

OUR NEWS BUDGET FOR OUR SATURDAY SUBSCRIBERS

MONDAY

Rev. Allan MacDonald offered his first solemn Mass at St. Patrick's Church, Fort Augustus on Sunday, June 11. He was assisted by Rev. Walter MacGuigan as Deacon and Rev. Vincent Murnaghan as Sub-Deacon. Rev. Claude Shea was master of ceremonies.

Present in the sanctuary were Rev. K. MacPherson and Rev. L. P. Callaghan. The sermon was preached by Rev. John A. MacDonald of Ottawa, a cousin of the newly ordained priest. He spoke of the mission of the Catholic Priesthood and of the powers given to the priest to carry on the work of Christ.

Rev. A. D. MacKinnon, B.A., B.D., D.D., of Little Narrows, Cape Breton was guest speaker at both services yesterday at Zion Church on the occasion of the observance of the 90th anniversary of the founding of Zion Church in Charlottetown.

The church was filled to capacity at both services and special music was provided by the choir under the direction of Mr. Frank Johnson, A.T.C.L. The male quartet comprising Messrs. Harry Craswell, J. A. MacLeod, Wendell Phillips and Malcolm MacKinnon was heard in inspiring numbers.

Taking up his theme for the morning service, "The Church's Mission," Rev. Dr. MacKinnon based his discussion on the words of Christ to His disciples contained in John 20:21: "As my Father hath sent me, even so send I you." He reviewed the early history of the Presbyterian Church in Scotland, how it had survived disloyalty from within and persecution from without and developed a strong church. The church today, the speaker said, must continue to fill this mission, that is of inspiring Christ-like living among its members.

Still greater effort is necessary in order to ensure the continuance of progress towards world reformation on Christian principles.

A collision between a west bound extra freight train and a road maintainer drawing a heavy trailer occurred late Saturday afternoon at a crossing of the main highway near New Annan.

The driver of the maintainer, Mr. Harold Champion of Summerside miraculously escaped injury as he was thrown some distance from the cab of the machine. The accident occurred about five minutes to five and it is believed to have been caused by a cloud of dust obscuring the vision of the operator of the maintainer.

At this point the highway is being re-built with much light clay on the surface, and this was being stirred up by a strong wind. The train apparently struck just about the rear of the machine as the trailer remained on one side of the track while the maintainer was crumpled up and dragged some distance on the opposite side.

The motor of the maintainer was sheared off and thrown about fifty feet into a field. The front of the diesel locomotive was slightly damaged and one freight car loaded with automobiles was off its wheels and angled over on top of the wrecked train.

A wrecking train was sent out from Charlottetown and the line was re-opened about eleven o'clock Sunday morning, but the damaged freight car was not restored to the track till about three o'clock in the afternoon. Approximately 300 feet of track were torn up.

The driver of the train was Mr. St. Clair Paquet of Charlottetown and the conductor was Mr. Henry Douglas of Charlottetown. The maintainer was the property of Morrison and MacRae Ltd. of Summerside and is a serious loss as it is understood, there was no insurance carried.

Passengers on the Borden express Saturday evening were taken into Summerside by bus from the scene of the wreck and an extra train was made up there and proceeded to Tignish.

Damages estimated at \$9,000-\$10,000 were suffered by Mr. George McDonald, Mermaid, Saturday night when fire destroyed three of his large barns, two adjoining sheds and a granary in a flash outbreak discovered about 8.45 p.m.

Two race horses, Miss Adele W. and the promising Bo-Peep were lost in the conflagration. These animals were valued at \$1500 each.

Also lost were a work horse and one brood sow. All harness including two sets of racing harness, hoppers and other racing equipment, a binder, thresher, grain crusher, engine, fertilizer spreader, milking machine and quantities of oats and hay were destroyed.

Gracie Fields, world famous entertainer, arrived in Charlottetown on Saturday afternoon for a four day rest before appearing at the Forum on Wednesday evening.

Looking much younger than her years, Miss Fields stepped off the plane to be met by His Worship Mayor B. Earle MacDonald and Mrs. MacDonald, City Clerk J. A. Fullerton, and a group of members of the Kiwanis Club. Introductions were made by Kiwanis President Lawson Jenkins, and a bouquet of crimson roses was presented by little Miss Patsy Jane MacDonald.

