TEA! TEA!

OUR TEA TRADE IS BOOMING.

DURING the months of November and December our Tea Trade increased so much that we had to send an order to London for another supply, in order to keep us going till we receive our Spring Stock.

We attribute this large increase to the fact that we offered the public the best value in Teas on the Island, and they gave them a fair trial, and were convinced that what we stated was true.

We won't sell you any Tea that we cannot warrant. Call early and try a sample lot.

The revival meetings in progress for some days past in the Second Methodist Church will continue through this week. The services to-night will be held up stairs, conducted by females, and will be for their sex only. To-morrow and following evenings the meetings will be public and held down stairs in the body of the church. The difficulty, to some, of going up many steps, and the fear of being crowded in a small room, being hereby avoided, it is hoped that the public in large numbers will avail themselves of the advantages of attending these services.

THE Lobster Packing industry within the last few years has been rapidly growing until it has now become the most important industry in our Province. There were 140 factories in operation last year and it is expected that this year will find no less than 220 factories at work. Late advices from England show the markets to be in a very unsatisfactory state. Large quantities of last year's fish are still unsold. The buyers have the upper hand and insist on goods being of fine quality. It is greatly in the interest of the industry that all packers be exceedingly careful in the putting up of their goods in order that standard of Island lobsters may be maintained.

Kensington Notes.

A NOVEL WAY OF CATCHING FOXES.
FOXES are quite plentiful about Kensington this winter, and several of the sporting fraternity have been on the track of a black one for some time. A gentleman travelling on the highway met a silver gray, and the other day, Mr. Wm. Ward, while cutting in the woods, saw a hole dug in the ground, which he supposed was the retreat of a fox. On digging sure enough he found redskin and seized him by the ears. Mr. Reyard made very ugly faces but he was soon despatched with an axe by a young man standing near by. Com.

Alberton Notes.

Business is beginning to revive a little since the weather has got fine and the roads are getting good. We are happy to say the rum traffic appears to be dull to what it was.
One grand thing is the stand that Rev. Father Burk has taken in the temperance cause. He has started a temperance society called the League of the Cross. It is doing well, I think it numbers about eighty members. It is hoped the Rev. gentleman will work on until he gets the members of the rum firm into the fold, then we may expect peace and quietness in our little town, but while this den of iniquity, where all mischief is hatched is in full play we cannot have peace, quietness, or safety.
G. M. O.
Alberton, Feb. 11th.

Crapaud Notes.

A debating society was organized here last Thursday night, with 35 members as a starter. The subject taken for the first discussion was—"Which is the greatest evil—war or intemperance." After a very lively discussion the house divided and the majority decided that intemperance was a greater destroyer of mankind than war. The officers elected are:—
President—E. M. Stevenson.
Vice-President—Dr. Covey.
Sec-Treas—O. T. Wadman.
Executive Committee—R. H. Cameron, Alonzo Truvelade and A. Story.
The night of meeting is Friday.

THE carnival at Victoria on Friday night was not as largely attended as it was expected it would be. There were 55 persons in costume, and some of the costumes were very handsome. The Summerside Cornet Band furnished the music. Everything passed off very orderly. We understand the affair was successful financially.

Montague Notes.

On Wednesday evening, 10th inst., the Methodists of this place held a social in the hall. The evening was fine and the roads good. The hall was well filled and the tables were bountifully supplied with good things to satisfy the inner man. The guests enjoyed themselves and did ample justice to the good things provided. Considerable interest was taken in the election of a councillor to assist the mayor J. D. Bell, Esq. who was elected last November. J. J. Macdonald and George Thompson were the candidates. After a close contest George Thompson was declared duly elected by a small majority amount realized over \$70.
On Thursday evening the Rev. A. Gunn of Cardigan, delivered a very interesting and instructive lecture in the Presbyterian church here under the auspices of the St. Andrew's P. C. Literary Society, and was listened to with marked attention. Subject "Habit." At the close of the lecture after complimentary remarks from Rava, Mr. Opie and Spencer, Drs. Martin and Robertson, the Rev. lecturer was tendered a hearty vote of thanks to which he made a suitable reply.
On Monday evening the 15th inst., we expect another treat in the shape of a lecture from the Rev. Mr. Hamilton in the Methodist church. Subject, "A trip to England," at which some interesting views of London will be exhibited.—Com.

Died.

At Commercial Cross, Feb. 8, Susan E. relict of the late Michael McDonald, in the 79th year of her age, leaving a large family to mourn the loss of a kind mother.

Dyspepsia

Few people have suffered more severely from dyspepsia than Mr. E. A. McElhannon, a well known grocer of Summerside, N.S. He says: "Before 1878 I was in excellent health, weighing over 200 pounds. In that year an ailment developed into acute dyspepsia, and soon I was reduced to 162 pounds, suffering burning sensations in the stomach, palpitation of the heart, nausea, and indigestion. I could not sleep, lost all heart in my work, had fits of melancholia, and for days at a time I would have welcomed death. I became morose, sullen and irritable, and for eight years my life was a burden. I tried many physicians and many remedies. One day a workman employed by me suggested that I take Hood's Sarsaparilla. I cured my dyspepsia. I did so, and before taking the whole of a bottle I began to feel like a new man. The terrible pains to which I had been subjected ceased, the palpitation of the heart subsided, my stomach became easier, nausea disappeared, and my entire system began to tone up. With returning strength came activity of mind and body. Before the fifth bottle was taken I had regained my former weight and natural condition. I am today well and I ascribe it to taking Hood's Sarsaparilla."
N. B. If you decide to take Hood's Sarsaparilla, do not be induced to buy any other.

