laying the Foundation Stone of the proposed National Memorial: nevertheless, as many thousands, so circumstanced, must desire to contribute toward such an undertaking, it is hoped they may be afforded a suitable opportunity of doing so.

The Committee have, therefore, instructed us to communicate with the Representatives of the Crown, in the various British Colonies, and to request their good offices in making the object of this application widely known.

The people of England have had so many recent and gratifying proofs of the strong sympathy which unites them to their Colonial brethren, in all matters of national interest, that we anticipate a hearty and early response to this invitation on the part of your Council and of the community, the administration of whose affairs has been entrusted to your Excellency.

We feel that it would be presumptuous in us to offer any special suggestions as to the most effective mode of bringing the subject before the people of the Colony. The proper authorities there can alone fitly decide such local details. We may, however, state that it is confidently expected that this movement will, ere long be honoured by Her Majesty's immediate patronage, and by the presidency of His Royal Highness the Prince of Wales. When the list of distinguished Vice Presidents, officers and members of the Committee is completed, we shall have much pleasure in transmitting it. We have further to request that your Excellency will allow your name to be added to the list of the National Shakespeare Committee.

In the meantime we may state that the contributions towards the Shakespeare Memorial should be remitted to Messrs. Coutts & Co., Bankers, London.

We shall also be most happy to pay every attention to any communication with which your Excellency may favour us on the subject of this letter.

We have the honour to be,
&c., &c., &c.

(Signed) CHARLES NICHOLSON,
RICHARD GRAVES McDONNELL.

His Excellency GEORGE DUNDAS,
Lieut. Governor, Prince Edward Island.

THE marine cable between this Island and the main land, is, we regret to learn, again out of working order, and we have no telegraphic news.

THRE has been, within the last few days, considerable excitement in Charlottetown, about the "skedaddle" of a Money Broker, by whom, it is feared, many persons will lose considerable sums of money. Not being in possession of all the facts, and not wishing to be premature in disclosing what little we do know, we shall reserve for another occasion our comments on the financial operations of the individual referred to.

ADVICE TO THE MISERABLES.

Those who are afflicted with Scrofula, Fever Sores, Skin Eruptions, Salt Rheum, Sore Head, Sore Legs, Swelling of the Glands, Venereal Sores, Pimples, Blotches, Tetters, Chronic diseases, Humors of all kinds, and have spent large sums of money for medical attendance and advertised remedies, and are still uncured, we say use Dr. Radway's Cleansing Syrup, called RENOVATING RESOLVENT. One to six bottles of this extraordinary medicine is warranted to cure you. If six bottles of any remedy fail to furnish satisfactory evidence of cure, stop it; spend no more money on it. Radway's Renovating Resolvent has cured the worst cases of Chronic and Scrofulous Sores by a single bottle. Let the wise give it a trial.

HOLLOWAY'S PILLS.—Nervous Debility.—No part of the human machine requires more watching than the nervous system—upon it hang health and life itself. These Pills are the best regulators and strengtheners of the nerves, and the safest general purifiers. Nausea, headache, giddiness, numbness, and mental apathy yield to them. They despatch, in a summary manner, those distressing dyspeptic symptoms, stomach pains, fullness at the pit of the stomach, abdominal distension, and overcome both capricious appetite and confined bowels — the commonly accompanying signs of defective or deranged nervous power. Holloway's Pills are particularly recommended to persons of studious and sedentary habits, who gradually sink into a nervous and debilitated state unless some restorative, such as his Pills, be occasionally taken.

SYMPTOMS WHICH CAN NOT BE MISTAKEN.

The countenance is pale and leaden colored, with occasional flushes, or a circumscribed spot on one or both cheeks; the eyes become dull, the pupils dilate, an azure semicircle runs along the lower eyelid, the nose is irritated, a swelling of the upper lip, occasional headache with humming of the ears, an unusual secretion of Saliva, furred tongue, breath very foul, appetite sometimes voracious with a knawing sensation at the stomach, at others entirely gone, fleeting pains in the stomach, occasional nausea and vomiting, bowels irregular, at times costive, stools slimy, not unfrequently tinged with blood, belly swollen and hard, urine turbid, respiration occasionally difficult and accompanied by hiccough, uneasy and disturbed sleep with grinding of the teeth, temper generally irritable, etc. If your child has any of them, Worms are sure to be the cause. HOW SHALL IT BE CURED? Give JUDSON'S WORM TEA.—25 cents a package. Sold by all Dealers. 1m

NEVER DISAPPOINTS.—Rev. H. D. Doolittle, Wappingers Creek, Dutchess county, N. Y., under date of January 10, 1860, writes:—"Mrs. S. A. Allen's World's Hair Restorer and Zylobalsamum have given me great satisfaction in restoring my hair," &c.

