## Pub Crawl '90

Here Ye here Ye. The last blow-out of 1990 is scheduled to take place on November 29th. The 1990-1991 edition of the Education Society is proud to announce this term's first and foremost Pub Crawl. It will be held on November 29th with proceeds going to the Education Society. The "Two Arms Only Pub Crawl" will feature teams of three with the winners in various categories receiving incredibly wonderful prizes. Many of you are familiar with the agony of tapping your legs together and running around the campus while large and uncomfortable blisters form on your ankles. Well, no worry here. We're going to tape your arms together. Try drinking a beer that way. Get your teams together early and stay tuned to the society page for further information. It's going to be a great way of ending the term. And man, you're gonna need it before exams start. It will be exactly what your mental health needs.

## English Society Ramble

By Rob Coffin

Pause for Thought: "Ah, but mans reach should exceed his grasp, or what's a heaven for?"-Robert Browning.

The UPEI English Society is hosting a party for students and the faculty and their spouses on Thursday, November 22nd, at 6 pm. The location will be in Main Building in either the Faculty Lounge or the Sociology/Anthropology Lounge on the fourth floor. Keep your eyes open for the location and feel free, non-Society member, to attend. Society meetings are still on Mondays at 3 pm.

Anyone interested in a Society T-Shirt, can still get one by giving money and size information to Rob Coffin or Kheng-Wee Wah.
