# MONEY!

On January 12, 1992, the UPEI Student Council held its first meeting of the new year. At this meeting councilors discussed the idea of starting a "building fund" in order to help finance a new Student Center for the future. The money would come from student fees following the completion of the "Challenge of the Eighties".

It was decided that input from the student body was needed. If you have any ideas for a campaign you would like to see the money go towards drop your nearest councilor a note, or drop it off at the X-Press office. The fund totals near \$10,000 per year, and remember, it is your money and should be spent your way.
