performance of the Virginia Reel. Parkdale was first with Central Royalty second. Special awards donated by an interested spectator are being sent to the two winners through their instructor, Mr. Roy Muford.

Brig. W. W. Reid, who acted as Master of Ceremonies for the evening, welcomed His Honor Lieutenant Governor T. W. L. Prowse, who received generous applause from the crowd and later presented the awards to the contestants.

Just before the final Pipe Band number the master of ceremonies thanked the children for taking part, the citizens for patronizing the various Festive Week items, Mrs. Wilfred Burke and Mrs. Evelyn MacKinnon for helping children with their dancing. He also paid tribute to Pipe Major Burke for all he had done and thanked him and Piper Roddie MacLeod, of Murray River, for accompanying the youngsters.

Brig. Reid tendered his personal regrets that he had not been possible to have a crowning of a Miss P. E. I. this year.

LOCAL CITIZENS (Continued from page 1) particularly by his former Scouts and Rovers."

Mr. Parent was awarded the Medal of Merit in 1937 just before he left Charlottetown for Fredericton, N. B.

"While in Fredericton, Mr. Parent took an active part in the movement, assisted in Scout and Cub camps and in training courses. He was appointed President of the Fredericton District Council for a period. He also holds the Gilwell badge for Scoutmaster."

"On his return to Charlottetown in 1947, he was appointed to the Prince Edward Island Provincial Council and in 1948 became Provincial Commissioner. During this period he visited many groups, assisted in training courses and took charge of the preliminary planning for the Prince Edward Island contingent to the first Canadian Jamboree and did much to set the Provincial Council on its feet. Mr. Parent is also a member of the Executive Committee of The Canadian General Council.

"In 1960 he retired from the office of Provincial Commissioner and has since been active as a Council member and chairman of several committees.

"With his keen interest in Scouting, his ready advice and willingness to help in any capacity, Mr. Parent has proved to be an outstanding leader and supporter over a period of twenty-five years of faithful service to the movement."

Mrs. Parent received the Medal of Merit in 1943 in Fredericton, N. B. The citation is attached.

"Since that time Mrs. Parent conducted the 5th Fredericton (St. Andrew's Presbyterian) Pack 1943-47 when she and Mr. Parent moved to Charlottetown. In this city, Mrs. Parent continued to take an active interest in the Wolf Cub programme and in 1948 was appointed to the Provincial Council.

"Mrs. Parent has run, and assisted at, many training courses for Cub Leaders and, with her kindly advice and insistence on the jungle atmosphere, has done a great deal to raise the standards of training on Prince Edward Island to the point they have reached today.

"Mrs. Parent has a total of twenty-two years of faithful service in the movement, has assisted in the preparation of 'The Cubmasters First Year,' holds the Gilwell badge, and is an active member in the Charlottetown Scouters' Club of which she was President during 1950-51, continues to visit Cub Packs at every opportunity and to assist in and encourage the programme.

"Her untiring efforts have done much to promote Scouting in Prince Edward Island, the Maritime Provinces and her contributions on a National scale have been well received."

Death Of Former Islander In Regina - On Monday of this week, 30th June, there passed away in Regina, a former resident of this island, Sadie McLeod, widow of the late Dr. James McLeod.

Mrs. McLeod was a daughter of the late Mr. and Mrs. Hugh McLeod of Breadalbane. After spending her early years at Breadalbane and after attending Prince of Wales College, Miss McLeod taught school at Murray Harbour South and Saint Eleanor's. Forty-four years ago, in 1908, she married Dr. James McLeod, a graduate in medicine of McGill University. After practising a short time in Wallace, N. S., and after taking post-graduate courses in London and Vienna, Dr. McLeod decided to settle in Regina where he practised as a specialist in medicine until his retirement shortly before his death which took place four years ago.

Dr. and Mrs. McLeod left four children; a son, Dr. J. Gordon McLeod of Regina; and three daughters, Isabel (Mrs. Douglas Rutland) of Lynn Lake, Manitoba; Elaine (Mrs. Stuart Stephen) of Toronto; and Marjorie of Regina.

