Our products are manufactured from materials obtained from Island farms.

We sell our butter and evaporated milk all over the Province and the Maritimes.

It is our desire to see our farmers prosperous and residents of our towns and cities happily and continually employed.

We believe in the greatest good for the greatest number, that's the reason we endorse the present campaign to increase winter employment.

Any measures taken to reduce the number of seasonally unemployed people has our sympathy and support.

CENTRAL CREAMERIES Limited
SUMMERSIDE · CHARLOTTETOWN · SQUAMISH

We commend the effort to alleviate seasonal unemployment.

There are many jobs which can be done as effectively now, in the Winter season, as during the Spring and Summer months. Tradesmen are plentiful and the work carried out at this season is less subject to delay.

It is perhaps the best time of year to remodel, redecorate and renovate.

Can You Provide A JOB?

Have That Work Done Now When Men Are Available.

Why wait for Spring? In Winter with construction reduced, carpenters, plumbers, painters, electricians, plasterers and all those involved in building and finishing houses, apartments and business establishments, usually have fewer jobs on hand. In the Summer, when demands are heavy for these skilled workers, you may have to wait for your work to be done. You can help yourself and the community at the same time, if you don't wait for Spring, but DO IT NOW!

Dear Folks:

Do you know why I am always so bright and cheerful? It's because you keep me busy 24 hours a day every day of the year, rain or shine. How happy I am to be busy!

Lately I have been hearing quite a bit about "Seasonal Unemployment". Those are pretty long words but they mean that friends of yours and mine are having a rather tough time waiting for work to start up. Now I'll just bet that some of that work could be done right now, especially if it is inside your house or office, and you wouldn't be waiting around in the real busy season ahead.

There are a lot of jobs that are left until late in the spring. What usually happens? You can't find anyone to do them. Why not get some of those jobs done right now? From what I can gather there is going to be a big demand for construction workers and tradesmen.

Give the National Employment Service Offices a call. They have men available NOW!

Thanks folks.

Yours Obediently,

Reddy Kilowatt
