

Will Wonders Ever Cease?

It has been discovered that by means of the circulating blood any organ of an animal can be paralyzed or stimulated into renewed activity if the proper material is administered. Cocaine, which has revolutionized almost all surgical operations, is only one of the results of this discovery. The use of Atropine by oculists is a remarkable example: For it matters not how administered, [even if injected into the big toe] the first effect seen is the enlarging of the pupil of the eye. An other application of this discovery is as practical as any, was the idea that the great loss suffered by poultry raisers, owing to the fact that hens stop laying during cold weather, when eggs are worth fifty cents per dozen, could be overcome, if the ovaries of the hen could be reached and stimulated to egg-producing activity. The experiment was crowned with success, and the chemical compound deficient in the ovaries of the hens at this season are now very important components of Sheridan's Condition Powder to make hens lay. And with this still some of our most successful egg raisers believe it is as easy to obtain plenty of eggs in mid-winter as to raise early vegetables. Last December the poultry Editor of the N. E. Farmer said to a subscriber, "the office of Sheridan's Condition Powder is to animate the ovaries. A hen to lay profitably must be in condition. I use Sheridan's Powder because I believe that hens can be made to lay even in winter by using it, and fully twice as much profit can be made in a year from a flock of fowls where it is used." Is not that good evidence? Then face your hens to laying now, or later you will regret.

The Telephone Company P. E. ISLAND. PARTIES using the Telephone would find it making much more satisfactory if they would observe the following rules:— 1st. Speak with the mouth about four inches from the transmitter. 2nd. Speak in a moderate tone of voice, not too loud and distinctly. 3rd. Place the telephone so as to cover the ear, just as if you wished to shut out all other sounds. If you speak too loudly, but it is not a pleasant mode of conversation, it is entirely unnecessary, and is a useless waste of wind and lungs, besides being very annoying to all within range of your voice. SAVED! The testimonial below refers to a patient who was pronounced incurable by leading physicians in England: From Rev. Dr. Hill, M. F. Bayar, Esq., HALIFAX, N. S. Dear Sir,—I feel that it is due to you that I should say publicly what I have said privately very many times, namely, that I firmly believe your PHOSPHOLEINE was the means of restoring a near relative of mine to ordinary health. The patient was apparently in the last stages of Consumption, but with the concurrence of skilled physicians your PHOSPHOLEINE was tried, and, I am happy to say, with results that I certainly did not anticipate. My friend is to-day in the enjoyment of excellent health. Believe me, yours very truly, GEORGE W. HILL, D. C. L., Rector St. Paul's. ARE YOU CONVINCED? PHOSPHOLEINE! (Pronounced FOS-FO-LEEN). Can be had from all druggists and dealers at 50 cents per bottle. For sale by Geo. E. Hughes and Reddin Bros., Charlottetown.

PARNELL, Sired by DAN. Abuliah Messenger, 4869, Sire of Bijou 225 1-4, Grand sire of Grand Dan by Saladin, he by Bay Middleton. —THE PROPERTY OF— P. P. GILLIS, CHARLOTTETOWN, P. E. I.

PARNELL is a rich dark bay in color, with black points. His scan is 16 hands high, and weighs 1150 pounds. He is a magnificent y built and perfectly proportioned animal, having a finely shaped head and neck, the throat being clearly cut; the chest is broad and deep, giving grand lung power; the shoulders slope well back; the barrel is well rounded and springy ribbed, with strong loins and coupling; his quarters are shapely and heavily muscled; his bone is firm and clean, and his legs and feet all that can be desired. He is a splendidly gifted animal, having a free, open, natural trotting action that is greatly admired by all who have seen him moving in harness. He is good tempered and level headed, and very intelligent looking. At the Provincial Exhibition, 1892, he showed his winner to trot. Being started three lengths behind, and he pole horse, he drove his winner home in 2:40, which is equal to 2:35 had he got fair play. Parnell is to his credit some of the best looking colts on the island, and before the snow flies next fall he will have some of the fastest. In Parnell's veins is mingled the blood of performers and producers—the blood of Black Hawk, of Abdallah I., of Justin Morgan, of Samba, of Saladin, and of many others that are renowned in the equine history of the United States and of Prince Edward Island. In style, action, speed, courage, energy, pluck and intelligence he is worthy of his breeding, and breeders can make no mistake in siring their best mares to this handsome Stallion. If you want speed you must breed for it, and in Parnell you have it. If you want fine carriage horses you must breed for them, and in Parnell you have concentrated the strains that have produced hundreds of our best roadsters. His inheritance is such as to justify expectations of the best results. Parnell will stand at the owner's stables during the season of 1892 at the service fee of \$15.00 for a foal. As I expect Parnell to trot below 2:30 this fall, I cannot allow the usual return privileges. Mares from a distance will be kept free of charge for two days. P. P. GILLIS, Owner. ap12-dy 6w & wky

KILLERS CONDEMNED.—The Baptist Ministerial Association, in session at Toronto, a few days ago, passed a resolution condemning the parade of the Highland regiment on Sunday last.

THE "Myrtle Navy" plug correctly represents the whole plan upon which its manufacture is conducted. There is not a fractional part of a cent expended upon it for mere appearance. It is neither wrapped in tin foil nor worked into fancy shapes, nor put in fancy cases, nor subject to any kind of expense merely to please the eye or captivate the fancy. The manufacturers rightly believe that tobacco was not purchased for ornament, but for smoking, and therefore all extraneous expense was avoided and added to the quality of the tobacco. The public here testified in its case that they prefer paying their money for a high quality of article than for ornament out of place.

A SHOWER OF PLEMS.—There is great excitement in the Duncan neighborhood, Haverhill, Ky., over a shower of plums that fell there during a storm on Wednesday morning of last week. A twelve acre strip of land was covered to a depth of several inches with the plums, and barrels could easily be filled. The plums are about the size of a small marble, and filled with small seed, and are different from any fruit ever known in this country. They are thought to be a berry brought by the powerful cyclone that morning from some tropical country.

FOR OVER FIFTY YEARS Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children, while cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarrhea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. 1yr

THE TABLES TURNED.—A New York jeweler has instituted suit for breach of promise against a New York damsel of 17. The jeweller places the amount at which he values his trifled-with affections at \$25,000. The young lady, whose father is a wealthy merchant, objected to her former intended at the last moment on the ground that he was too old.

MAKES FLESH AND BLOOD.—When the system is all run down and there seems to be no hope of obtaining nourishment for the body by the ordinary process of food supply and digestion, when the body is sinking fast, there is the time to use Miller's Emulsion of pure Norwegian Cod Liver Oil. It always works wonders, because it is a flesh and blood maker and contains all the constituents for nourishment found in wheat, in fact, Miller's Emulsion is a perfect "staff of life," and has saved and cured thousands. In big bottles 50c, and \$1 at Charlottetown drug stores.
