Here Are Just A Few Of Many Sensationally Priced Values

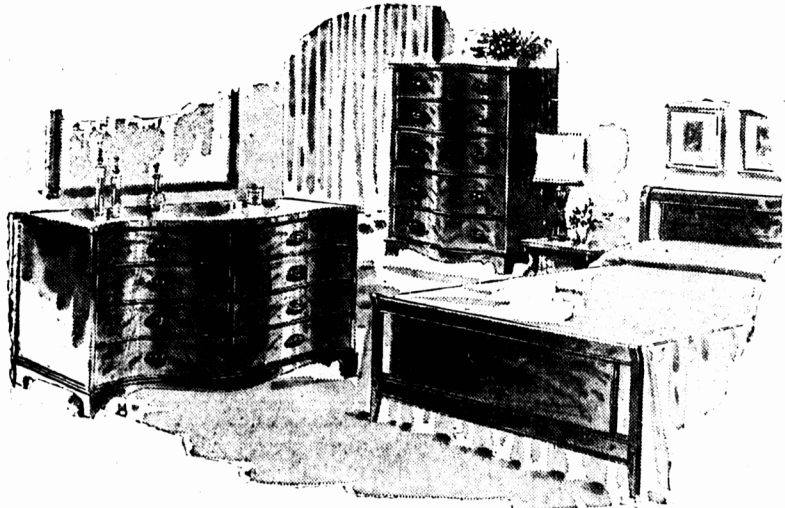

BEDROOM SUITES

YOU DECIDE ON THE STYLE — Does your taste suggest the rugged yet beautifully simple design of the Colonial MAPLE, or does it respond to the straight lines and lighter texture in the finish of MODERN, or yet does your heart throb at the sight of the old yet ever new period styles finished in rich mahogany or distinguished walnut?

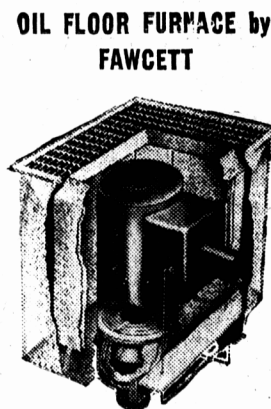

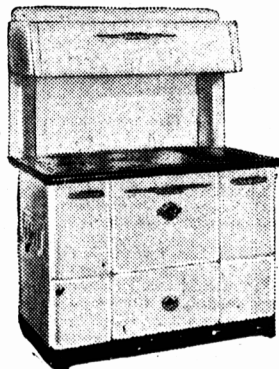

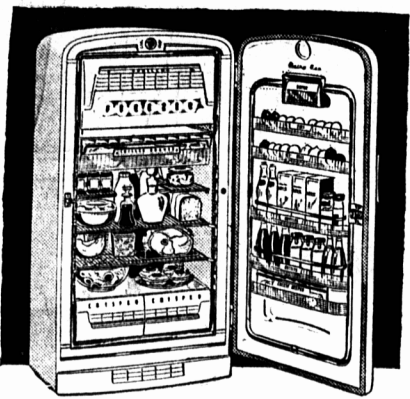

Whatever your taste, and whatever the pressure of your purse you will find during this SALE the bedroom Suite you need.

NEVER in recent years has a furniture Store offered you such values — and that of anything is an understatement.

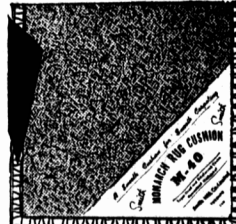

COME AND SEE! Touch the beautiful "toasted Oak" by "GIBBARD", gaze fondly upon the brown mahogany period pieces by "MALCOLM". Look carefully at the very low priced birch suite in light walnut — you will find it is not paper, you will be amazed at such quality for \$75.00. COME AND SEE!
