APPEAL COURT.

The Court of Appeal from city assessments was in session this forenoon, Stipendiary Magistrate Hazard presiding.

PICTURE POSTERED.—On account of the rain today the tea at Stanley Bridge has been postponed until tomorrow. Everybody is invited to come.

Don't Forget to attend the League of the Cross Picnic at West River tomorrow. Band in attendance. A choice programme of games has been arranged.

Before you order another suit of clothes ask you the genuine "Tyle" serge. It is sold only in black and in indigo blue and stamped "Tyle" every 2 1/2 yards.

MEETING.—The shareholders of the Masonic Temple Co. are reminded that the annual meeting takes place this evening at 8 o'clock, in the Masonic Temple.

CARDIAN TEA.—Notwithstanding the threatening weather the train to the Cardigan tea left the city about 9:30 this morning with a fair number of passengers.

POSTPONED.—The First Methodist Church Sunday School picnic, Steamer leaves tomorrow at 9 a. m. (sharp) with children, and at 2 p. m. (sharp) with visitors.

L. O. A.—All members of the Order are cordially requested to meet with St. George Lodge tomorrow night. Some brethren from H. M. S. Canada are expected to be present.

ONLY ONCE A YEAR.—The League of the Cross Picnic to-morrow. Fall not to go and share in its delights and advantages of nature and art, at West River Bridge to-morrow.

DONATIONS for the Methodist Church Sunday School picnic, that were to be handed in this morning, will be received in the Church basement tonight after the regular service.

To-morrow.—The rain today will clear the air, and all who attend the First Methodist Sunday School picnic tomorrow may expect a delightful time. Visitors' boat leaves at 2 p. m. sharp.

POLICE COURT.—At the Police Court today Herbert Stanway, on complaint of First McEachern, was fined \$1 and costs for keeping a vicious dog, and ordered to have the dog destroyed or removed from the city.

LAST WORDS.—A slight shower or two would do the country a great deal of good to the country, but need not annoy any person from attending Zion Church picnic to-morrow, as the cars will stand on the track within sixty feet of the grounds.

REFORMATORY.—A meeting is hereby called in the Y. M. C. A. building on Saturday evening next, 13th inst., at 8 o'clock to take into consideration the propriety of establishing a Home or Reformatory in Charlotteville. All good citizens who have the interests of their fellow men at heart and are willing to assist in this most laudable undertaking will please attend.

DEPARTURE.—An English mail was brought here from New York on Saturday by the Flying Yankee, reaching the post office about midnight. This mail was made up in London on Saturday, June 29, and was brought to New York in the Lucania, reaching here in eight days, the quickest time on record.—St. John Telegraph.

FOR YOUNG AND OLD.—All lovers of river and country, of beach and grove, all who wish to live long go to the League of the Cross Picnic at West River Bridge to-morrow. There will be games for young and old, band, violins, dancing, merry-go-round, and far not hunter. Boat leaves Ferry Wharf at 9 a. m., and 1.30 p. m. for Shaw's—return tickets 15 cents, tea 25 cents.

CARVING EXTRAORDINARY.—In sawing through a white oak log, three feet in diameter, not long ago, a sawyer at Blanchester, Ohio, came across the date 1780 carved in the wood near the middle of the log. The figures were very distinct. The carving was, doubtless, done when the tree was young, and in some way the wood grew around and over it without filling up the carved furrows.

CRICKET.—A cricket match between teams from the Phoenix cricket club and H. M. S. Canada will be played at the Park on Friday afternoon next at 2 o'clock sharp. Members of the home team are requested to be sharp on time and avoid annoying delays.

IT is probable that another match game between the Cabot cricket club and the same ship will be played on the following day, Saturday.

THE IMPROVEMENTS OF HILLSBOROUGH SQUARE.—It is gratifying to observe that our civic rulers have taken charge of that much neglected city property, Hillsborough Square. Under the Supervision of the City Surveyor, quite a number of new boxes have been placed where most required, around trees on the east end of the Square, and when some half a dozen more are placed to protect some fine trees at the south end of the Square, Mr. Dalziel will have done much towards protecting city property in that direction. The fence has also been repaired, and will, no doubt, ere long receive its annual coat of whitewash.

DECK RIVER DAMBLES.—The Journal reports that work has begun on the rebuilding of the bridge at Wall's mill, carried away by the freshet of last spring. No work has been done yet, however, on the bridge below the factory grounds, nor has this extremely dangerous place been fenced for the protection of any strangers who might unknowingly attempt to pass that way. It is really too bad how neglected it serves to show, however, that the Government have not the interests of the Bedoune people much at heart. Or perhaps they are too busy just now about the roads and bridges in the Third District of Prince, where a large election campaign is in progress, and where the Commissioner of Public Works has lately become a familiar figure.

News received from Chili is that there is a Cabinet crisis there and that the Ministers have all resigned in a body.

