THE CONDITION OF AFFAIRS IN MEXICO.

[From the New York Herald.]

From our Mexican correspondence, published yesterday, which gives the news from the capital up to August 25, we see that our neighboring republic is falling back into its chronic condition of anarchy. The foreign enemy had scarcely evacuated the country, and the blood of the usurping emperor was hardly cold when the old internecine war among the Mexicans themselves was reopened. From the blood ruthlessly, savagely and unnecessarily spilt by the Juarez government in the hour of its triumph, there is likely to spring a crop of blood to vex and to destroy many of the chiefs who knew not how to temper success with mercy. "The people," as our correspondent says, "so long accustomed to revolution and anarchical disquiet, find that tranquility and prosperity are unwholesome, and they long for the revolutionary leaders and the war path." It would have been better to have said the chiefs or leaders, rather than the people, desire anarchy, though it appears the people are incapable of self-government.

Juarez has issued a proclamation, calling a general election for Congress, and at the same time submitting certain amendments to the constitution to the vote of the people. The whole tone of this document is gloomy and complaining. The President is evidently apprehensive of trouble though he expresses hope in the future. Some of his recommendations for a reform in the constitution, to assimilate it more to the constitution of the United States, of which he appears to have an exalted opinion, are very well; but he has made a great mistake in proposing to muzzle the press. The press is the great instrument that enlightens the public and supports constitutional liberty. The Latin race and those who have been governed by it and mixed up with it, like the Mexicans, cannot understand this. The Anglo-Saxons and all the northern people of Europe, and the people of the United States which have sprung from them, understand it well. We maintain constitutional liberty because we have a free press. With us and with the nations of Europe referred to the press has no censor, and is not at the mercy of the arbitrary dictates of government. It is subject to the laws, as everything else is, and not to the will or caprice of presidents, monarchs or their ministers. If public sentiment be expressed through the press and the ballot box there is no necessity to resort to the sword or to revolution. Jaurez, at the commencement of his re-established authority, has committed a great blunder. It only shows what we have repeatedly said, that the Mexicans are not capable of self government, and, therefore, must continue to be the prey of revolution anarchy till governed by a higher and superior race.

An Insect that is "Not Particular."—While cockroaches partake largely of the common articles of diet in a ship's stores, they also rather like books, clothes, boots, soap and corks. They are also partial to lucifer matches, and consider the edges of rasors and amputating knives delicate eating. As to drink, these animals exhibit the same impartiality. Probably they do prefer wines and spirits; but they can, nevertheless, drink beer with relish, and even suit themselves to circumstances, and imbibe water, either pure or mixed with soap; and if they cannot obtain wine, they find in ink a very good substitute. Cockroaches, I should think, were by no means exempt from the numerous ills that flesh is heir to, and must at times, like human epicures and gourmands, suffer dreadfully from rheums and dyspepsia; for to what else can I attribute their extreme partiality for medicine? "Every man his own doctor," seems to be *their* motto; and they appear to attach no other meaning to the word "surgeon" than simply something to eat; I speak by experience. As to physic, nothing seems to come wrong to them. If patients on shore were only half as fond of pills and draughts, I, for one, should never go to sea. As to powders, they invariably roll themselves bodily in them; and tinctures they sip all day long. Blistering plaster seems a patent nostrum, which they take internally, for they managed to use up two ounces of mine in as many weeks, and I have no doubt it warmed their insides. I one night left a dozen of blue pills carelessly exposed on my little table. Soon after I had turned in, I observed the box surrounded by them; and being too lazy to get up, I had to submit to see my pills walked off within a very few minutes by a dozen roaches, each one carrying a pill. I politely informed them that there was more than a dose for an adult cockroach in each of these pills; but I rather think they did not heed the caution, for next morning the deck of my little cabin was strewed with the dead and dying, some exhibiting all the symptoms of an advanced stage of mercurial salivation, and some still swallowing little morsels of pill, no doubt on the principle of *similia similibus curantur*; from which I argue that cockroaches are homœopathists, although they had adopted the *other* homœopathic theory first, and taken infinitesimal doses, they would then have experienced the full benefit of that noble doctrine, and the medicine, while doing them no good, would have done them just as little harm.—*Chambers's Journal.*

The Labour Necessary to Produce a Book.—Mr. Parton, in alluding to Mr. Motley's Histories of the Dutch Republic and of the United Netherlands, in the *Atlantic Monthly*, says: Before that author could write the first sentence of his work he must have been familiar with six languages, English, Latin, Dutch, French, German and Spanish, besides possessing that general knowledge ... science which

THE ROAD TO HEATH AND LONG LIFE

SECURED BY

HOLLOWAY'S PILLS.

Impurities of the Blood.

