Blood Donor Clinic At Tyne Valley

The hall at Tyne Valley was the scene of a jolly gathering on Thursday evening when the residents of this community and adjoining districts turned up to give their donations at the Red Cross blood donor clinic there.

This was the first clinic of this kind to be held in a really rural community and had it not been for the terrific condition of the roads no doubt the full quota of 100 would have been present. The clinic was organized under the leadership of Mrs. Oscar MacNeill, Conway, and to Rev. L. A. Dignan, Port Hill, goes a great deal of credit for soliciting the donors.

The Tyne Valley and Port Hill Women's Institutes provided the refreshments for the donors and assistants for the clinics while other institutes in the locality lent their support by enlisting donors.

The 90 donors secured at the R.C.A.F. station on Thursday afternoon brought the total donations for the week up to 882 on a quota of 950, just short of the objective.

S/L R.L. Walsh, senior medical officer on the station again very kindly arranged for this clinic.

The mobile unit from Halifax left the Province yesterday morning and members were quite gratified with the response and most appreciative of the hospitality shown to them in the different centres which they visited. - S.

Oyster Case In S' side Court

In County Magistrate's Court yesterday morning before Magistrate R.S. Hinton, evidence was heard in the case of a party from Summerside charged with shipping oysters without having first had them inspected, and in containers that had not been marked by an inspecting officer. This case is a result of a seizure of oysters made recently at Borden by officers of the Department of Fisheries, in which it is stated that about fifty boxes of oysters were consigned to shipment, and which upon examination were found to contain oysters of a sub-standard grade in boxes that had been improperly marked either choice or fancy grade. It was further alleged that these oysters, although not having been examined by a fisheries inspection officer, bore a stamp resembling that used by the inspectors.

This case was adjourned until Tuesday.

A young man from North Tryon, pleaded guilty to operating a motor vehicle without a licence and was fined five dollars and costs.

A man from Summerside charged with abandoning a car on the public highway without leaving proper lighting to mark its location was fined five dollars and costs, and the same party charged with failing to report a traffic accident in which damages resulted in excess of fifty dollars, was fined five dollars and costs on this conviction.

In the adjourned case of a young man from Borden charged with causing a disturbance by impeding the progress of another person on the public highway, judgment was given in favor of the plaintiff, and a fine of five dollars and costs of four dollars and fifty-cents was imposed on the accused.

A resident of Campbellton charged with possession under the Temperance Act was fined twenty-five dollars. - S.

RICH RESOURCES Noted for its gold and diamonds, South Africa also produces more than 26,000,000 tons of coal annually.

Prisoners Escape, Then Return To S' side Jail

Two prisoners in the Prince County Jail, both serving sentences for breaking and entering, escaped from the jail sometime Wednesday night and entered a grocery store on Convent Street, near the jail, where they stole cigarettes and tobacco valued at approximately \$100.00.

Apparently they were satisfied with what they obtained for they quietly returned to their prison quarters afterwards.

Police investigating the store break found some of the stolen goods and the jailer made a further discovery of more within the jail.

The two men were "trusties" and apparently enjoyed certain privileges which made it possible for them to effect their escape.

One of them was entrusted with the duty of attending to the fires at night and was therefore not confined to the cell block.

It is understood that the matter is in the hands of the Attorney General and that they will be charged later with the store break. Efforts to obtain the names of the men from the police were unavailing last night.

Chief of Police White indicated that it was not within his province to announce them and that it would be detrimental to the case later on if the names were released. - S.

Compeesating

Continued from page 1 of the year.

"We find that Prince Edward Island has paid toward that sum plus a little over \$4,800,000. That is quite a lot of money when you are asking for only a few things that do not cost much over \$1,500,000.

When the Liberal party comes before the people they always have so much to offer but so little to give."

In closing, Mr. McLure invited Transport Minister Chevrier to comment on his requests when the Minister rose to conclude the debate.

Scores Highest Slaughter Test

The highest slaughter test of any sow now living, in Canada was made recently by Muriel 7D, owned by Lorne Ferguson of Craupaud, when it qualified with a score of 95. The highest ever is believed to be 96.