THE PRINCESS OF WALES has always shown a great fondness for adventure, and last week she, in company with her daughters, the Princesses Victoria and Maud, the Duke and Duchess of York, the Crown Prince of Denmark, and other members of the Royal family, made the first trip of the great wheel after the style of the famous Ferris wheel at Chicago, only larger which has just been finished at the Indian Exhibition.

who will perform in the Opera House to-morrow evening. Proceeds go to our hospitals.

EXERCISES.—About seventy persons were on the S. S. Southport and enjoyed the excursion last evening up and down the Hillsborough. The Artillery band was present.

MAIL LATE.—The mail train was about an hour late on arriving last night. This was due to the C. P. R. train from Montreal, which was two hours late on starting, but gained an hour on the way.

THE FERRIS.—The steamer Southport will not make the 4 o'clock trip to West River Bridge tomorrow on account of the League of the Cross picnic. She will leave Ferry Wharf at 5 a. m. on Friday for West River Bridge.

The Effin will not make the 2 o'clock trip to Rocky Point tomorrow afternoon. All other trips will be on time.

THE BAND STAND.—The contract for the erection of the band stand on Queen Square has been awarded by the citizens' committee to Messrs. Parkman & Crabbe. Three plans were received—two from Mr. W. C. Harris and one from Messrs. Chappelle & Phillips. One submitted by Mr. Harris was for a stone stand. That of Chappelle & Phillips was accepted, and judging from the plan the stand will, when completed, be a handsome and useful structure. It will be square in plan, and painted and surmounted by a flag pole. The cost is \$100. Work will be commenced tomorrow, and it is expected will be completed within ten days.

DAIRYMEN'S ASSOCIATION.

Important Matters Under Consideration. Red House Farmer's and Dairymen's Association met in Phillimore Hall yesterday at 11 o'clock, J. C. Underhay, Esq., Vice-President, presiding. On taking the chair the Vice-President expressed regret that the President, Hon. Alexander Laird, was unable to be present not being in vigorous health, and was sorry that the representation was not larger, as he believed that more united action on the part of the farmers was required. Especially was it necessary that the Dairymen's Association should be brought together, as united action would be absolutely necessary to success in the event of the Government withdrawing the assistance which they have, up to this time, been giving us, and without which the industry could not have been successfully started here.

The new modes of living and the old modes of farming would not agree and while growing oats and potatoes for importation might do when the average farmer's store bill was generally confined to a bundle of cotton warp, a few ounces of indigo, a little steel for the plow share, and perhaps a pound or two of tea, but he confidently hoped that the new departure in dairymen's farming, the raising of dairy cattle, would be a good deal of discussion which terminated in a hearty vote of thanks to Mr. McDonald.

The election of officers for the ensuing year, resulted as follows: J. C. Underhay, president; Jessie Burns, vice-president; F. V. Vessey, Little York, secretary-treasurer. Executive Committee, Charles Waye, Win. Laird, Joshua Westcott, Daniel Stewart, A. M. Arch. Stittison, James Richards, M. P. P.

On motion, a committee was appointed to prepare a set of By-Laws. Semi-annual meetings are to be held in January at Montague and Freetown.

PERSONAL.

J. C. Underhay, Esq., of Bay Fortune, is in the city. We regret to learn that Mrs. Laird is again very ill.

Mr. West, Principal of the Belfast High School, is visiting this city. Emperor William, formerly of the same place, leaving an aged mother 93 years of age, also four brothers and two sisters to mourn his sad loss. He was well thought of by numerous friends, acquaintances, aged 51 years. Cause of death in pace.

Francis Clark, who succeeded the late John Brown as Queen Victoria's personal attendant, is dead.

Frank Albert, the ex-100 mile bicycle champion of the world, is in Concord, Mass., on his way to this Province.

T. F. West, Mrs. West, Belfast; H. A. McLean, Montague; and D. McDonald, were registered at the Queen Hotel this forenoon.

Mr. David H. Hogg and wife, of Montreal, are at the Queen on their way to Mutch's Hotel, Stanhope, to spend the summer.

Mr. O. Hornsby, manager of the Merchant's Bank of Halifax in this city, left by the St. Lawrence this morning on a holiday trip.

Specially favored visitors were recently allowed to penetrate the Queen's boudoir, at Windsor castle. Its state has remained unaltered since Her Majesty's widowhood. On the door is inscribed: "Every article selected for me in the 24th year of my reign." The Queen's bridal wreath, with the first bouquet Prince Albert sent to her, lies withered within a glass case, and on every side are evidences of the thought and devotion of the Prince Consort to Her Majesty.

The Princess of Wales has always shown a great fondness for adventure, and last week she, in company with her daughters, the Princesses Victoria and Maud, the Duke and Duchess of York, the Crown Prince of Denmark, and other members of the Royal family, made the first trip of the great wheel after the style of the famous Ferris wheel at Chicago, only larger which has just been finished at the Indian Exhibition.

Anyone Can Dream Success.

It's quite another thing to win it. When a business grows, as anyone wide awake can see that this is growing, there's surely good reason for it. We know what those reasons are. So do hundreds of careful buyers hereabout. We want more hundreds to know. "Buy of the Makers."