In selecting the most appropriate medicine for a particular ailment, there may be some difficulty unless one can be found to purify, regulate, and improve the quality of the blood. These Pills possess these three qualifications in an extraordinary degree. They enable the stomach to digest any ordinary food, increase the secretory powers of the liver, cleanse and purify the blood, expel all morbid matter, and throw into the circulation the purest elements for sustaining and repairing the frame.

Weakness and Debility.

How many persons suffer from debility without knowing the causes why they are feeble! In most cases the stomach is the aggressor. Holloway's Pills have long been famed for regulating a disordered stomach, and restoring its healthy digestive tone; they are, therefore, confidently recommended as a never failing remedy in all cases where the constitution, from any cause, has become impaired or weakened.

Disease of the Head and Heart.

These formidable diseases are, unfortunately, of frequent occurrence; for the most part they creep on gradually, but may be prevented by proper precautions. Holloway's Pills are the surest preservatives against all derangements of the brain, and are the speediest correctors of irregular circulation. If they be taken without delay, when tingling in the limbs, drowsiness, or giddiness comes on, the effect will be marvellous.

Females of all Ages & Classes.

The fame of these Pills is partly based upon the beneficial effects they have upon the constitutions of females. From the domestic servant to the peeress, universal favor is accorded to them for their invigorating and purifying properties, which render them so safe and invaluable in all disorders peculiar to the sex. Obstructions of every kind, either in young persons entering into womanhood or approaching the turn of life—the most critical period—may be radically removed by a recourse to these Pills.

All Disorders affecting the Liver, Stomach and Bowels.

Whenever the stomach, liver, or bowels are disordered by high living, climate, over-indulgence, undue exertion or other causes, these fine regulating Pills will soon rectify the evil, and speedily bring back energy, strength and cheerfulness to the frame where previously all was lassitude, gloom and dejection.

Despondency, Low Spirits.

The misery occasioned by a disordered digestion is, unfortunately, felt by most. These famous Pills should be taken in appropriate doses to adjust the disturbed functions. They dispel headache, biliousness, nausea, lowness of spirits, and all similar ailments. A course of these invaluable purifying Pills never fails in removing the cause of such morbid affections, without subjecting the sufferer to any inconvenience

Influenza, Diptheria, Bronchitis, Coughs and Colds.

In our changeable climate few persons escape without colds, sore throats, influenza, diptheria, or bronchitis, for all of which these famous corrective Pills may be taken with the certainty of effecting a cure. While the Pills are expelling all impurities from the body generally, Holloway's Ointment should be well rubbed upon the chest and throat; it will penetrate the skin, reduce inflammation, and restore lasting soundness.

Holloway's Pills are the best Remedy known in the world for the following diseases:

Ague	Female Irregularities	Scrofula, or King's Evil
Asthma	Fevers of all kinds	Sore Throat
Bilious Complaints	Fits	Stone & Gravel
Blotches on the Skin	Gout	Second'ry Symptoms
Bowel Complaints	Headaches	Tic-Douloureux
Colics	Indigestion	Tumours
Constipation of the Bowels	Inflammation	Ulcers
	Jaundice	Venereal Affections
Consumption	Liver Compl'nts	Worms of all kinds
Debility	Lumbago	
Dropsy	Piles	Weakness from whatever cause &c. &c.
Dysentery	Rheumatism	
Erysipelas	Retention of Urine

CHILDREN TEETHING

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers her

Soothing Syrup,

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay **all pain** and spasmodic action, and is **SURE TO REGULATE THE BOWELS.**

Depend upon it, mothers, it will give rest to yourselves, and

Relief and Health to your Infants.

We have put up and sold this article for over thirty years, and **can say, in confidence and truth** of it, what we have never been able to say of any other medicine—**never has it failed, in a single instance, to effect a cure,** when timely used. Never did we know an instance of dissatisfaction by any one who used it; on the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter **"what we do know,"** after thirty years' experience, **and pledge our reputation for the fulfilment of what we here declare.** In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most **experienced and skilful nurses** in New England, and has been used with **never-failing success** in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC,

and overcomes convulsions, which, if not speedily remedied, end in death. We believe it the **best and surest remedy in the world,** in all cases of **Dysentery and Diarrhœa in Children,** whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—**do not let your prejudices, nor the prejudices of others,** stand between your suffering child and the relief that will be **sure—yes, absolutely sure**—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the facsimile of **CURTIS & PERKINS,** New York, is on the outside wrapper.

WISTAR'S BALSAM OF WILD CHERRY

THE GREAT REMEDY FOR

CONSUMPTION,

and acknowledged by many prominent physicians to be far the most Reliable Preparation ever introduced for the RELIEF and CURE of all

LUNG COMPLAINTS.