Sold by Druggists everywhere. Depot, 198 Greenwich-street, New York.

MARKETS.—Oats at New York on the 16th, were represented as a "shade easier, and in good request at 82 to 84c." In Boston on the same day, the "market was dull at 85 to 90c." Gold, we perceive, was considerably lower. It was quoted at New York on the 17th at 149, but afterwards went up to two or three per cent.—*R. Weekly.*

NEWS BY TELEGRAPH FROM THE SEAT OF WAR IN THE STATES

ST. JOHN, Oct. 19.

Herald's despatch from army of Potomac of 17th says the main body of enemy mysteriously disappeared, nobody knowing whither they have gone, except Gen. Meade and his military advisers. It is believed that enemy having reconnoitered Mead's position to their satisfaction, have retired, and fearing rise in Rappahannock, have expeditiously moved towards that line.

Reported in New York yesterday Meade's army within defences of Washington.

Lee's whereabouts uncertain.

All sorts of reports and rumors are flying. Burnside's position considered impregnable. Tennesseeans enlisted and Union sentiment developing rapidly.

President Lincoln calls for three hundred thousand Volunteers. If not ready by January 5th another draft will be resorted to.

ST. JOHN, Oct. 20.

The *Tribune's* despatch from Head Quarters of the Army of the Potomac yesterday gives nothing reliable as to the position and movements of Lee's army.

Reconnoisances have been made in neighbourhood of Bull Run, without finding the enemy. It is believed, however, that he has a large force this side of Bristow's.

Mosby's guerillas made a daring raid, getting between the rear of the Potomac army and forces within Washington defences, capturing a picket. Thirteen officers of Sedgwick's staff were captured in the wood near head quarters by guerillas.

Among the rumors afloat is one that Lee's army has gone towards Maryland, his cavalry occupying Williamsport.

The *Herald's* correspondent thinks there will be a battle. It will come off near Chantilly.

The Federal official loss at Chattanooga is put down at 16,000 men, and 36 pieces of artillery.

ARITHMETICAL QUESTIONS FOR HIS WORSHIP THE MAYOR, HIS HONOR THE RECORDER, AND THE BODY CORPORATE TO SOLVE:—

If one person commits an assault and battery on another, and is fined by the Police Court from 20s. to 100s., how much should the Police be fined, when, taking a man to jail, they commit a most violent assault and battery on him? And to whom should the fine be paid?

ANSWER ME THAT.

Ch. Town, 19th Oct., 1863.

SHOCKING AND FATAL ACCIDENT.—On Monday last, about dusk, a young man, Edward Small, of St. Peter's Road, was instantaneously shot dead by the accidental discharge of a fowling piece. The unfortunate deceased was accompanying a party on a shooting excursion, and was entering Lannan's, at the Ten-mile-house, alone, when the inmates—including his companions, who had preceded him into the house—were startled by a sudden report, and on coming to the spot from whence the sound proceeded, found him extended in the passage or doorway, with the upper portion of his face and head literally blown to pieces. An Inquest was held the next morning, before John McNeill, Esq., one of the county coroners, when a verdict was returned in accordance with the facts; the Jury adding an expression of their opinion, that the gun or fowling piece in the hand of the deceased was unsafe, from a defect in the lock, and stating their sense of dangers arising from the use of imperfect fire-arms.

The deceased was much esteemed by his neighbors and acquaintances.—*Mon.*

DR. LA'MERT has REMOVED to the residence of Mr. JAMES BARRETT, Dorchester Street, nearly opposite the Catholic Chapel, where he can be consulted up to the 31st instant.

To give an idea of the trade in Sheep Skins in Charlottetown, we may mention that one individual, Mr. Chas. Riley, purchases on an average 200 sheep skins every market day, and has expended the amount of £120 per week since the middle of August on this one article. The trade will close for the season about Christmas. Mr. Riley is but one of the many on the Island engaged in the same business.—*R. Weekly.*

PRINCE EDWARD ISLAND PORK.—An importation of pork, the product of P. E. Island, sold by public auction at the Market Wharf, in his city, a few days since, deserves attention of our farmers. The commodity in question brought $13.00 per barrel for mess. It has been pronounced quite equal in quality to any thing of the kind hitherto brought to the Halifax market. This creditable article was cured and packed by Mr. Connolly, of Charlottetown, who is said to be one of the best curers in America.—*Halifax Rreporter.*

The Volunteers and their Efficiency.

