THE Tea Party at Crapaud on Saturday was a grand success. The weather was favorable, and at 9 a. m., when the Heather Belle left her wharf, she had upwards of three hundred passengers on board, all bound for the Tea.

After a pleasant sail of about three hours the steamer landed her living freight at Crapaud, and the excursionists, whose appetites had been well whetted by the fresh sea air, all started off for the Tea grounds, on arrival at which a grand rush was made for the tables, which fairly groaned under the weight of the good things prepared by the fair ladies of Crapaud and surrounding settlements. A large number also attended from the neighboring districts and throughout the day there could not have been less than 1,500 people on the grounds, all of whom were enjoying themselves in various ways. At 5 p. m., the steamer left for town amid the cheers of the large number on the wharf. Shortly after 8 p. m., the excursionists were landed, all satisfied with the Tea as well as with the excursion on the good steamer Heather Belle.

A NEW industry, and one which is much needed in our city, is the Steam Laundry now being constructed by Messrs. Mark Wright & Co., in their ware-rooms corner of Kent and Hillsboro Sts. It is pleasing to note that we have business men who have some motive in view other than simply running along in the old rut. There is no reason why our city should not be as far advanced in the way of modern improvements as any other, but we are sorry to have to admit that it is not. There are thousands of people who would come here yearly had we the proper accommodations for them. Go to the United States and you will see that every city of 8,000 and upwards has one or more first class hotels and steam laundries. We are informed that many of our people object to the laundry for various reasons, chiefly that of taking work away from the poor women. Messrs. M. Wright & Co. assure us that it is not their intention, to do all the washing in the city nor even the third part of it, so there is a chance for all. On the other hand it requires female help to operate the Steam Laundry the same as it does to operate the wash tub, and this establishment will doubtless shortly be giving employment to a large number of women. In Troy, N. Y., there are no less than 3,000 girls employed in the steam laundries and so it is every where. This is a progressive age, and we should be willing to follow the tide of progression, and place ourselves on an equality with our friends and kinsmen who live across the water. The worst wish THE EXAMINER has for the enterprise is that it may live long and prosper.

A LUNATIC named Daniel McDonald, who belongs to East Point, was among the passengers from Boston on the Worcester Saturday evening. It appears that McDonald was for some time an inmate of a Massachusetts lunatic asylum, from which he had been sent to his Island home. At an early hour yesterday morning he came on shore and proceeded to the residence of David Stirling, Esq., on Dundas Esplanade. Mr. Stirling's house captivated him and he determined to see what the interior looked like. He proceeded to the rear of the building and with an old knife which he found in the yard undid the fastening of the windows and got into the house. He was no sooner there than he started on a tour of inspection, but had not proceeded far when the noise caused by his walking about awoke Mr. Stirling. Mr. Stirling asked his caller what he was doing there, but did not receive any answer. A second look convinced him that there was something wrong with his visitor. He repeated the query and this time the man told him that he had come from the boat to which he intended returning in a short time for a woman whom he proposed bringing with him to stay at Mr. Stirling's. Mr. Stirling thought that McDonald without the woman was too much of a nuisance and started out for a police officer. In Mr. Stirling's absence McDonald left the house but soon returned. He was met by Mrs. Stirling who had also been aroused. Mrs. Stirling, with remarkable nerve, invited the lunatic into the sitting room and seating him in a rocking chair engaged him in conversation until the arrival of Mr. Stirling with the officers. On their arrival McDonald was taken in charge, and this forenoon arraigned before the Stipendiary Magistrate, by whom he was remanded.