An enthusiastic crowd of fans were present to catch a glimpse of "our Gracie", and the attractive star of screen, radio, and stage smiled happily at those close enough to talk with her, and answered questions in the pleasant, easy manner for which she is so famous.

James Gilbert, of Souris, a prisoner in the King's County Jail at Georgetown, escaped from custody in the early hours of Saturday and was still at liberty last night. Escape was effected by prying apart the bars across one of the jail's basement windows.

Gilbert was serving a six-month sentence for having possession of stolen goods and on Friday, June 16, he had been sentenced by Stipendiary Magistrate for King's County, Joseph W. MacDonald, to a two-year term in Dorchester Penitentiary for being unlawfully at large from the King's County Jail on the night of May 21.

When the escape was discovered members of the R. C. M. P. in Montague, Souris and Charlottetown were alerted and King's County Sheriff J. B. Edwin Reid of Rollo Bay, notified. A search was immediately organized and was being continued last night.

TUESDAY

RETURNS TO THE NORTH WEST TERRITORIES — Mr. J. H. Barwise, Snare River, N. W. T., who was called home by the death of his father, Peter Barwise, left for home the 19th, by plane. Mr. Barwise is Superintendent of Dominion Government Power Hydro Project at Snare River, which is 90 miles north of Yellowknife. He was accompanied as far as Moncton by his brother Resimad.

40th BIRTHDAY — The recording of the 40th birthday on June 5th, of Mr. J. Bradford Millman, Kensington, reminds a reader that Mr. John N. Proffit, Freetown, on June 2nd also passed his 80th milestone. He and Mr. Millman and Mr. Proffit were baptized together at the Anglican church at Irishtown.

Mr. Proffit is sometimes called the "smartest man in Freetown", for he continues his business of selling and laying roofing and nothing of climbing a high barn roof and walking the saddle board in the course of his daily work.

Several local doctors are attending the meeting of the Canadian Medical Association in Halifax and participating in round table discussions. A number will remain in Nova Scotia for medical meetings following the Association conference.

Dr. W. J. P. MacMillan, Island representative on the Medical Council is taking part in the meeting and Dr. H. H. Pierce of Charlottetown is attending the secretary's meeting.

Dr. Henry Moyses of Summerside is taking part in a round table discussion while Dr. J. K. L. Irwin and Dr. E. Prowse both of Charlottetown are participants in discussions.

Dr. R. G. Lea and Dr. Prowse will give clinical papers at the meeting. Other Charlottetown physicians attending are Dr. J. D. MacGuigan and Dr. Clarence Coady.

Following the Medical Association meeting the Association of Otolaryngologists will meet in Digby. This meeting will be attended by Dr. J. P. Lantz and Dr. G. H. Gouston.

The Canadian Society of Obstetricians and Gynaecologists will also meet in Digby and among the members attending will be Dr. J. K. L. Irwin and Dr. J. Maloney of Charlottetown.

Gibson, Marshfield; Willard Proud, Kingston; Almon Boswell, Dunstaffnage; John Thompson, Frenchfort; Stanley Willis, Cornwall; Hector Jenkins, Marshfield; David Wright, Lower Montague; Walter Burdett, Dundas; W. E. Johnston, Long River; Wm. Found, Long River; Donald Bearliss, Malpeque; Val MacDonald, Winsloe; Geo. Boswell, Frenchfort; James Mundy, Charlottetown; P. J. Callaghan, New Wilshire; Cecil MacKenzie, Long Creek; J. H. MacPhail, New Haven; Geo. MacKenzie, Mt. Stewart; Boyd MacQuarrie, Hampton; Allison MacEachern, New Argyle; J. J. McNeill, Earncliffe; R. Louis Cairns, Freetown; John A. Johnston and Son, Margate; Leith Sanderson, Greenwich; Alex Hamilton, New Perth; Wilfred Thompson, Dunstaffnage.

Ralph Younger, New Wilshire; Donald Bernard, Freetown. The objective of the shipment is 90 head. Breeders wishing to contribute a weaning sow should notify Mr. H. W. Clay, Box 469 at an early date. It may not be possible to make the shipment unless the above number is secured.