TO THE EDITOR OF THE EXAMINER.

SIR—I beg most respectfully to thank you for your article on the Volunteer System of this Island, which appeared in your impression of the 14th ult., without which I should probably never have had the opportunity of writing on the subject. I also beg to tender to you my *sincere* thanks for your kind and *gentlemanly* remarks which appeared in your impressions of the 5th and 12th instant, in reply to my letter which appeared in the *Islander*. And since it seems that neither the City Volunteers or their two *non-competent instructors* are qualified to call me to account for the same, but are compelled to employ the *Editor of the Monitor* to do so, will you, therefore, in reply to his *editorial* remarks thereon, which appeared in his impression of the 8th inst., kindly condescend to insert in your valuable paper the following letter.

Without making any lengthy remarks in reply to the *Editor* of the *Monitor* with regard to the price paid by the British people for each rifle in possession of the Volunteers of this Island, which, I may here be permitted to remark, I a little exaggerated upon, but taking all expenses into consideration, for the accoutrements, swords, &c., which accompanied those rifles, and the shipment of the same to this country, it will be found that my exaggeration will reduce itself into the same thing, very small; and with regard to charges of *incompetency*, which I brought, and am fully prepared, before a *competent judge to substantiate*, against the two instructors employed by the three City companies, whom the *Editor* of the *Monitor* styles Capt. O'Brien and Lieut. Cropley, and not knowing what constitutes the gentleman, gives to them, thinking to make little of me, *erroneously* that appellation, — therefore, in reply to such, I can only say that any Volunteer body, however small, who will condescend to place themselves under either the instruction or command of such men as the *Editor* of the *Monitor* styles gentlemen, that the Volunteers themselves cannot be composed of that class of men which at *Home in England* they are composed of, that is, without (exception), who, by birth or position, have a stake in the country, at least if they are, (and not of such men as the Editor of the *Monitor*), it must be very *goading* to their feelings, when, on the one hand, they see their *Captain running* off at the command of every jack-daw about the Province Building, first with a letter to the *chief sweep*, then a letter to the *chief scavenger*, and numerous other letters to different persons on various subjects. On the other hand, if in case of an attempt at invasion by a foreign foe, would not the Volunteers have great confidence in their Lieut., who they would have to keep in his place, I should imagine, at the point of the bayonet, or otherwise I'm of opinion, that he would be serving them as he served his own regiment, when, going on active service, he, having such a dislike to the *smell of powder*, and more particular to the *taste of bullets*, that it caused him to volunteer to a militia corps, where he had to serve three years to count as two, to realize a pension; therefore, by the same rule, if he should happen under any circumstances to be called out here to face an *invading foe*, unless the bayonet kept him in his place, it seems to me that he would at once take to the bush. The editor of the *Monitor* also goes on to say that I want the situation of a *lackey at the Province Building*, or the situation of an acknowledged something (you know what) that has a particular dislike to powder and bullets; but let me tell the editor of the *Monitor*, whom I believe to belong to that Company of Volunteers whose Captain is *a lackey at the Province Building*, that I neither wish for nor do I intend ever to accept any appointment in or connected with the Volunteers; but if I can give the country Volunteers the benefit of my services, without putting myself to expense, I shall be very happy to do so. I have already formed and qualified one Company, the Hon. Captain Kelly's, for which I have not received one penny of remuneration; but on the contrary have been put to a great deal of expense for travelling, &c. And during the time which I held the very *honorary* post (no other name can be given to it, having no gain attached thereto) of Captain in the Militia and Sub-Inspector General of (if all were in the same state as the Companies in this city) useless Volunteers, I happened to be ordered to proceed to inspect the whole of the Companies in King's County, six in number, the performance of which occupied a period extending over ten days; and it may very easily be imagined that during those ten days, for travelling, lodgings, &c., it would cost me a pretty round sum. Now, all that I received to cover all charges was £10! And let it also be borne in mind that I never asked, or looked for, those empty, and to me (who had refused, on three different occasions, commissions in one of the best corps in Her Majesty's service,) anything but *honorable titles*, but they were pressed upon me, and on my return from visiting the companies in King's County, seeing that I should have to continue these visits, and have no means of covering my expenses, being in the grand total allowed £50 per annum, and I should have to go through each county about three times a year, and it would cost me at least £15 on each occasion; therefore, at the end of twelve months, besides giving my services for nothing, I should be out of pocket £85. I, therefore, tendered my resignation, of to me nothing but *empty titles*, and since then I have been applied to by six different captains of country companies to become their instructor; but having attended the Hon. Captain's Kelly's company, and being put to considerable expense thereby, besides giving my services free, it seems, and until I can understand who is to pay at least my travelling expenses, I cannot visit those country companies, knowing, as I well do, that they are deprived of the means of paying an instructor, unless they pay him out of their own pockets, since all the £400, voted for the Volunteer force, goes to keep up the disgraceful reviews, such as were made by the City Volunteers before Colonel McKinstrey — and worse shooting on the 30th ult. — and paying their *non-competent instructors*, together with cleaning their arms, &c., which they ought to be taught to clean themselves.

