THE MARKETS.

Cheese and Butter Continue Strongly Upward.

The Gazette reports that the market maintains its firm tone, and naturally with last week's high cost at country points sellers want the advance to-day and will not hear of concession. In fact, nominally it was a 10c to 10 1/2c market for finest western, though buyers are reluctant to concede that range, while eastern makes were 9 5/8c to 9 7/8c. At the wharf on Monday between 6,000 and 7,000 boxes were sold, the ruling price being 9 3/4c but a fraction more was realized in some cases. The public Liverpool cables was unchanged at 46s.

The butter market continues strong in tone and buyers have met sellers if they want to secure supplies. Private cables are noted from Glasgow offering 94s for a round lot of finest creamery, but the shipper could not work it as the limit was too low for this market. Finest creamery in round lots for export is quoted at 20c to 20 1/2c, and western dairy 14 1/2c to 16c. In a jobbing way finest creamery fetches 21c, seconds 20 to 20 1/2c.

Live Hogs Still at a Fair Figure.

At Montreal the supply of fat hogs is reported fair, for which the demand was ample, and prices ruled steady at \$4.25 to \$4.60 per 100 lbs. weighed off cars.

The session of Parliament about to close will be known in history as the \$60,000,000.00 session.

The Montreal Star has caught on to the situation here and sizes up the Tignish contest correctly.

Despite the horn fly, the milk supply at our factories continues to be very large. Cheese is well up in the market.

Mackerel are being taken in regular catches West and North. It looks like old times to see a morning and evening catch at the harbors. They are fat too.

Much excellent hay has been housed in the past week, the weather being ideal for having purposes. The reports are glowing of grand grain and root crops, also, if nothing untoward occurs.

The big, hearty healthy man is a continual irritation to his dyspeptic friend. Constipation is the root of nine-tenths of sickness of men, and of a large proportion of the sickness of women. It can be cured easily, naturally and quickly. Nature is continually working as hard as she can to throw off impurities, and to force out poisonous refuse matter. When there is an impediment, Dr. Pierce's Pleasant Pellets set the wheels working again without any trouble. They assist nature in a gentle, healthful, efficient way. There is nothing violent about their action and yet it is just as certain as if it were twice as violent. "You do not become a slave to their use." They are different and better than any other pill for the cure of constipation, headache and kindred derangements. Almost all druggists understand this, and are conscientious enough to tell you so. The druggist who tries to sell you a substitute is not a safe man from whom to buy medicine.

Send 31 one-cent stamps to cover cost of mailing only, and receive free a copy of Dr. Pierce's Medical Adviser. Address World's Dispensary Medical Association, Buffalo, N. Y.

C M B A.—There was a C M B A picnic at Tignish on Tuesday, at which Rev. Father Burke, S Blanchard and others made addresses.