MR. ROGERS AT PRAGUE — Word of his safe arrival at Prague, Czechoslovakia, as Charge d'Affairs of the Canadian Legation has been received here from Mr. Benjamin Rogers by his parents, Mr. and Mrs. R. H. Rogers. In a letter dated June 13, Mr. Rogers states that he has been in Prague for over a week and finds his new duties very interesting. He broke his journey at London and Paris, leaving the French capital by the Orient Express on June 4. He notes that Communist youth movements are strongly in evidence among the Czechs. On the Sunday following his arrival he witnessed a parade of 100,000 members of what is known as the Youth Association. The house occupied by Mr. Rogers and his staff at the Legation is a spacious building, once apparently used as a religious institution.

A ravaging army of cutworms aided by the dry, hot June weather is rapidly destroying grain crops in the Eastern section of Queens and Kings counties with the infestations appearing to range from Alexandria to Longsight and from French Fort to Souris.

The attacks, first noticed less than two weeks ago in scattered sections have increased to alarming proportions. The pests have laid waste to a 50 acre grain crop on the Union Road and to another 50 acres in the Fortune area.

Another farmer's grain fields bears close resemblance to an overly large tennis court. He rolled his grain last week and when it commenced to shoot upwards the cutworms moved in and the grain moved out.

Of the 18,000 blind persons registered in Canada, 1,800 are engaged in fulltime occupations and some 2,500 others are doing something in their homes at various handicrafts, stated Lieut. Col. E. A. Baker, O.B.E., M.C., managing director of the Canadian National Institute for the Blind, who was heard in an inspiring address at the Charlottetown Rotary Club yesterday.

Blind since 1915 as the result of his service in the First World War, Colonel Baker has been indefatigable in his labour on behalf of others similarly handicapped, and the ovation accorded him at the Rotary yesterday was indicative of the high regard in which he is held throughout the Dominion.

Accompanied here by Messrs. A. V. Weir, general manager of the C.N.I.B., H. C. Murphy, O.B.E., chairman of the Maritime Board, and F. H. Flinn, superintendent of Maritime branch of the same organization, the party visited the Guardian office yesterday morning, accompanied by Mr. Gordon Foster who is chairman of the advisory board of the C. N. I. B. in this Province.

Colonel Baker spoke appreciatively of the work of Mr. George E. Wood, Provincial field secretary for the Institute, and also of the activities of the organization throughout the Maritimes generally.

WEDNESDAY

RETURNS FROM PACIFIC COAST — Mrs. Harold Woodside returned to her home in Margate last week after a most enjoyable trip to Vancouver and important cities en route. In Vancouver she spent some time with her daughter Phyllis, who was going to Hong Kong to be one of the principals in an important event on June 1st.—K.

Mr. George Rogers, co-owner of Rogers Hardware Store, foiled a burglar in his attempt to steal goods from his hardware establishment about 10 o'clock last night and almost single handedly captured the thief in his attempted getaway.

The slight business man and his wife were working in the office on the ground floor of the store when they heard the burglar moving upstairs. Mr. Rogers immediately ran into the shop, grabbed a shot gun off the shelf, loaded it and proceeded up the steps.

He met the burly, six-foot burglar on the stairs and backed him up the steps. At the top he got behind his man and marched him down the street. The burglar was not giving up without a breakaway effort and when he reached the bottom, he bolted into the front room of the shop.

He ran towards the door facing Grafton Street and jumped through the glass plate. Mr. Rogers laid the gun aside, jumped through the broken glass, and pursued him down the street. The fleet footed business man overtook the fleeing man by the Prince Edward Theatre and with a low tackle brought his man to the ground.

The alleged burglar broke free again and again Mr. Rogers gave chase. He caught the man in front of the Unemployment Insurance Office and this time aided by James McTague, son of Police Sgt. Ernest McTague, overcame the burglar.

Together they hauled the captive back to the store at which the City Police had arrived. He was promptly placed in custody suffering from a slightly cut forehead and elbow, injuries which he received while breaking through the door.

Actually the man was first sighted on the roof of the building by a passerby who notified the City Police. He was leaving the store, however, as the police arrived on the scene.

The man, police report, gained his entrance to the store from a skylight. He climbed onto a roof top on Richmond Street and proceeded along the roofs to the hardware store. En route he was forced to use a ladder in gaining access to different roof tops.

probably be arrested before the night was over about an hour and a half before he was actually placed in custody. Sgt. Dowling was talking to the man on Hughes Corner when the burglar told the police officer that he was all through with "that kind of business" and the Sergeant made his doubtful reply.