This well known remedy is offered to the public, sanctioned by the experience of over forty years; and when resorted to in season, seldom fails to effect a speedy cure of

Coughs, Colds, Croup, Bronchitis, Influenza, Whooping Cough, Hoarseness, Pains or Soreness in the Chest and Side, Bleeding at the Lungs, Liver Complaint, &c.

The unequalled success that has attended the application of this medicine in all cases of

PULMONARY COMPLAINTS

has induced many physicians of high standing to employ it in their practice, some of whom advise us of the fact over their own signatures. We have space only for the names of a few of these:—

Alex. Hatch, M.D.	A. A. Gibbs, M.D.
E. Boyden, M.D.	W. H. Webb, M.D.
Wm. A. Rust, M.D.	W. B. Lynch, M.D.

Bradford Knapp, M.D.	A. H. Macanair, M.D.
Seymour Thacher, M.D.	S. H. Finley, M.D.

Such testimony

CANNOT BE DISCREDITED.

From the mass of evidence in our possession we select the following:—

From L. J. RACINE, Esq.,

of *La Minerve,* Montreal. "Having experienced the most gratifying results from the use of *Dr. Wistar's Balsam of Wild Cherry,* I am induced to express the great confidence which I have in its efficacy. For nine months I was most cruelly afflicted with a severe and obstinate cough, accompanied with acute pain in the side, which did not leave me, summer or winter. The symptoms increased alarmingly, and so reduced was I that I could walk but a few steps without resting to recover from the pain and fatigue which so slight an exertion occasioned. At this juncture I commenced taking the Balsam, from which I found *immediate relief,* and after having used four bottles I was completely restored to health. I have used the Balsam in my family, and administered it to my children, with the happiest results. I am sure that such Canadians as use the Balsam can but speak in its favor. It is a preparation which has only to be tried to be acknowledged as the remedy *par excellence.*"

A CURE FOR WHOOPING COUGH.

St. Hyacinthe, C.E., Aug. 21, 1856.

Messrs. Seth W. Fowle & Son.

Gentlemen:—Several months since a little daughter of mine, ten years of age, was taken with *Whooping Cough* in a very aggravated form, and nothing we could do for her seemed in any way to relieve her suffering. We at length decided to try a bottle of *Dr. Wistar's Balsam of Wild Cherry.* In three hours after she had commenced using it, she was greatly relieved, and in less than three days was entirely cured, and is now well. I have since recommended the Balsam to many of my neighbors, who have used it, and in no case have I known it fail of effecting a speedy cure.

You are at liberty to make any use of the above you think proper. If it shall induce anybody to use your Balsam I shall be glad, for I have great confidence in it.

Yours, P. GUITTE,
Proprietor of the *Courrier de St. Hyacinthe.*

SELF-PRESERVATION.

PRICE WITH ENGRAVINGS AND CASES, 1s. 6d., BY POST, 3s. CURRENCY.

SELF-PRESERVATION: A popular Essay on Nervous and Physical Debility, resulting from injurious habits contracted in youth, or excesses in maturity, which, by prematurely exhausting the functions of manhood, destroy the happiness of Married Life, or prevent the fulfilment of engagements that constitute the most cherished objects of existence, by Dr. La'Mert, 37 Bedford Square, London, Licentiate of the Royal College of Physicians of Edinburgh; Member of the Royal College of Surgeons, England, &c.

The above work contains most useful and interesting information on the physiological changes which occur in the Reproductive System during the periods of youth, puberty, and manhood; and on the due attainment of that degree of functional vigour upon which the hopes of posterity depend. It also points out how all the attributes of manhood can be preserved to an advanced period of life, how they are lost, and how they can be recovered. It is free from the gross exaggerations, alarming descriptions and dangerous remedies so generally resorted to by persons, who, practising with false medical qualifications, inflict most serious injuries, and render judicious treatment frequently abortive.

The author is the only legally qualified practitioner whose name stands on the 'Medical Register,' (the sole test of medical qualification) who has been exclusively engaged for a series of years in the treatment of the various functional disorders of the nervous and reproductive system, which, owing to the great discoveries of modern science, are rendered subservient to a rational, simple and easy mode of treatment.

At home for consultation daily from ten till two, and from six till eight, either personally or by letter—37 Bedford Square, London, England.

Patients residing in the Colonies can be successfully treated by correspondence, and remedies can be forwarded in secresy and safety to any address.

"SELF-PRESERVATION" may be had of the undermentioned Agents, price 1s 6d; free by post, 3s currency:—Halifax, N. S, Mr. Johnson, Chemist. Yarmouth, N.S., Messrs. Young & Baker, Booksellers. Sydney, C. B, Mr. J. P. Ward, *News* Office. St. John, N. B, Messrs. H. Chubb & Co., *Courier* Office. Charlottetown, P. E. I., Mr. John Ings, *Islander* Office.