I have, therefore, after a careful examination of all the defective points at present in operation with the Volunteer force, come to the conclusion, that unless remodelled in many instances, which would not only tend to reduce expenses, but to advance them in *efficiency*, that, in their present state, if called out to oppose an invading foe, that they would not only prove themselves (or the system) a huge imposition on the people of the Island, but they would prove themselves laughing stocks in the eyes of the opposing foe.

In conclusion, I wish again to advert to my remarks which appeared in the *Islander* in reference to the two non-competent instructors living in Barracks, in the Officers' quarters, rent free, with about half an acre of ground each for a garden; and, let it be borne in mind, that when my remarks in reference to the two non-competent instructors—living in Barracks, rent free—that I had no wish to live in Barracks, either to pay rent or rent free myself, but I wished for an opportunity to draw the attention of the *humane* portion of the citizens of Charlottetown to a *good and deserving* non-commissioned officer (pensioner) Colour-Sergeant Bennett, who is now laying on a *sick bed*, and living in one of these cold and dreary men's Barrack rooms, for which he has to pay rent, and when it is taken into consideration that Colour-Sergeant Bennett served more than his complete time as a non-commissioned officer in the 30th Regiment, and him living in that dreary men's Barrack room, for which he has to pay rent, and the winter coming on, when in such a room as that the whole amount of his pension would scarcely purchase fuel to keep him warm, and there are comfortable empty rooms at the officers' quarter side, and I think if any pensioner on this Island is deserving to live in Barracks, rent free, and in comfortable quarters, it will on enquiry be found to be Colour-Sergeant Bennett. I, therefore, beg to submit Colour-Sergeant Bennett's case to the favourable consideration of those who have the Barracks in keeping.

ARRIVAL OF DR. L. LA'MERT
In Charlottetown. P. E. Island.

TO THE NERVOUS AND DEBILITATED.—Dr. L. La'Mert, of 37 Bedford Square, London, Member of the Royal College of Surgeons of England; Licentiate of the Royal College of Physicians of Edinburgh; M. D. of the University of Erlangen, &c., begs to inform his Patients, and others seeking confidential Medical Advice, that he has arrived in CAARLOTTETOWN, on a Professional visit, and may be consulted on all cases of Nervous and Physical Debility, and on the various Disorders resulting from Sedentary Habits, Excess, Accident, or Climate, Daily, from 10 till 1 p. m., and 6 till 9 p. m., until the 31st of this month, at MR. BARRETT'S house, Dorchester Street, nearly opposite the Catholic Chapel, when his visits will positively terminate.

Where a secret infirmity exists, involving the happiness of a life, and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigour of manhood, matrimonial unhappiness, compulsory single life, local and physical debility, &c., have their source in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterwards.

The numerous cures effected by Dr. La'Mert during his previous sojourn in the Lower Provinces, some in cases which had been pronounced hopeless—have led to many inquiries as to the probability of his making a Professional visit to Prince Edward Island, and it is in consequence of those inquiries that the above announcement is made.

The great experience derived by Dr. L. La'Mert, both whilst assisting his father, Dr. Samuel La'Mert, of London, in his extensive Practice, and in the various Hospitals of Continental Europe, affords an ample guarantee, to those seeking advice, of being under the care of a legally-qualified Practitioner. Dr. La'Mert's name is to be found in the "Medical Register," published under the Authority of the Medical Council of Great Britain, and is, consequently, not to be classed with the names—in many cases assumed — of a horde of adventurers, who, through the public press, seek to impose upon the credulous and unwary, by the publication of pretended qualifications and the advocacy of specifics, that are never beneficial, and in most cases positively injurious.

