DAILY CRYPTOQUOTE—Here's how to work it: AXYDLBAAXR is LONG FELLOW. One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different. A Cryptogram Quotation: XZRFWR RFD PTTN IDR VUNTX IZD—XZRFDN. Yesterday's Cryptoquote: TO WASTE HIS WHOLE HEART IN ONE KISS UPON HER PERFECT LIPS—TENNYSON.

STURDY HIKER LONDON—(CP)—Stephen Hillhouse, 71-year-old president of the camping club of Great Britain, has done more than 5,000 miles of hiking in Britain and Europe. In his earlier years he helped popularize light-weight camping equipment.

MONTREAL, June 12th—It's a rare day in June when a tempting home-made cake doesn't bring whoops of glee from the family. And it's a rare cake indeed that isn't delicious. And an moist if it's made with SWANS DOWN CAKE FLOUR. M-m-m Swans Down cakes make the good man really sit up and take notice—and in a typical male way, pat himself on the back for his choice of a wife. Because, you know, men love Swans Down cakes—and the girls who bake them. Swans Down Cake Flour is especially made for better cake baking. It's sifted and resifted until 27 times as fine as ordinary flour.

Lucky The Bride who starts housekeeping with a new '52 GURNEY Gas Range. I've had so many veteran homemakers tell me how much they like the Gurney ranges that I'm recommending that every bride-to-be at least look them over. Ask your Gurney dealer to show you all their wonderful features. You'll love the glass oven-door panel that lets you look inside without opening the oven-door. And of course, there's the special Gurney "Even-Heat" oven that keeps the temperature exactly right—automatically—on the sides, the top, the bottom—and even in the corners. Yes, now's the time for you to find out about all the exciting features that make Gurney Gas Ranges so popular with good cooks everywhere.

One Thing I Never Forget to take to the cottage with me... a summer's supply of SAL HEPATICA. Many's the bright summer day Sal Hepatica has "saved" for me! On a glass of sparkling, pleasant-tasting Sal Hepatica before breakfast chases away that sluggish feeling—puts me in a real holiday mood. Have a headache?—feel "lower than a bug's ear"?... Sal Hepatica has been a faithful family laxative for over 60 years. You can use it safely merely as a refresher in the morning—or at night—when your system feels the need of a good cleansing. What A Relief! I feel like a new woman since I made my new "foot friend"... BLUE-JAY Corn and Callus Plasters with Phenylum. What's Phenylum? It's the most effective medication ever invented for corns and calluses... a real boon—a blessing to us folks with unhappy feet. It took ten years of scientific research by Blue-Jay to develop Phenylum... and now they've perfected it to the point where it works 33% faster and is effective in 95% of the cases tested. So if corns and calluses are making you grumpy and blue... just buy Blue-Jay Corn Plasters with Phenylum and you'll feel "like new!"

Fashion Is Fun when you know all the "tricks". Like wearing a pale pink or pale blue slip under a black summer sheer. Makes you look cucumber-cool on the hottest of days. And another fashion-wise trick that's a "must" is to fit your clothes to perfection with LIGHTNING SLIDE FASTENERS. Whether your pretty dresses are chiffon or crisp organdy—sheer cotton or lace—they'll look prettier on you when you give them the "perfectionist touch" of a Lightning Fastener. Lightning Fasteners fit with no wrinkle nor rumples—what's more—they stay put. That's because they're the zipper with the one and only automatic lock—tiny, neat, but oh, so reliable. They just won't slip. For summer sheers, choose Lightning Style No. 702 or seam-thin 222.

Smoothest Milk for Cooking Children—and adults, too—like nourishing milk dishes better, when they're made with Carnation Evaporated Milk. Carnation is homogenized and heat-sterilized. So it gives food a creamy consistency and rich flavor that you just can't get with ordinary bottled milk. And Carnation is wonderfully convenient. It is double concentrated—heavy enough to whip. So you can use it undiluted in cream recipes, or mix it with an equal amount of water, to use in milk recipes. Depend on Carnation for cooking.

HUMAN SIDE VANCOUVER—(CP)—An executive looks at accidents "first as a human being, and only secondly as an executive," said M. J. Foss, of the Powell River Company at a meeting of the forest products safety conference. Nearly 200 delegates from British Columbia and the United States attended.