Mrs. McLeod is survived by two brothers, Hugh J. of Vancouver, B. C., and Kenneth of Regina, and by four sisters, Mrs. Margaret A. MacKenzie of West Somerville, Mass., Mabel (Mrs. W. E. Bentley) of Charlottetown, Katherine of New Bedford, Mass., and Isabel of New York City, N. Y.

Throughout her life Mrs. McLeod has taken an active and energetic part in church and community work. She will be greatly missed both in this Province and in Regina by all who have had the privilege of her acquaintance.

Potato Marketing Prospects Brighten - Encouraging news is coming through to the potato dealers in this Province concerning the present and future prospects for this year's potato crop.

The U. S. crop report shows this year 12,000,000 bushels for the summer months against 16,000,000 last year and a 10-year average of 22,000,000.

The Virginia crop is now moving to market, and the farmers there are getting from \$6 to \$8 per 100 lb. bag of potatoes which is \$2 to \$4 higher than last year's price.

The New Jersey crop is smaller than last year in acreage and the prospects are for a light yield because of average weather conditions.

The southern sections of Ontario are commencing to dig a fair crop of potatoes, and it is understood that American buyers from the Detroit and Chicago areas are very much interested in this crop.

"All this tends towards the effect that the summer potatoes will be cleaned up when the Northern potatoes come on the market, and as the Northern acreage is not above requirements, our farmers should receive a profitable price for their crop," a prominent shippist stated to The Guardian yesterday.

Annual Meeting Of Rotary Club - The Charlottetown Rotary programme on Monday was the annual meeting presided over by retiring President Sterling Giddings and the incoming President Gordon Avar. At the conclusion of the meeting the incoming President presented the Past President's pin to Sterling Giddings.

Reports of the activities for the past year which ended June 30th were given by Rotarians W. W. Reid for Community Service, Dr. W. J. P. MacMillan on Crippled Children's Work, Dr. MacMillan referred particularly to Dr. T. B. Acker, the Provincial Government Sanatorium and the Rotary donation to the Charlottetown Dispensary of \$150.00.

Ernest Reid in reporting for the Rural Urban Committee mentioned the visit of John Fisher and his assistance towards the Boys Work Program and also that his committee hopes to hold a Rotary rural meeting again this summer. W. W. Reid covered the report of the Rotary radio auction which realized \$3,364.40 and he thanked the Masonic Order of Montague for their very substantial contribution towards this work for Crippled Children.

Gordon Avar reported for Club Service, Roy Cudmore for Attendance, P. W. Turner for Classification, Dr. Harold Shaw for Programs, Darrell MacGuire for Public Information, R. H. Rogers for Rotary Information, Walter Cox for Music, Jim Burden for Fellowship, Orin Simon for Vocational Service, Bob Parent for International Service, Darrell MacGuire and Frank Curtis for Bulletin Editors work, Wallie Scantlebury for Boys Work.

Retiring President Sterling Giddings gave a fine resume of the year.

"Her untiring efforts have done much to promote Scouting in Prince Edward Island, the Maritime Provinces and her contributions on a National scale have been well received."

LARGE SYSTEMS - The Canadian National Railways operated 24,176 miles of railroad in 1951, compared to 17,009 for the Canadian Pacific Railway.

BIG WAISTLINE - The Statue of Liberty, in New York Harbour, 111 feet high from head to toe, has a waistline of 35 feet.

Little Theatre Executive Meeting

At a Little Theatre executive meeting Monday night plans were made for the new season's activities, and committee chairmen for the various theatre committees were appointed, consisting of: Membership, Iphigene Arsenault, publicity, Mickey Place, entertainment, Ester Fleitch, costumes, Margaret Abbe; casting, Margaret Dew, make-up, Betty Holl; historian, Dottie Morris; lighting, Peter Shama.

Mrs. Dew reported that the following had agreed to work with her on the casting committee: Gwen Patterson, Barbara Rogers, Freda MacLellan, Jean Giddings, Charlie McQuaid and Ralph Rupert.

Plans were begun for the membership campaign to be held the second week of September and it is hoped the first production of the season will be on shortly after that date, the co-directors for this production will be Mrs. Sterling Giddings and Mr. Arthur McLean and the theatre committees are busily engaged in selecting and casting a pleasing play for their audience.

Other business included plans for Mr. Melkielejohn's course on directing to be held in Charlottetown September 2 to 5 where "Eros at Breakfast" a one-act play by Robertson Davies will be prepared for production. Any interested members of Little Theatre are invited to attend this course.