A little while later he visited the Police Station and spoke to the police officers. On both occasions he was wearing a clean white shirt. When he was caught he was wearing a dark sweater and dirt-stained brown jacket, a strategic move, police believe, to offset suspicion in the event he were sighted, but not caught.

The Grand Jury yesterday returned "No true bill" in the bill of indictment preferred against Mr. N. W. Lowther, K.C., alleging misappropriation of trust funds and uttering of a forged document. The Grand Jury's return means that they consider that the Crown has not made out a case against the accused which would warrant his being put on trial.

Chief Justice Thane A. Campbell presided at the opening of the Queen's County Assizes at which only one bill of indictment was preferred to the Grand Jury. His Lordship noted that by Act of the last session of the Legislature Grand Juries have been relieved of the duty of appointing constables and fence viewers, these appointments being now made by the Judge. Going on to instruct them in the matter of inspecting public buildings the Chief Justice voiced appreciation of the recently completed redecoration of the courtroom, 12 years after its last painting. The Minister of Public Works, he said, had well ignored the erroneous theory that the law should be administered amid dusty books and grimy courtrooms. The report of the High Sheriff showed that since the January sittings 116 prisoners had been confined in the Queen's County Jail, almost all of them for offences connected with intoxicating liquor. It is by checking minor offences, stressed the Chief Justice, that the commission of major crimes is prevented. The total number is rather less than for the corresponding period during the last few years. At present there are 21 prisoners.

The Chief Justice charged that the evidence was technically sufficient for them to prefer an indictment and that they should bring in a "true bill" if they found that the intention of the accused was dishonest. His Lordship went on to discuss the accounts of the estate as passed and what purported to be a copy of an amended decree of the Probate Court showing an additional \$4000 payable to the United Church and which had been forwarded to the church treasurer together with a cheque for that amount. No such decree was issued by the Probate Court. The Grand Jury were to hear the Crown's witnesses for themselves, however, and not take the facts from the Chief Justice. They were to decide whether there had been any attempt to defraud. The accused was to remain at liberty on bail bond until the finding of the jury.

The Grand Jury went out and twice returned for instructions. His Lordship advising them that they should interview all of the Crown's witnesses and that there was no question of giving the accused the benefit of a reasonable doubt. That consideration would only be for the petty jury if the case should go on to trial.

The Grand Jury came in at 4:25 P. M. and returned "No bill". Counsel for the Crown were the Hon. Walter E. Darby, K. C. and Mr. J. P. Nicholson, for the accused, Messrs. W. E. Bentley, K. C. and D. L. Matheson, K. C. Following were the Grand Jurors: Messrs Lloyd Carleton, Charlottetown; John Cameron, Clyde River; William McCarron, Southport; Ivan Redmond, Lake Verde; Irvin Tweedy, Vernon River; Wendall Wood, Central Royalty; Kelsie J. Burhoe, Charlottetown; W. R. McNeill, Charlottetown; Wilfred Stretch, Long Creek; Earl Foster, Central Royalty; Maurice Bradley, Kelly's Cross.

THURSDAY

COMPLETES X-RAY COURSE — Mr. Stanley C. Allen, of Grays, Essex, England, has completed a course in Radiography (C-2) in London, Eng. and is now a Junior member of the British Society of Radiographers. Mr. Allen is the husband of a former X-ray technician of the Prince Edward Island Hospital, Miss Elizabeth Reid, and son-in-law of Mr. and Mrs. W. J. Reid of Middleton. The many friends of Mr. Allen can recall his being with the R. A. F. in Charlottetown in 1942-43. He is at present doing practical work at the Seamen's Hospital, Tilbury, Essex, and intends to continue his studies in X-ray and deep therapy treatment of cancer.

The semi-annual meetings of the Diocesan Church Society and of the Diocesan Women's Auxiliary of the Church of England, were held at Port Hill yesterday. There was a good attendance of Clergy and Laity from all parishes. Holy Communion was celebrated at 10:30 A. M. at which service, the Rt. Rev. R. H. Waterman, Co-Adjutor, Bishop of the Diocese of Nova Scotia, was the preacher.

After a delicious lunch served by the ladies of the Parish of Port Hill, the executive meetings of the D. C. S. and W. A. took place, at which considerable church business was transacted, including the hearing of reports of the various departments of these organizations.

