A BREAK—Mr John Brown, of Lawrencetown has a Gravenstein apple tree that blossomed last spring and was afterwards dug up and reset in another part of the field. It is now in full bloom again and has also full grown fruit on its branches.—*Bridge-town Monitor.*

CONCERNING THE JEWS—The Jewish Year Book estimates that there are about 11,000,000 Jews in the world. Half of them still under Russian jurisdiction, notwithstanding their wholesale expulsion from the empire during the last six or seven years. Of the race in general it may be said that, numerically speaking, it is extremely small for its age, its chance of getting bigger apparently not increasing with its years.

GREAT SHOW AT THE TORONTO—The Toronto Opera House has a splendid attraction this week in the spectacular production "Forever Devil's Auction." Hundreds were turned away last night, being unable to obtain admission to the initial performance of the piece. The immense crowd of spectators were lavish in their applause, and everybody enjoyed the show immensely. The show embraces all the best features of the pantomime and vaudeville. The trick scenic effects are novel, and the stage pictures simply beautiful. The variety turns are new and refreshing, and the artists received many recalls on opening night. Ben T Grinnell, the leading comedian, made a big hit, and the brothers Phanto, aerial artists; Miss Phyllis Allen, contralto; Alexander Decca, trick bicycle rider; and Miss Mayne Mayo, soprano, were the pick of the variety artists. Big houses are sure to result all week.—*Toronto Mail and Empire.*

NEWS NOTES.

Egypt is the only country in the world where there are more men than women. The male sex in the dominion of the Khelive exceeds the females by 160,000.

Grave reports are in circulation regarding the condition of the Duke of Teck. His health is said to be extremely bad, and there is much anxiety. None, but relatives are permitted to see him at present.

The London Times is only one of the English papers that have condemned the administration in the Yukon. Like the others, it is not a Conservative opponent of the Laurier Government; neither is it a Yankee. The stock reply of the Government papers will not meet its case.

Edwin O Brown, Vice-president of second year.

G W Irving, Representative of the second year on reading room committee.

H Edgar Sterns, Reporter of the Literary Society.

The doctor may be a good old man, but even so, medical examinations and the "local-application" treatment are abhorrent to every modest woman. They are embarrassing—often useless. They should not be submitted to until everything else has been tried. In nine cases out of ten, there is no reason for them. In nine cases out of ten, the doctor in general practice isn't competent to treat female diseases. They make a branch of medicine by themselves. They are distinct from other ailments. They can be properly understood and treated only by one who has had years of actual practice and experience in this particular line. This is true of Dr R V Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Dr Pierce's Favorite Prescription, a remedy for all derangements of the reproductive organs of women, has been in actual use for more than thirty years. It cures every form of "female weakness."

"Nanny Dummy."

In his "Highways and Byways in Devon and Cornwall" Arthur H. Norway tells of a fragment of antiquity that still "lingers in the neighborhood of Redruth, where the country people, when they see a ghost, say, 'Nanny dummy!'" and he adds, "I leave the riddle to be solved by any one who is curious enough to undertake a useful piece of practice in unraveling the corruption of language."

The phrase is probably a corruption of "In nomine Domini," the Latin for "In the name of the Lord," a phrase so familiar in the devotion of the middle ages.

Impure blood is an enemy to health, and may lead to serious disease. Hood's Sarsaparilla conquers this enemy and averts danger.

A Canadian Medicine

WHICH HAS MADE A WONDERFUL REPUTATION THROUGHOUT THE WORLD.

Every Cure Published is Investigated by a Responsible Newspaper—The Advertiser Has Looked Into, and Gives Below the Particulars of One of These Cures.

From the Advertiser, Hartland, N. B.

The Advertiser has come across still another instance of the remarkable curative powers of the famous Canadian remedy, Dr. Williams' Pink Pills for Pale People. Mr. William Tedlie, of Lower Brighton, a prominent lumberman and farmer, came very near being a cripple from rheumatism, the dread disease so prevalent along the St John River. Mr Tedlie is now 65 years of age. Five years ago he was taken with the first symptoms of rheumatism—over exposure, the stream drives and the general hard life of the lumberman, paved the way for the lodgement of the excruciating disease. The symptoms first manifested were pains through the legs, arms and hands. Gradually conditions grew worse. At intervals there would be an abatement of the malady, but for months each year he was very nearly helpless. The pain was so agonizing that sleep was out of the question, and to work was impossible. The afflicted man had so often read of the wonderful efficacy of Dr Williams' Pink Pills in cases similar to his own, that he resolved to try them. He says, however, that he was not hopeful of receiving much benefit, as he had tried many medicines without any good result following. He began the use of the Pills and by the time a couple of boxes were used he found they were helping him. Thus encouraged he continued the use of the medicine and gradually the pains and soreness left him, he was able to sleep soundly, and enjoyed an excellent appetite. In fact after using Dr. Williams' Pink Pills for less than two months Mr. Tedlie says he found himself in the best of health. He is now a warm friend of this great medicine and urges similar sufferers not to experiment with other medicines but at once begin the use of Dr. Williams' Pink Pills.

Rheumatism, sciatica, neuralgia, partial paralysis, locomotor ataxia, nervous headache, nervous prostration, and disease depending upon humors in the blood, such as scrofula, chronic erysipelas, etc., all disappear before a fair treatment with Dr. Williams' Pink Pills. They give a great healthy glow to pale and sallow complexions. Sold by all dealers and post paid at 50c a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont. Do not be persuaded to take some substitute.