Visitor Impressed With Unique Value Of Historic Chairs - A highly appreciative visitor to the Confederation Chamber yesterday was Mr. V. B. King, of Woodstock, Ont., who was particularly interested in the authentic relics of the Confederation Fathers' meeting here in 1864, and in their historic value to the Dominion.

In conversation with Premier Jones he learned that the upholstery on a number of the original chairs is in need of restoration and that all of them require expert attention if they are to be preserved for posterity. No estimate of the expense involved in this work has been made, but Mr. King expressed his desire to contribute substantially to a fund for this purpose, which might also provide for maintaining the furniture in perpetuity.

In commenting to the Press on the subject, the Premier said he thought the idea an excellent one and that steps would be taken to ascertain the extent of the restoration work required. The amount in any case would be large, and local citizens who care to contribute to the fund would have an opportunity of doing so.

Mr. King, who is president of Truck Engineering Limited, of Woodstock, has formed very favourable impressions of his first brief visit to Prince Edward Island, and is looking forward to a more extended visit later.

SERVICES PARADE - Continued from page 1

of applause as they turned on the stirring strains of the marching band of the 28th L. A. A. Regiment of this city under Major L. E. Wellner. The 5 Signals Regiment and men of the 21st Field Ambulance under Lieut. Col. K. M. Johnston were just ahead of the anti-tank guns and main armoured vehicles.

Following the vehicles were the smart looking boys and girls of the West Kent School Cadet Corps under Cadet Major J. Squarebriggs.

Large Legion Party - Receiving their share of approval was the creek band of the R.C.A.F. followed by two detachments of officers, N.C.O.'s and men from Summerside. The Canadian Legion colors preceded the proud stepping pipe of the Pictou Highlanders who led the way for the large Legion party which turned out for the parade.

The final band on the march was that of the Cape Breton Highlanders which was just ahead of the First Aid truck. Following was a vehicle for amputees and at the end of the long procession came the trucks and smart appearing men of the Charlottetown Fire Department.

The parade arrived on Kent street from the Park and then turned on Rochford to go to Water and then up Queen street to give as many people as possible a chance to see the show. Turning down Grafton and up to Euston where it turned west. It ended at Euston and various participating units broke up off there and returning to their own quarters.

past year's work in his annual address. B. Graham Rogers gave the Secretary's report for the year.

The Rotary officers for the year 1952-53 are President, Gordon M. Avar; Vice President, Brig. W. W. Reid; Past President, Dr. Sterling Giddings; Secretary, B. Graham Rogers; Treasurer, Russell Cruikshanks; Dr. Harold Shaw and Yvonne Boudrias.

LARGE SYSTEMS - The Canadian National Railways operated 24,176 miles of railroad in 1951, compared to 17,009 for the Canadian Pacific Railway.

BIG WAISTLINE - The Statue of Liberty, in New York Harbour, 111 feet high from head to toe, has a waistline of 35 feet.

On Holiday Here

Mr. Jackson Dodds, OBE, Deputy Chief Scout for Canada, who will vacation the month of July at Dalvay, Mr. Dodds hopes to visit Scout camps which will be in progress and to meet leaders of the movement while here.

SUPREME COURT

(Continued from page 1)

"If the answer to the first question is 'yes' it is within the jurisdiction and competence of the governor-general-in-council to pass P. C. 5159?"

After dealing with the first two questions, unanimity of opinion of the Supreme Court justices ended, and various conflicting opinions were expressed by them in separate judgments.

To the third question, "Is it within the jurisdiction and competence of the Lieutenant-Governor-in-Council, of Prince Edward Island, to establish the said scheme (for marketing potatoes) and in particular section 16 thereof?" The reply of the majority of the Supreme Court was "Yes, except as to section 19". Mr. Justices Kellock and Rand answered this third question by "No."

Question No. 4 submitted to their lordships of the Supreme Court was:

"Is it within the jurisdiction and competence of the Prince Edward Island Marketing Board to make orders made under the said scheme or any orders so made?"

To this question majority opinion of the Supreme Court was "No."