FAREWELL PARTY — A farewell was tendered Mr. and Mrs. Weston Raynor and family at the home of Mr. and Mrs. Ivan Dawson Central Beque, on Tuesday evening when a large number of their friends and neighbors gathered. Mr. T. J. Inman acted as master of ceremonies and extended best wishes on behalf of the community and expressed the regrets of the citizens of the loss in the school and community of their departure. Mr. John Green carried in a beautiful dinner set of dishes which was a token of goodwill and friendship from the neighbors and also several boxes of chocolates to the family. Miss Louisa Calbeck on behalf of the Central Beque Women's Institute of which Mrs. Raynor was a valued member presented her with a beautiful string of pearls. Mr. and Mrs. Raynor each thanked the friends for kindly remembering them on this occasion. During the evening games were played and music was furnished by Miss Marion Schurman, Mrs. Harold Clarke and Dr. Wm. Moreside, on the piano, who was accompanied by Mr. Weston Raynor on the violin, and Mr. John Doull on the guitar. Lunch was served by the hostess assisted by the ladies. A sing song led by Dr. Moreside brought the evening to a close.

Gracie Fields, acclaimed as one of the world's greatest entertainers, more than lived up to her reputation when she appeared before a crowd of some two thousand at the Charlottetown Forum last evening.

Many superlatives are used to describe stars of Hollywood, but all others seem to fall short when talking of "our Gracie." Abounding with vitality, energy and exuberance, Miss Fields captivated the audience from the moment she walked onto the stage until she finally left it some two and a half hours later.

With a brief intermission to allow the audience to rest from the convulsions of laughter into which she had thrown them continually, Gracie proved that people are alike the world over in their fondness for the type of humor she offers.

Although comedy seems to be Miss Fields' meat, the drink that goes with it to provide the perfectly balanced banquet of entertainment is found in her singing of such beautiful songs as "The Lord's Prayer," and "Count Your Blessings." People throughout the huge auditorium realized that these were prayers, sung by a very sincere and devout woman, and entered into the spirit of the numbers as some of them closed their eyes, and others flung up their hands.

Miss Fields has the happy faculty of finding out in her first few numbers just what the audience likes, and has an unlimited reserve from which to draw the type of songs and stories that she knows will please her audience of the moment.

The Queen's County Federation of Agriculture unanimously adopted the proposed Potato Marketing Board scheme at a meeting in Summerside last evening. Many were seated on the stage while others were forced to remain outdoors. President Earl Ings presided.

Three men were nominated for producer membership on the Board. They were Messrs. Earl Ings, Mount Herbert, Keith Boswell, Victoria, and D. A. MacDonald, Glenfinnan. One of these men will be selected by the Government for the Board.

The producer board will consist of five members, three prominent farmers, one from each county, along with one private dealer and one co-operative dealer. These men, it is proposed, will work with a Marketing Board set up by the Government for the marketing of potatoes. The Government Board consists of Mr. J. O. C. Campbell, Mr. H. J. MacDonald, Dairy Superintendent, and Mr. J. Lincoln Dewar.

Operations of the Marketing Boards in New Brunswick and Nova Scotia were outlined by Mr. Crandell, president of the New Brunswick Potato Board Council, and Mr. C. T. FitzRandolph of Nova Scotia. Mr. D. A. MacDonald, Glenfinnan, spoke on the marketing of eggs, poultry and other products.

FRIDAY

Premier J. Walter Jones, accompanied by several Government representatives from the other Provinces, was scheduled to leave here today in a Maritime Central Airways plane to attend Newfoundland Day celebrations in St. John's. Representatives from other Provinces include: Hon. W. C. M. Mer, Speaker of the Manitoba Legislature; Hon. John H. Sturdy, Minister of Social Welfare and Rehabilitation for Saskatchewan, and Hon. J. R. Gill, Minister of Lands and Mines, New Brunswick.

Originally the flight was planned for late in the evening but the hour had to be advanced when word was received from Premier Joseph R. Smallwood that the official visitors from the other Provinces were expected to be present at an Executive Council dinner in St. John's this evening.

As Premier Jones was host to those making the plane trip, he was forced to cancel a scheduled talk to a regional meeting of the Canadian Press at Dalry tonight. However, he will be represented at the CP dinner by Hon. A. W. Matheson, Minister of Health and Welfare, who will address the delegates.

On his first visit to Newfoundland he was impressed with the neat fields and evident fertility in the farming areas as viewed from the air. He expressed a desire to remain on the island for a longer period, and especially to get in some trout-fishing.