DR. LA'MERT'S Work on "Self-Preservation," with Engravings and Cases, revised by Dr. L. La'Mert, Member of the Royal College of Surgeons of England, &c., describes how all the attributes of Manhood are lost or suspended, how they can be re-invigorated and restored to an advanced period of life, and is intended to enlighten thousands on important subjects, in regard to which they are entirely ignorant. The Work may be had in Charlottetown, price 25 cents, or free by post for 50 cents, of Mr. J. Ings, "Islander Office," or from Dr. La'Mert, at Mr. Barrett's, Dorchester Street, nearly opposite the Catholic Chapel, until the 31st of this month.

Charlottetown, October 5, 1863.

Summer Valley Farm FOR SALE.

A Rare Chance seldom to be met with.

TO be sold, the Leasehold Interest of the above beautiful FARM, containing about 120 acres of the best land in Prince Edward Island, fronting on the St. Peter's Road, and also on the Hillsborough River, within ten chains of Appletree Wharf, and eight miles from Charlottetown by the road or by the river, subject to the yearly rent of only £5 3s, or about tenpence currency of this Island by the acre, for a term of 999 years; nearly 80 acres thereof are cleared, dkyed, fenced and under cultivation, covered with crop consisting of wheat, barley, oats, potatoes, turnips, buckwheat, &c; the residue is covered with excellent timber (hardwood and soft) of every useful description; there is a comfortable and commodious Dwelling House, 32 × 25 feet, with a frost-proof Cellar underneath, capable of containing nearly 2000 bushels potatoes, with a convenient Draw Well at the door; a large Barn, with Stables, Cowhouses, Grannary, gig, cart and harness House, pig and sheep Houses complete, with a walled Cellar underneath the Barn which will hold over 600 bushels turnips; the whole snugly sheltered from the north and west by a beautiful grove of hardwood reserved for that purpose. This Farm possesses many peculiar advantages equalled by none else on the river—commanding a picturesque view of the city and harbour of Charlottetown; there is neither hill nor swamp nor a foot of useless or inferior land on its whole surface. From its contiguity to vast deposits of muscle mud and other manures in the said river, and a reservoir near the shore, in which, with little labour, can be collected and deposited any required quantity of seaweed which floats in abundance into the cove and along the shore of said farm every autumn, the whole of said farm can be manured therefrom. And from its contiguity to the said wharf, a ready market is always open for the disposal of all the products thereof, the undersigned having often shipped 500 bushels therefrom in one day, and frequently £100 worth during the fall shipping. A more profitable, comfortable or commodious location for a gentlemen or a good farmer cannot well be found throughout the Island. The terms of sale will be liberal, and made known on application to the Honorable DANIEL BRENAN, Charlottetown, or the owner on the premises, where plans of the same can be seen

FRANCIS McQUAID.

The above Property, if not disposed of at private sale before MONDAY, the Second day of November next, will on that day be offered at PUBLIC AUCTION, at 12 o'clock, noon.

New and Improved Style.
For Economy, Comfort and Cheapness, can't be beat.

JUST RECEIVED at ORWELL CHEAP STORE, a new Stock of the almost everlasting Yarmouth, N. S., STOVES — with Single and Double Ovens for Cooking. ALSO,

Large and Small Franklin & Box Stoves.
For School-houses, Churches, &c.

They will be sold on favorable terms, if taken during this month, so as to make room for other Fall Supplies. In use, they will save over other Stoves one half in firewood, besides much valuable time, which is equal to money. They have given general satisfaction to all parties who have used them for the last five years, and who are ready to testify to their usefulness. The readiness with which they impart great heat, has been remarked by all who use them, and in old dwellings as well as new have been productive of great comfort, while they do not cost more than the old brick or stone chimneys, which take up so much room, and are now being generally thrown down. They are supplied with large metal Boilers, very useful for dyeing purposes, making soap, or preparing food for cattle, and can be kept constantly in use, at a very small cost for fuel, and without the least risk from fire. In short, the great advantages to be derived from these wonderful, celebrated, and unsurpassing STOVES can only be known from a trial of them; and farmers and others are now invited to come and select for themselves, before the cold winter sets in upon them.

The present Stock of STOVES have the new and Improved OVENS, that can be cleansed without risk of moving them. This is a decided advantage lately added; to be had at the ORWELL CHEAP STORE, cheaper than the cheapest Country Store on the Island, where the greatest variety of GOODS may be found, from a NEEDLE to an ANCHOR, both included.