The court in particular opposed orders No. 2 and No. 6 of the Prince Edward Island Potato Marketing Board. Order No. 2 imposed a levy of one cent per 100 pounds of potatoes shipped or exported. Purpose of the levy was to establish a fund to finance the marketing plan. Order No. 2 imposed the same levy of one cent per 100 pounds of potatoes upon every producer in respect of all potatoes sold or marketed.

Comments On Levy - Of this levy, Mr. Justice Rand wrote: "The assessment of one cent per 100 pounds of potatoes is clearly a mode of indirect taxation."

Wrote Mr. Justice Kerwin: "Orders 2 and 6 of the P. E. I. Marketing Board cannot be supported."

Majority opinion of the judges was that the P. E. I. Marketing Board had no legal right to engage in agreements with the Marketing Boards of Nova Scotia, New Brunswick and Newfoundland. On this topic, Mr. Justice Kellock said:

"The power given in section 19 goes beyond the mere regulation of the potato trade within the province and encroach upon the sphere of interprovincial and export trade."

Of similar opinion was Mr. Justice Estey who wrote in part:

"Powers of the P. E. I. Potato Marketing Board ought to be construed only within the field of competent provincial jurisdiction."

Chief Justice Rinfret was of the opinion that at four questions should be answered in the affirmative, thus allowing the appeal in toto. He wrote in his judgment:

Federal Legislation - "I cannot see any objection to Federal legislation of this nature. The effect is for the Governor-General-in-Council to adopt as its own board, an agency already authorized under the law of the province. The Lieutenant-Governor-in-Council may vest in the Board any powers considered necessary or advisable, to enable the Board to contribute to the marketing of natural products."

The Chief Justice dismissed the argument that a levy of indirect taxation is a measure of indirect taxation.

A majority of his fellow-judges however, held that the Board may not interfere with interprovincial or export trade and hence a levy of this kind on potatoes shipped outside the province was invalid and unconstitutional.

The P. E. I. Potato Marketing Board was the appellant, H. B. Willis Inc. and the Attorney-General of Prince Edward Island the respondents, and the Attorney-General of Canada the Intervenant on the side of the Marketing Board.

It was only July 6, 1951 that the P. E. I. Marketing Board asked the provincial courts to declare the Board's right to regulate the mar-

Local Pipe Band Makes Fine Impression

Attracting most of the attention in the mixed parade held Monday afternoon was the pipe band of the local Lads and Lassies who were perched on a large flat truck and thrilled the crowd with their music. There was a big crowd lining the streets to watch the procession.

Leaving Victoria Park the parade was headed by a group of new farm machinery implements. There was a hay mower and tractor, hay baler, diesel tractor, another hay baler and a regular farm tractor.

A big group of pretty Drum Majorettes marched smartly to the music of the brass band of the North Nova Scotia Regiment. They were followed by a wide variety of the newest automobiles supplied by local dealers and to kettling of potatoes in Prince Edward Island, H. B. Willis Inc. contested the Board's claim.

Affirming that the Agricultural Products Marketing Act was invalid inasmuch as it delegated to the province, the exclusive power of the parliament of Canada.

Contention of the Willis firm was upheld in a unanimous judgment handed down on January 31 of this year by provincial Chief Justice Campbell, and Mr. Justices McClellan and Tweedy. The Attorney-General of Canada, Mr. Justice General, claimed through the Department of Justice that the Marketing Act was valid and that all four of the contentious questions should be answered "yes". It is made clear in the various individual judgments of justices of the Supreme Court that the majority does not feel that Board has the right in conjunction with the Boards of New Brunswick, Nova Scotia and Newfoundland, to regulate and co-ordinate the marketing of potatoes produced in the provinces mentioned.

Dangerous driving was pointed out during the parade as a large trailer truck held a badly battered service panel truck which obviously had been in a serious accident. The placard on the side which said "Drive Carefully" was hardly needed as the warning was implicit in the condition of the vehicle.

The youngsters who were out in force to see it all gave much amusement from the Platters Peanut float and the antics of the two Peanut Men. Trailing the procession was the Red Cross First Aid truck.

The youngsters did more than just watch though as a great many had taken the trouble to decorate their bicycles and wear costumes as they took an active part in the proceedings. And of course there were the clowns on everything from feet to motorcycles to give the crowd a laugh all the way.