Another former Islander whom the Minister knew in Saskatchewan was the late Dr. Roderick MacDonald. A highly skilled surgeon, Dr. MacDonald was formerly from Beque.

Word has been received that Mrs. J. Gordon Macdonald has been appointed as Maritime representative to the International Children's Work Conference which meets in Toronto August 7-9th. This is an international and inter-denominational group of people from all over the world. This select group meets to plan for the World Convention of Christian Education which meets in the same city. The smaller planning group merges into the larger group.

In receiving this appointment as Maritime representative, Mrs. Macdonald has brought great honor to Charlottetown. Lord Macintosh, Chairman of the Board of Water and other leaders include Pastor Niemoller of Germany, Dr. Emmanuel Jung of Switzerland, Rev. C. M. Koshy of India, and many other representative people who have left their mark on their day and generation.

The Prince Edward Island Land Valuation Board, during its first year in existence, has valued the real property of ten school districts throughout the Province, including School Unit No. 1 in Charlottetown Royalty.

Other districts which have so far taken advantage of this free Government valuation service are: Borden, Southport, Cross Roads, Craupaud, Victoria, Bellevue, Caladonia, Hopfield, and St. Charles. Mr. J. W. Currie, chairman of the Board, said yesterday that other applications have been received by the Board through the Department of Education. The valuation is made, he explained, after a request has been received following a majority vote for such action at annual school meetings or meetings called specifically for that purpose.

All school districts outside Charlottetown and Summerside are eligible for this valuation and the aim is to have a uniform and equitable value placed on all real estate in the district.

Mr. Currie said that in many instances it is found that the valuations are not uniform. All factors are considered by the Board's appraisers when it is called in and the valuation is then given the School Board which levies the tax.

The Prince County Federation of Agriculture meeting yesterday afternoon and evening in the Summerside High School auditorium unanimously approved the proposed marketing board scheme. The meeting was well attended and was presided over by the president, Mr. Charles Yeo of Sherbrooke.

Three men were nominated for the position of producer representative from Prince County on the board and from among these three the Government will choose one. They are: R. A. Proffit, Freetown; Arnold Wood, O'Leary; and Allan McNeill, Cape Wolfe.

Councillor Lyod Gorrell, acting Mayor Wedge, extended a civic welcome to the members of the Federation of the P.E.I. Federation of Agriculture explained the marketing board setup and the meeting was also addressed on this subject by Mr. Clarence FitzRandolph, past president of the Maritime Federation of Agriculture who explained marketing boards in Nova Scotia, and Mr. H. B. Crandell, president of the N. B. Potato Council.

A former Charlottetown man, Mr. Donald Gillis, now with the Social Welfare Department of the Saskatchewan Government, was given high praise last night by Hon. John Sturdy, Minister of Social Welfare and Rehabilitation of Saskatchewan.

The Saskatchewan Minister arrived in Charlottetown last night on his way to Newfoundland where he will participate in the Newfoundland Day celebrations on Saturday. He will leave here today with Premier J. Walter Jones and other members of Provincial Governments for St. John's.

Mr. Gillis is doing great work with the Welfare Department in Saskatchewan, the Minister stated. At present he is taking further

studies so that he may accept a more responsible position. Mr. Gillis is a son of Mr. W. D. Gillis, chairman of the Board of Water Commissioners for Charlottetown. He graduated from McGill University last year and from St. Dunstan's University in 1947.

Mr. Sturdy stated that the Saskatchewan Government is carrying out an extensive and rapidly expanding welfare and rehabilitation program.

One of the features of the program is the correction of juvenile and adult delinquents. It is based upon the rehabilitation of the delinquent rather than punitive measures, he stated.

Included are an extensive health program, complete hospitalization and an up-to-date child welfare program. "I believe whole heartedly in the welfare states," Mr. Sturdy said. "What is good for all the people is to the advantage of all."

On his first visit to Prince Edward Island, Mr. Sturdy was impressed with the neat fields and evident fertility in the farming areas as viewed from the air. He expressed a desire to remain on the island for a longer period, and especially to get in some trout-fishing.

Another former Islander whom the Minister knew in Saskatchewan was the late Dr. Roderick MacDonald. A highly skilled surgeon, Dr. MacDonald was formerly from Beque.

NAPOLEON AND UNCLE ELBY by Clifford McBride
