TEM WIND, VERSUS KEY WIND.

The Stem-Winding Watch is Decidedly the Best.

As the cases need scarcely ever be opened, they are

NOT LIABLE TO GET DUST IN, like the Key-Winder.

Another advantage, the watch can be WOUND AT ANY TIME, the winding happens to think of it—no key needs to be carried in the pocket to shove it into the watch every time it is used.

To meet the wants of those who object to Stem-Winders, our Stem-Winding Rockford Watches can also be WOUND WITH A KEY, should the stem-winding give out, which we have never known it to do when used right.

Key-Winding Watches at Reduced Rates.