Intense Suffering

Mr. Hunt in replying said: "Gentlemen,—It would be deception to say that any man would not feel flattered to receive such words of praise from Mr. McNally, and the tenor of the requisition, but I don't see my way clear at present to accept your pressing invitation to represent you at the coming election. It don't suit me, as I am obliged to devote a great deal of my time to the town affairs which, if directed to something else, would turn me in some remuneration for my services. Last year I published a piece in one of the papers stating I would run no more elections, and recently notified my colleagues to that effect, who, I must say, are entitled to as much credit for running the civic affairs as you have given me. They are all good men and true. I am proud of the high opinion the people have of my services, but I have given an emphatic denial to my friends, and given them to understand that I would not run, and now it would not be fair to myself or Mr. John A. Sharp, who is in the field, to allow myself to be put in nomination. However, I don't like, on the spur of the moment, to say no or yes, but will consider the matter and let you know on Monday night. I can't help thinking of the compliment you have paid me, and shall never forget it. I thank you all for the esteem and appreciation in which you hold my services."

8 Years

Mr. McNally presented himself at his juncture and said: Mr. Chairman and gentlemen, before this meeting adjourns I have a few remarks to make which is a very pleasant duty for me to perform. You are aware that our worthy chairman of this Council and chief magistrate of the town for the last four years, has declined to allow himself to be placed in nomination for another term, but a large number of the citizens think he should be requested to represent the people again.
Mr. McNally then presented a requisition enumerating the many improvements made in the town since Mr. Hunt took office. Appended to this paper was a list of some one hundred and twenty-five names of taxpayers. Mr. McNally said that even the most exacting people were satisfied with the financial affairs, more particularly the expenditure of the taxes in connection with the town business. When a man's pocket was touched it affected his heart, and as yet not one has complained except on one question, the Scott Act; but many different opinions exist on temperance. What would suit the opinions of some would not meet the approval of others.

SUMMERSIDE NEWS.

THE special meeting of the town council held on Friday night last, was called to order by the chairman, with all the councillors in their seats. Shortly after eight o'clock chairman Hunt read a bye-law making it imperative for all practicing physicians in the town to notify the board of health immediately on the appearance of any malignant or infectious disease. This bye law will be known as a bye law to amend the bye law for sanitary purposes now governing the town in that respect. Moved by Coun. McLeod and seconded by Coun. Compton that this law be passed. After the third reading it was declared law. A bill was then presented by the town clerk from the secretary of the Cornet Band for amount expended on the erect on of a band stand. After discussing this account it was decided that as some informal encouragement by the council was given the band last spring twenty five dollars should be paid them. Moved by Coun. Campbell and seconded by Coun. Mills, that the sum be paid. The subject of electric light was brought before the board. Mr. Muttart and Mr. Grady were at the meeting, but as the Council did not feel disposed to act on final tenders they asked for some information about the probable cost.
Mr. Grady said he had prepared a letter that would give the Councilors an approximate idea of the expense. They were not binding, as he was not prepared to give figures until the Council was ready to do business. He had understood the Council at present were not disposed to enter into a contract, but as soon as they were ready to take the matter up he was prepared to furnish satisfactory security that his contract for lighting the town would be fulfilled.
Mr. Muttart said he had come prepared with a final tender and he did not feel disposed to have his tender read unless the Council was ready to consider which one they would accept, as it would not be fair to him to furnish definite figures, while Mr. Grady would be open to put in other prices. Mr. Grady consented to allow his letter to be read. It said he was prepared to put in a definite tender, not to exceed the following prices, viz. Two or more lamps of the thirty two candle power for the streets at twenty dollars each per annum; the Town Hall and public buildings at a proportionate rate.
Councillor McLeod wanted to know if that included all renewals and expenses attached for the year. Mr. Grady said that cost would only amount to about 2 per cent. Chairman Hunt thought a public meeting would be a good place to talk the matter over with the people. Mr. Muttart produced the glass globes of the sixteen and thirty two candle power light for the inspection of the councilors.
Councillor Compton said that by the appearance of the large audience present the people seemed to be interested in the electric light or the last meeting of this council board, and therefore would move that a public meeting to consider electric light and other business be held in the Market Hall on Monday evening, 15th inst. Carried.
Mr. T. McNally presented himself at his juncture and said: Mr. Chairman and gentlemen, before this meeting adjourns I have a few remarks to make which is a very pleasant duty for me to perform. You are aware that our worthy chairman of this Council and chief magistrate of the town for the last four years, has declined to allow himself to be placed in nomination for another term, but a large number of the citizens think he should be requested to represent the people again.