H. W. Clay, senior Livestock Fieldman with the Dominion Department of Agriculture said yesterday that this sow raised ten pigs which reached 150 pounds cold dressed weight in 169 days.

Direct evidence of the inheritance of early maturity and carcass quality is substantiated by the fact that the dam of this sow qualified with pigs which reached

Holmans Contribute \$270.00 To P.E.I. Red Cross Society

The philanthropy of the firm of R. T. Holman Ltd. was further demonstrated this week when they contributed the sum of \$270.00 to the Prince Edward Island Division of the Canadian Red Cross. This amount represented the unclaimed five dollar bills which the firm was offering during its recent "Goodwill Sale".

Officials of the Red Cross were loud in their praise of the splendid support and financial assistance continually received from this firm which is known to be the largest small town store in the world and outstanding in generosity. - S.

Festive Appearance In Alberton Stores

Alberton stores present a most alluring appearance this festive season and much attractive merchandise is available. To assist their customers in these days when living costs are high, several merchants are offering special bargains in groceries and other lines.

One window display embraces a cosy, homelike scene, complete with fire-place around which are gifts to give one the impression that Santa has just been there.

In another window is a life-size baby doll who can recite, sing and say her prayers. Once again this year the town is deeply indebted to Leard's store from where the beautiful, well-loved music of Christmas peals out each day bringing the true message of Christmas for all to hear and enjoy.

market weight in 168 days. A very significant feature of this score is that in the pedigree of this sow, the nearest three sows have scored 88, 91 and 90.

The sire of the test litter produced by Muriel 7D was Payndale Emperor 3D, now owned by Fulton Sanderson of North River.

Largely Attended Meeting Of P.C. Farm Federation

Approximately one hundred delegates attended the annual meeting of the Prince County section of the Prince Edward Island Federation of Agriculture, in the auditorium of Summerside High School yesterday afternoon and evening.

Resolutions passed included those: (1) favoring a reorganization of the Federation on the basis of 26 "federation districts" in the Province, provided that the school district units are still retained.

(2) Urging the Provincial Government to arrange some form of land settlement policy, which will be of sufficient assistance to interest P. E. Island boys who prefer to farm but who have not the finances to get established.

(3) Urging the Board of Public Utilities to have the basic electric rate for rural halls and schools revised to the lowest possible figure.

(4) Strongly supporting the intention of the Government of Canada to introduce legislation to curb re-sale price maintenance practices.

(5) Asking that the marketing of turnips come under the control of the Potato Marketing Board.

(6) Expressing confidence in and appreciation of the Potato Marketing Board.

(7) Recommending to the board of directors that they approach the Department of Agriculture in respect to the establishment of an artificial breeding unit.

Officers Elected

Mr. Edward MacGougan, Malpeque, was re-elected president of the Prince County organization. Mrs. Harold MacDonald and Mr. Frank Jardine were elected vice-presidents; Mr. Cyrus Poirier was re-elected secretary.

New directors elected to the board at last night's meeting were: Ivan Dunbar, Stuart Montgomery, Cyrus P. Gallant, Edward Lord and Mrs. Albert Linkletter.

Guest speakers at the meeting were: Mr. J. Lincoln Dewar, secretary of the P. E. I. Federation of Agriculture who dealt with the work being done by the Federation, and cited many examples to show the very definite benefits derived by the farmers of the Province, as a result of their Federation.

Mr. A. R. Salamani, inspector of co-operatives in Baluchistan Province, Pakistan, explained that he is in Canada studying in order to gain new ideas to eventually result in the more rapid development of Pakistan.

Dr. George Fisher of the Provincial Veterinary Service in Charlottetown explained the pro-

Urges Actinn

Continued from page 1

The committee, in making its recommendations, ended three weeks of stormy discussion on a question that has been the subject of controversy in and out of Parliament.

Manufacturers and retailers generally were against the Government move while farm organizations and consumer groups gave it strong support.
